

Leda 122.264 Release Notes

No subsystem	
IDEA-49451 (Feature)	Add native (taskbar/dock) progress indicators for modern OSes
IDEA-84082 (Feature)	Ability to get a hex value for a particular pixel on the image viewer
IDEA-90676 (Feature)	In Run Configuration allow test classpath
IDEA-90827 (Feature)	Intention to expand one line lambda to code block
IDEA-90505 (Feature)	Provide syntax highlighting in the history dialog of the 'Browse Console History' action
IDEA-90321 (Feature)	Commit in background when building tree model
IDEA-90337 (Usability Problem)	When I do Find Usages, give some feedback, that search started
IDEA-89940 (Usability Problem)	What should happen if non of the languages is selected in the "Code Duplicates Analysis Settings" dialog?
IDEA-90579 (Usability Problem)	Tabs: Alphabetical sorting must be OFF by default
IDEA-90145 (Usability Problem)	Ask to save changes when an unsaved file is externally deleted
IDEA-72152 (Bug)	Internationalization support for Velocity Files
IDEA-90578 (Bug)	Inserted incorrect type parameters when migrating a lambda into an anonymous inner class or when "expanding lambda"
IDEA-89509 (Bug)	PhpStorm doesn't save file types
IDEA-90199 (Bug)	Dialog title is absent
IDEA-90693 (Bug)	Filtering on Escape key in the keymap settings dialog
IDEA-90207 (Bug)	'Find Action' doesn't find keymap settings
IDEA-86505 (Bug)	File Structure: renaming from the popup is broken
IDEA-90447 (Bug)	install plugin from disk: incorrect warning about existent dependency
IDEA-90679 (Bug)	visibility issue when renaming method parameters
IDEA-76059 (Bug)	Exceptions thrown when viewing maven dependencies
IDEA-90380 (Bug)	Inspection resolving: cannot apply fix from Inspection Tool Window in javascript code.
IDEA-90503 (Bug)	Autocompletion is available in SQL comments
IDEA-89213 (Bug)	ProjectImpl - Error saving project Arg 1 for LineColumnLazyMarker.createDelegate must not be null
IDEA-71221 (Exception)	Diff: Throwable at com.intellij.codeInsight.lookup.impl.LookupImpl.calculatePosition
Android	
IDEA-89859 (Feature)	Android extract string resource. Make values to be checked by default.
IDEA-90595 (Usability Problem)	Android Designer: remove collapse for style attributes

IDEA-89679 (Bug)	Android Preview incorrectly resolves resources from library project
IDEA-89176 (Bug)	Android: compilation of a new projects fails with "Package R does not exists" error until adding a resource or rebuilding
IDEA-90561 (Bug)	Android: Inline Style Refactoring: on attempt to inline a style that has inheritor(s), show Problems Detected dialog with a more user friendly message
IDEA-90182 (Bug)	Android Designer: wrong padding attributes
IDEA-88328 (Bug)	custom xmlns support is broken
IDEA-90652 (Bug)	Android: when the caret is on a value resource xml tag, on pressing Main Menu Refactor 'Select Refactoring' dialog appears instead of Refactor menu
Ant	
IDEA-90787 (Bug)	External build, Ant Integration: Execute on / After Compilation, Before Compilation make no effect
AspectJ	
IDEA-90707 (Bug)	Android + AspectJ compilation issue
Code Analysis. Inspection	
IDEA-87316 (Feature)	Add exclusions configuration option to Inspection "Static import"
IDEA-21980 (Feature)	Inspection: test method without @Test annotation
IDEA-84803 (Feature)	Port JUnit inspections to TestNG
IDEA-90683 (Usability Problem)	Add JUnit ExpectedException to defaults for "JUnit test method without any assertions"
IDEA-90631 (Bug)	Unclear Binary Expression and Unnecessary Parentheses inspections conflict
IDEA-90475 (Bug)	"Map replaceable with EnumMap" inspection suggests replacement when TreeMap constructor takes a Comparator
IDEA-90200 (Bug)	Magic Constant Inspection should not read the annotations root when user removes it manually
IDEA-90686 (Bug)	Raw use of parameterized class shall be ignored in annotations.
Compiling Project	
IDEA-77450 (Bug)	Build artifacts: unusable, cannot select multiple artifacts to build (all or nothing)
IDEA-90250 (Bug)	idea 122.29/122.86 cannot compile multiple projects in the same time
Console	
IDEA-90767 (Bug)	Mouse release in console triggers link navigation even if mouse drag was used for text selection
Database	
IDEA-90612 (Bug)	Unrecognized PL-SQL construct - open cur for 'select * from dual'
IDEA-84940 (Bug)	Datasources shows confusing "Loading..." indicators
File System	
IDEA-90045 (Bug)	OutOfMemoryErrors when I have a large log file in the project directory

