

# Leda 122.639 Release Notes

No subsystem	
IDEA-92651 (Bug)	Renaming a macro should update keymap
IDEA-67797 (Bug)	False error 'Duplicate class'
IDEA-93225 (Bug)	Encoded string for some entries in open action popup
IDEA-57350 (Bug)	False error 'Cannot reference this...'
IDEA-43171 (Bug)	Map help button and F1 of the Test Results tab of the Run tool window
IDEA-92396 (Bug)	Changing temporary configurations limit hang up IDE
IDEA-57348 (Bug)	Error 'generic array creation' is not highlighted
IDEA-57509 (Bug)	False error 'Method cannot be applied'
IDEA-57264 (Bug)	StackOverflow is thrown
IDEA-67678 (Bug)	Error 'cannot find symbol' is not detected (access to private method through type parameter)
IDEA-67675 (Bug)	False error 'Incompatible types'
IDEA-67672 (Bug)	Error 'name clash: addAll(Collection<? extends E#1>) in Collection and addAll(Collection<? extends E#2>) in List have the same erasure, yet neither overrides the other' is not detected
IDEA-57533 (Bug)	Error '<T>bar(pck.C<T>) in pck.C<T> cannot be applied to (pck.C<capture#995 of ?>)' is not highlighted
IDEA-57496 (Bug)	StackOverflow is thrown
IDEA-57492 (Bug)	False error 'Inferred type in not within bound'
IDEA-67667 (Bug)	False error 'method is already defined'
IDEA-57485 (Bug)	False error 'Inferred type is not within bound'
IDEA-85875 (Bug)	Edit   Macros   Start Macro Recording should be disabled when no project is opened or make it work properly
IDEA-57284 (Bug)	Error '<T>foo() in pck.A<capture#303 of ? super java.lang.Exception> cannot be applied to <java.lang.String[]>()' is not highlighted
IDEA-57311 (Bug)	Error '<S>baz(pck.A<pck.A<? extends S>>) in pck.A<T> cannot be applied to (pck.A<pck.A<? extends capture#859 of ?>>)' is not highlighted
IDEA-57495 (Bug)	Error '<T>baz(java.util.List<? super java.util.List<? super T>>) in pck.A cannot be applied to (pck.C<capture#368 of ?>)' is not highlighted
IDEA-57494 (Bug)	False error 'Incompatible types'
IDEA-57493 (Bug)	False warning 'Unchecked assignment'
IDEA-57557 (Bug)	False error 'Class must be declared abstract'
IDEA-67681 (Bug)	Error 'inconvertible types' is not detected
IDEA-57307 (Bug)	False warning 'Unchecked assignment'
IDEA-57486 (Bug)	False error 'Method cannot be applied'
IDEA-57309 (Bug)	False error 'Method cannot be applied'
IDEA-57308 (Bug)	Error 'incompatible types' is not highlighted
IDEA-57668 (Bug)	Error 'unexpected type found : int required: reference' is not highlighted
IDEA-57667 (Bug)	Error 'cannot find symbol constructor <java.lang.String>A(int)' is not highlighted
IDEA-57286 (Bug)	Error '<S>foo() in pck.A<capture#857 of ?> cannot be applied to <pck.A<?>>()' is not highlighted
IDEA-57443 (Bug)	Error 'illegal qualifier; java.lang.Object is not an inner class' is not highlighted
IDEA-57291 (Bug)	Bad QuickFix text 'Make S extend null'

