

IntelliJ IDEA 2016.3 163.7342.3 Release Notes

No subsystem	Bug	IDEA-163038	The "PHP Code Sniffer" and "PHP Mess Detector" fail due \$PROJECT_DIR\$ not res
	Bug	IDEA-161933	Command Line launcher always opens new window
	Bug	IDEA-163155	SelectIn ProjectsView doesn't navigate to element if tool window has been prev
	Bug	IDEA-162844	A simple copy of Default color scheme is flooded with inheritance defining attribu
	Usability	IDEA-105927	java packages named "rcs" are ignored per IDE setting
Code Analysis. Inspection	Bug	IDEA-163355	Inspection profile cannot be copied
Debugger	Bug	IDEA-155007	IDEA does not kill the debug process immediately
Diff_Merge	Bug	IDEA-162409	OpenInBrowser controls use focused editor as context, not the editor they belong
	Bug	IDEA-130854	Copy revision number in git diff window
Editor. Editing Text	Bug	IDEA-115424	Editor scrolls immediately after switching to its tab after project opening
Find, Replace, Find Usages	Bug	IDEA-99773	Find usages CTRL-ALT-F7 does not have scope Project & Libraries anymore
Google App Engine	Bug	IDEA-162974	Suggest to disable 'Google App Engine' plugin when user wants to install 'Google plugin
Grails	Bug	IDEA-163162	UnsupportedOperationException at org.jetbrains.plugins.groovy.mvc.MvcFramework.removeModuleOutput(MvcFrame
Hibernate	Bug	IDEA-162475	Hibernate: database credentials in Hibernate Console are lost after reopening a p another build
IDE Configuration	Bug	IDEA-162774	"Use inherited attributes" option reverts back to default value on Apply
Java.Inspections	Bug	IDEA-162816	"Method will throw an exception when parameter is null" false positive on Map
	Bug	IDEA-163082	"can be replaced with addAll" inspection suggests a recursive call
	Usability	IDEA-163051	"Replace inefficient Stream API call chains ending with count()": fix leaves redund
	Cosmetics	IDEA-163050	"Replace inefficient Stream API call chains ending with count()": highlighting
JavaEE.App Servers.Generic	Bug	IDEA-162719	Don't add application server library to the module dependencies twice when creat module
Project Configuration	Bug	IDEA-160564	multiple .ipr files on same project cannot open multiple frames
	Bug	IDEA-160064	Adding a module that exists as a top level project in another window, won't add a
	Bug	IDEA-135096	unable to include source folders under an excluded directory
Project View	Bug	IDEA-163371	IntelliJ project view stops working: "null keys not supported:
	Bug	IDEA-162888	NPE in ProjectViewImpl.changeViewCB
Run Debug configuration	Bug	IDEA-151115	Compound Run/Debug Type does not trigger Single Instance Only indication
	Cosmetics	IDEA-162800	Run indicator missing from run and debug popups
Spring	Bug	IDEA-162335	Spring MVC: @PathVariable support "name" alternatively to "value"
	Bug	IDEA-163073	"Go to Cacheable Operation With The Same Name" doesn't apply @CacheConfig
	Bug	IDEA-162930	Spring Boot: invalid metadata classname yields exception
	Bug	IDEA-162917	Spring: resources completion in import#resource attribute doesn't work
	Bug	IDEA-158098	Spring Security Testing: @WithUserDetails annotation: provide completion and v. userDetailsServiceBeanName attribute value

	Bug	IDEA-162712	Spring: <jms:jca-listener-container> bean doesn't appear in Spring Beans tool w diagram
	Bug	IDEA-162474	Spring MVC 4.3: support @ModelAttribute#name alias
	Bug	IDEA-158943	Syntax highlight not working
	Bug	IDEA-157658	Spring Security: SpEL in annotations: support @P annotation
Structural Search and Replace	Bug	IDEA-162805	Structural Search - private methods problem while extending the behavior
Terminal	Bug	IDEA-147227	Use my default shell preference on Mac
	Bug	IDEA-157148	Local terminal settings are saved globally, not per-project
	Usability	IDEA-125383	Choose terminal starting directory
User Interface	Bug	IDEA-133087	Maximize action is available for floating tool window, but does nothing
Version Control	Bug	IDEA-162678	Version Control Local Changes (Git) does not grab focus when opened
No subsystem	Feature	WEB-23522	Import flow types from *.flow files first
	Feature	WEB-22699	JSX/Flow: XML tag has empty body -> change to bodyless
	Bug	WEB-23907	Multiple levels of inheritance gives "type Derived is not assignable to parameter E
	Bug	WEB-23658	Missing module dependency: don't show when resolved in the project
CoffeeScript	Exception	WEB-22662	Coffescript: NPE on opening litcoffee file
Debugger	Bug	WEB-23769	Chrome 54.0.2840.59 m: errors are not logged to debugger console
JavaScript	Bug	WEB-23933	Invalid "Missing import statement" for ES6 class
	Bug	WEB-19761	ES6: Create getter/setter intentions are not available for class fields in construct
	Bug	WEB-23644	Support shortcut JSDoc annotations for @property @const @type @name, etc.
	Bug	WEB-23863	Code Style: "Use semicolon to terminate statements" respect in all auto completi
	Usability	WEB-23873	Setting JavaScript language version to "ECMAScript 6" shows description text out area
JavaScript. Formatter	Bug	WEB-23872	JavaScript Indentation Problem with "var" over multiple lines
JavaScript. Frameworks	Feature	WEB-23831	Creating React Native projects
	Feature	WEB-21046	Support foo.android.js / foo.ios.js of React Native in IDE
	Bug	WEB-20249	React should not be marked as unused if any JSX code is used
JavaScript. Inspections	Bug	WEB-23883	Intentions: Convert to Class: Hierarchy: "Select targets" dialog doesn't show mul arguments correctly
	Bug	WEB-23885	Intentions: Convert to Class: Hierarchy: correctly show conflict when both define defineProperties are set for same property
	Bug	WEB-23881	Intentions: Convert to Class: Hierarchy: wrong formatting for the converted prop
	Bug	WEB-23880	Intentions: Convert to Class: Hierarchy: show conflict when several inheritances defined for the same elements
	Bug	WEB-23897	Intentions: Convert to Class: Hierarchy: export keyword is lost
JavaScript. Refactoring	Bug	WEB-23918	Convert to class: do not show refactoring preview if there are no other members, constructor function
	Bug	WEB-23928	Convert require to import: the fix produced incorrect result if the name of the mc '-' symbols
	Bug	WEB-23889	Convert var to let/const inside export statement eats export keyword
TypeScript	Bug	WEB-23838	Incorrect code formatting

Unit Tests	Bug	WEB-23662	Protractor: support navigable links in the console
