

IDEA 10.5 build 106.273 Release Notes

No subsystem	
IDEA-64679 (Feature)	Add github open in browser action to the file tree context menu
IDEA-64808 (Feature)	Support for binary integral literals and underscores in numeric literals (java 7)
IDEA-66055 (Feature)	Completion in resource list
IDEA-66054 (Feature)	Completion in multi-catch
IDEA-37427 (Feature)	Run / debug console could have standard and custom (search) filters like log tabs
IDEA-66243 (Feature)	Support moving caret in lookups as in JB
IDEA-66060 (Feature)	Precise rethrow in Java 7
IDEA-65112 (Usability Problem)	Logics of suggestion list sorting are wrong
IDEA-43214 (Usability Problem)	Create class intention could create generic class, if it is used with type parameter
IDEA-62868 (Usability Problem)	Show notification after sharing a project on GitHub completes successfully
IDEA-39431 (Usability Problem)	Import data source dialog: pressing space on config node could switch check box on / off
IDEA-66257 (Usability Problem)	Artifacts: new modules are not sorted in combobox of "Create Jar from Modules" dialog
IDEA-65657 (Usability Problem)	Don't show "Insert underscores into literal" for literals with 3 or less digits
IDEA-66524 (Usability Problem)	Facets: XML descriptor chooser: Module button is disabled
IDEA-65546 (Usability Problem)	Cannot set BITvalues in the database console grid
IDEA-65236 (Usability Problem)	Run configuration dialog: on pressing Add button in the right panel do not suggest to select the configuration type again
IDEA-64982 (Performance Problem)	large memory usage after closing all projects
IDEA-63452 (Cosmetics)	The dialog name "Choose Dependent Modules" needs to be changed
IDEA-65380 (Cosmetics)	Notification message is way too long.
IDEA-66030 (Bug)	Hang on project open
IDEA-66039 (Bug)	JDK 7: "Redundant suppression" inspection keep on highlighting class annotation after adding som that generated unchecked warning
IDEA-66088 (Bug)	in console output: some source code files are not clickable
IDEA-66913 (Bug)	Introduce parameter scrolls to the beginning of file with no reason
IDEA-65931 (Bug)	Switcher: obsolete items in recent files section in case of splitted editor, Throwable at <code>EditorWindow.getSelectedFile()</code>
IDEA-66066 (Bug)	JDK 7: "Redundant suppression" inspection highlights enum annotation even if enum constructor g "Possible heap pollution" warning
IDEA-65588 (Bug)	"Double-click to go to line" message incorrect
IDEA-65679 (Bug)	IDEA 10.0.2 doesnt seem to recognise the package-info.java file.
IDEA-59871 (Bug)	Goto file: when there are matches shown, filter window is displayed below it