IDEA-57563 (Bug)	Error 'name clash: <T>foo() in pck.D and foo() in pck.C have the same erasure, yet neither overrides the other' is not highlighted
IDEA-57560 (Bug)	Error 'illegal start of type' is not highlighted
IDEA-67599 (Bug)	False error 'Cannot resolve symbol 'length''
IDEA-67598 (Bug)	Error 'anonymous class implements interface; cannot have type arguments' is not detected
<b>Android</b>	
IDEA-93384 (Task)	Implement integration with 'monitor' tool
IDEA-92790 (Bug)	Android application is not started/deployed when there is no active device
IDEA-93153 (Bug)	Android UI Designer Crash on rounded rectangle background
IDEA-92746 (Bug)	BuildConfig class duplicate when using maven-android-plugin 3.3.2
IDEA-93219 (Bug)	Android: emulator list is "empty"
IDEA-93296 (Bug)	Typo in iml: includeAssetsFromLibraiaes
<b>Code Analysis. Inspection</b>	
IDEA-80020 (Feature)	Unnecessary 'this' qualifier inspection should have an option to exclude field assignment
IDEA-80861 (Bug)	The auto-fix for the Inspection "confusing 'else' branch" deletes entire branches.
IDEA-93427 (Bug)	Wrong simplification for combination    and ?: (priority not considered)
IDEA-69404 (Bug)	"method can be made static" breaks code
IDEA-92928 (Bug)	name shadowing not detected
IDEA-93275 (Bug)	'@NotNull/@Nullable problems': false positive when overriding method with @NotNull annotated parameter
<b>Console</b>	
IDEA-92969 (Exception)	Console (Scala-specific?): with Tab character typing causes Throwable at CaretModelImpl.moveToOffset()
<b>Database</b>	
IDEA-93434 (Bug)	Can't execute last query with Database Console: ORA-00911: invalid character
<b>Debugger</b>	
IDEA-93441 (Bug)	Incorrect splitter component is used in debugger popup + black broder should be removed
<b>Editor. Editing Text</b>	
IDEA-75133 (Feature)	Provide an action to reset font zoom to default
IDEA-92320 (Feature)	Merge "Move Caret to Code Block End" and "... Start"
IDEA-80858 (Bug)	Assigning Start/Stop Record to Keymap key records key that start/stops macro recording
IDEA-92048 (Bug)	Pop-up on hidden opening brace shows wrong line
IDEA-93106 (Bug)	Display corrupted because of a long line
<b>Grails</b>	
IDEA-93540 (Bug)	g:render cannot resolve absolute template paths when used from web-app directory
<b>Groovy</b>	

IDEA-93150 (Feature)	Don't indent call chain if there is a closure argument
IDEA-93238 (Feature)	Option to add spaces within GString injection braces
IDEA-93149 (Feature)	Improve formatting for closures
IDEA-93455 (Task)	this/super references are reference expressions
IDEA-93257 (Bug)	Groovy: good code is red when annotation attribute is named "def"
IDEA-93411 (Bug)	Groovy wrongly move method comments
IDEA-93297 (Bug)	Unresolved symbols/references are styled wrong
<b>IDE Configuration</b>	
IDEA-93543 (Exception)	NullPointerException occur while trying to add a new external tool.
<b>J2EE.WebSphere</b>	
IDEA-92758 (Feature)	Support WebSphere 8.5 Liberty Profile
IDEA-93447 (Feature)	Remote run configuration for WebSphere 8.5 Liberty profile
IDEA-93449 (Bug)	Debug of WebSphere 8.5 Liberty profile
<b>Java. Code Completion</b>	
IDEA-92045 (Usability Problem)	Completion: 'addAll()' is unexpectedly preferred to 'add()' for collections
IDEA-93314 (Task)	Add API to have possibility for plugins to add specific cases on hiding autopopup in meaningless cases.
IDEA-93459 (Bug)	Bugged class after generating constructor in enum
<b>Java. Error Highlighting</b>	
IDEA-67680 (Bug)	False error 'Type arguments given on a raw type'
IDEA-93254 (Bug)	Good code is red: 'extends A.B'
IDEA-93208 (Bug)	Illegally positioned annotation shows no compilation errors in editor
<b>Java. Intention Actions</b>	
IDEA-92131 (Bug)	Simplify boolean expression intention does nothing or breaks code
<b>Java. Refactoring</b>	
IDEA-93366 (Usability Problem)	Duplicate mnemonic in Inline Method dialogue
IDEA-93213 (Usability Problem)	Select correct parameter after "introduce parameter"
IDEA-93346 (Bug)	Error in type inference with constructor references for nonstatic classes passed to generic methods
<b>Maven</b>	
IDEA-91145 (Feature)	Enhance org.jetbrains.idea.maven.server.MavenEmbedderWrapper#execute to be able to specify the project list and explicit profile exclusions

