

Latest builds

This page contains the latest available build for a given version. Depending on the release stage, it might be an EAP/Beta/RC build for the upcoming major version, a Preview/RC minor update for the existing major version, or a stable release build.

THIS IS AN EARLY ACCESS VERSION OF THE PRODUCT . YOU EXPRESSLY ACKNOWLEDGE THAT THIS VERSION OF THE PRODUCT MAY NOT BE RELIABLE , MAY NOT WORK AS INTENDED AND MAY CONTAIN ERRORS . ANY USE OF THE EAP PRODUCT IS AT YOUR OWN RISK .

The following major versions get updated with the latest builds:

- [IntelliJ IDEA 2018.2 latest builds](#)
- [IntelliJ IDEA 2018.3 latest builds](#)
- [IntelliJ IDEA 2019.1 latest builds](#)
- [IntelliJ IDEA 2019.2 latest builds](#)
- [IntelliJ IDEA 2019.3 latest builds](#)

We kindly ask you to report errors and feature requests [to our issue tracker](#) or discuss them in the [EAP users forum](#). We highly appreciate your feedback!

- Visit the [Early Access Program](#) page for the EAP builds of the upcoming release
- Visit the [download page](#) for the latest stable build

You can also install and update IntelliJ IDEA with the [Toolbox App](#) and [Snaps](#).
