IDEA-27013	flex: good code red: metadata tag with empty argument list
IDEADEV-42131	dynamic properties for groovy scripts broken in 9.0
IDEA-27006	flex: introduce variable generates red code for method call expression returning vector (from library swc)
IDEA-27005	flex: introduce variable fails for method call expression returning vector (from source in same module)
IDEADEV-41243	IDEA keeps adding groovy library to module with groovy classes.
IDEADEV-42125	Import popup keeps appearing, making it impossible to open other popups
IDEADEV-40659	When calling a method expecting groovy.lang.Script from script, 'this' argument is erroneously highlighted as incompatible type
IDEA-26986	Target device compatibility is broken if custom SDK add-on is installed
IDEADEV-42120	Groovy integration: sometimes IDEA overrides .class files (created by Groovy compiler) during the "make" phase before Run/Debug
IDEADEV-42087	PIEAE at com.intellij.extapi.psi.PsiElementBase.getContainingFile
IDEADEV-42074	CCE at com.intellij.lang.javascript.search.JSClassSearch.getUseScope
IDEADEV-42086	CCE at com.intellij.lang.javascript.generation.JSNamedElementNode.getParentNodeDelegate
IDEADEV-42108	JS extract method should generate void method for a property assigment expression
IDEA-25696	Moving a single line moves two lines and to the wrong place
IDEADEV-41934	Groovy: statically imported class without package prefix is not resolved if all static members of the class are imported
IDEADEV-42042	IDEA-9 - method separators in Groovy classes don't render properly
IDEADEV-42107	Compiler: cannot neither stop compilation nor exit IDEA when compilation has started and waiting for refresh to finish
IDEA-26982	DataSource UML Diagram
IDEADEV-42117	Focus does not come to menu