IDEA-93328 (Bug)	Idea IntelliJ reset the maven coordinates to defaults after pressing next and then previous in maven module config page wizard.
IDEA-93317 (Bug)	Annoation processor missplace generated sources in Maven project
<b>Run</b>	Debug configuration
IDEA-93462 (Exception)	Run Configurations: negative value for Temporary Configuration Limit causes AIOOBE at RunManagerImpl.checkRecentsLimit()
<b>Spring</b>	
IDEA-93435 (Bug)	Spring MVC: resolve @PathVariable for nested @RequestMapping
IDEA-92710 (Bug)	Spring plugin uses a class from the JavaEE plugin but doesn't depend on the JavaEE plugin
IDEA-93529 (Bug)	Spring MVC: multiple comma-seperated values in mvc:resources@location attribute is not resolved when space symbol is used after comma
IDEA-93030 (Bug)	IntelliJ report an error instead of using default property values
IDEA-93517 (Bug)	Spring webflow: for same-named flow files located in different folders the 'Flow is not registered' error is shown always
IDEA-91485 (Exception)	SOE on attempt to build Spring Dependencies graph for spring batch config
<b>Task Management</b>	
IDEA-93209 (Exception)	Task management: Mantis: loading Mantis failed with LE at MantisConnectBindingStub.mc_project_get_issue_headers()
<b>User Interface</b>	
IDEA-93307 (Feature)	Enhance "Stack Trace Auto Detect" to detect stack traces that need to be nroamalized
IDEA-93532 (Usability Problem)	Duplicate shortcut in Inspections dialog
IDEA-93336 (Bug)	Weird menu placement in Ubuntu Gnome Remix
IDEA-92718 (Bug)	Darcula on Mac: The title of inactive toolwindow is unreadable
IDEA-93298 (Bug)	EAP Build 122.592 - Right click in project files on Mac OSX 10.8
<b>Version Control. Git</b>	
IDEA-64569 (Usability Problem)	RSA key passphrase should be rememered during the session, even if I don't check "Remember the passphrase"
IDEA-85059 (Cosmetics)	Provide proper capitalization in the field labels
IDEA-84768 (Cosmetics)	Provide proper capitalization in Commit dialog/Git section
IDEA-89505 (Cosmetics)	Git branches: for the multi-repository case display current branch of each repository more evidently.
IDEA-92864 (Bug)	Git: circumflex symbols are ignored on Windows in git reset dialog and checkout revision
<b>Version Control. Mercurial</b>	
IDEA-66804 (Feature)	hg: add "show all affected paths" to the file history actions.
IDEA-75283 (Bug)	Mercurial: login dialog appearing for one project while the different one is loading causes hang up
IDEA-93193 (Bug)	Mercurial: Repository View: Moved file is shown as deleted, added and moved

<b>Version Control. Perforce</b>	
<a href="#">IDEA-93239</a> (Usability Problem)	Perforce: login dialog is shown on attempt to Update/Commit when server is not available
<a href="#">IDEA-48290</a> (Bug)	Perforce: overlays: Revert local changes doesn't work for overlaid file
<a href="#">IDEA-93173</a> (Bug)	Perforce: correct error dialog that appears on empty password providing
<a href="#">IDEA-93169</a> (Bug)	Perforce: when not logged in all unversioned files have 'modified without checkout' status
<a href="#">IDEA-92444</a> (Bug)	Delete does not work properly with Perforce
<a href="#">IDEA-93178</a> (Bug)	Perforce: don't prompt to add files created in not-on-client folders to vcs
<b>Version Control. Subversion</b>	
<a href="#">IDEA-60323</a> (Feature)	Support editing subversion commit messages