Find, Replace, Find Usages	
IDEA-90506 (Feature)	Allow switching between the "Find in Path" and "Replace in Path" dialogs
GWT	
IDEA-90815 (Bug)	Idea should invoke GWT compiler if only sources under 'tests' source root was changed
Groovy	
IDEA-90298 (Bug)	DSL descriptor doesn't work if file name is not a Java identifier
IDEA-90803 (Bug)	Cannot run gant script from IDEA if groovy and ant are added as plain libraries to the project
J2EE.Tomcat	
IDEA-90417 (Bug)	intellij thinks the deployment has failed, but the app is still deploying
Java. Code Completion	
IDEA-90349 (Bug)	Auto-completion should always prefer exact match
IDEA-90809 (Bug)	JDK 1.8: Smart Code Completion after "return" in a lambda suggests variants according to the enclosing method's return type
IDEA-90729 (Bug)	JDK 1.8: Code Completion for 'return' inside a lambda inserts unnecessary semicolon
Java. Intention Actions	
IDEA-90820 (Usability Problem)	Convert anonymous to lambda intention makes bulky lambdas
IDEA-90821 (Bug)	"Expand lambda to {...}" intention has no effect?
IDEA-90718 (Bug)	JDK 1.8: "Replace lambda with anonymous class" intention changes parameters names to the names declared in interface
IDEA-90711 (Bug)	JDK 1.8: all Lambda intentions are merged to one called 'default'
Java. Refactoring	
IDEA-90448 (Feature)	It would be nice to add auto class cast variable if i'm using instanceof operator nearby
IDEA-82088 (Usability Problem)	Field rename suggestions on renaming class are too obtrusive
IDEA-90740 (Bug)	Inline refactoring fails to run when it clearly could
JavaScript	
IDEA-81773 (Feature)	Add JQuery selector inspection
IDEA-90492 (Cosmetics)	Display acceptable parameters as you type
IDEA-90353 (Bug)	Good JS code is red: "Private member is not accessible"
IDEA-81524 (Bug)	NPE in MyJSNamedItem.getProject()

IDEA-90393 (Bug)	ExtJS Class Structure View does not include methods inherited from ExtJS superclasses
JavaScript. Debugger	
IDEA-76789 (Feature)	Expose console object to JavaScript when being debugged by IntelliJ in Google Chrome
Maven	
IDEA-89947 (Bug)	Sometimes Language level changes messages box appears on Maven project reimport
Packaging and Installation	
IDEA-80904 (Feature)	Provide an installer that does not require administrator privileges
IDEA-52909 (Cosmetics)	Don't offer "Create Quick Launch shortcut" option when running installer under Win 7
Play! framework	
IDEA-88203 (Feature)	Play! support: it would be nice to have possibility to set the play console working directory
IDEA-83536 (Bug)	Play! Framework: No dialog to change the location of the Play! framework
SQL	
IDEA-89873 (Usability Problem)	SQL: Auto-complete column names (for expanded tables)
IDEA-82485 (Bug)	Completion doesn't work inside incorrect SQL queries
IDEA-90696 (Bug)	Good MySQL code is red: Handling of delimiter
Spring	
IDEA-87542 (Feature)	Provide quick navigation from Junit test case to relevant Spring config
IDEA-90556 (Bug)	Create missing mapping for required attribute creates duplicate property-setters in spring.xml file
IDEA-85084 (Bug)	Spring security: on namespace declaration by schema autocompletion the 2.0.4 version is used
IDEA-77379 (Bug)	Spring EL support: Safe Navigation operator should be supported
IDEA-87835 (Bug)	Spring: in Edit EL Fragments editor (edit injected fragments) all variables appear unresolved
IDEA-90513 (Bug)	Spring EL: on class rename from the constructor in SPEL expression the class name is changed but the expression is not updated
IDEA-90517 (Bug)	Spring EL: class methods are not completed in SPEL expressions that use constructors
IDEA-90518 (Bug)	Spring EL: no errors are shown for not-existing class referencing from constructor in SPEL expressions
IDEA-81251 (Bug)	spring el: good code yellow: missing resolving for field after T(..) operator
IDEA-90529 (Exception)	INRE through SpringSchemaProvider.computeSchemas() for a Spring web flow config
Task Management	
IDEA-87409 (Bug)	Issue tracker settings - {number} placeholder doesn't work properly

User Interface	
IDEA-89506 (Cosmetics)	"Invalidate Caches" confirmation popup: fix button order
IDEA-78443 (Cosmetics)	Project Structure: visual defect appears after expanding and collapsing error notification
IDEA-90758 (Bug)	Tree scrolls to the left when selection moves to a node that doesn't fit the viewport
IDEA-85877 (Bug)	Recent Files: if some files are already opened in the detached editors, these files selecting in popup should navigate to open editor instead of new editor opening
IDEA-90723 (Bug)	TreeClassChooser no longer filters classes in list
IDEA-90510 (Bug)	Plugin Manager: after reopening 'Browse Repositories' window on Mac OS, clicking 'Download and Install' opens another 'Browse Repositories' window
Version Control	
IDEA-70513 (Bug)	"Revert" does not work for module
IDEA-90201 (Bug)	Commit message code completion (Ctrl+Space) - works incorrectly if applied after '-'
Version Control. Git	
IDEA-81134 (Feature)	'Untracked Files Preventing Checkout' doesn't have provide ability to delete files
IDEA-90577 (Bug)	Git -> 'Show History' shows only several top commits
IDEA-90551 (Bug)	Press "Cancel" in the "Rejected Push" dialog, and never get the dialog again
IDEA-89347 (Bug)	Git: part of the file history is not shown because of cyclic renames of the file.
Version Control. Perforce	
IDEA-50341 (Cosmetics)	Do not prompt using P4Win for Linux OS