IDEA-50627 (Bug)	Don't suggest uninitialized instance members in constructor when smart-completing
IDEA-66217 (Bug)	Host name in HTTP Proxy settings should be trimmed
IDEA-65849 (Bug)	Replace All in selection scrolls to the beginning of file
IDEA-65480 (Bug)	Erratic highlighting in Freemarker editor
IDEA-66940 (Bug)	Introduce constant inserts the preview in the wrong position
IDEA-44546 (Bug)	Import database schema: chooser button for a data source tries to open tool window, which is use the dialog
IDEA-26568 (Bug)	"Compact Empty Middle Packages" not working properly for module/project libraries
IDEA-63358 (Bug)	Problem with variable renaming
IDEA-64933 (Bug)	Drag-and-drop text don't work
IDEA-64935 (Bug)	paste location wrong when using "view as" 'scope' for ctrl+c ctrl+v on a file.
IDEA-66321 (Bug)	Introduce Constant dialog ignores keyboard when opened from quick fix menu
IDEA-66549 (Bug)	Inspections "IO JDBC resource opened but not safely closed" must support recent close pattern
IDEA-57403 (Bug)	Completion cannot suggest members of an intersection type
IDEA-63249 (Bug)	Cannot compile java source Missing message: configure.incompatibleComplianceForTarget in: org.aspectj.ajdt.ajc.messages
IDEA-33137 (Bug)	Code Coverage bar overwrites line numbers in gutter
IDEA-53707 (Bug)	Toolwindow tabs - > react on mouse down
IDEA-64926 (Bug)	IDEA is optimizing a used import
IDEA-64725 (Bug)	Race Condition when editing field annotations results in incorrect line wrapping
IDEA-66872 (Bug)	UI Deadlock during autocomplete inside a package edit box
IDEA-65394 (Bug)	Out of memory and workspace.xml size 32 Mb
IDEA-63978 (Bug)	Switcher should have the same behavior with detached editor tabs as it has with splitters.
IDEA-66157 (Bug)	Navigation bar collapses when the action on it is invoked too quickly
IDEA-64573 (Bug)	Groovy Enums are showing as invalid
IDEA-65866 (Bug)	Preserve "Selection only" in replace options
IDEA-65476 (Bug)	Extract method refactoring produces wrong code
IDEA-66309 (Bug)	IntelliJ 10's autocomplete popup isn't too intelligent
IDEA-65026 (Bug)	Repeating dialog "You have entered malformed replacement string"
IDEA-57487 (Bug)	Smart completion in cast operator inserts ill-formed type
IDEA-65182 (Bug)	keyword "return" invokes the autocomplete tooltip & interrupts the input
IDEA-65184 (Bug)	Windows fold/unfold bug
IDEA-64809 (Bug)	Wrong display of generic
IDEA-64219 (Bug)	JPA-QL Console use DataSource connection information instead of relying on information in persist
IDEA-63578 (Bug)	fsnotifier doesn't support symlinks on Linux
IDEA-64430 (Bug)	improved groovy extract method
IDEA-64534 (Bug)	test coverage wants recompile
IDEA-64812 (Bug)	Quick javadoc displays exceptions twice
IDEA-66024 (Bug)	Find action remembers previous search
IDEA-66193 (Bug)	Create class is not proposed if an unresolved name is followed by a field access

IDEA-64447 (Bug)	"show in Explorer" action broken in IntelliJ IDEA 10.0 with JDK7
IDEA-65503 (Bug)	groovy joint compiler can't handle Groovy script files with only numeric names
IDEA-66335 (Bug)	ClearCase setting UCM/no UCM should be stored in IDEA settings dir
IDEA-65927 (Bug)	Switcher: on closing all editor windows in switcher arrow keys do not move the selection
IDEA-65614 (Bug)	"}" symbol is inserted automatically, but is not substituted on manual typing in javadoc comments
IDEA-58556 (Bug)	Make smart completion cast insertion aware of autoboxing
IDEA-66142 (Bug)	JDK 7: Diamond: Inline Refactoring should replace diamond type with actual type arguments if it w possible to infer these arguments after inline
IDEA-64559 (Bug)	A shortcut with Insert on Mac
IDEA-50042 (Bug)	New Java/Groovy source keeps modified state after save
IDEA-66221 (Bug)	Code inspections do not run prior to a remote running a build in TeamCity
IDEA-66564 (Bug)	Unexpected source element for annotation member value: PsiBinaryExpression:0.0d / 0.0
IDEA-66202 (Bug)	Groovy Extract Method Broken: Nested Closures drop 'it' reference
IDEA-65490 (Bug)	New inline search is very annoying.
IDEA-66208 (Bug)	More options UI
IDEA-61949 (Bug)	Drag and drop in Packages view
IDEA-65641 (Bug)	Regression: Ctrl+F must position on first occurrence after caret
IDEA-66474 (Bug)	Strange NavBar behavior for undocked NavBar
IDEA-64683 (Bug)	Create method adds generic parameters that are not needed, and doesn't ask about it
IDEA-66850 (Exception)	FNFE at com.intellij.psi.stubs.StubTree.readOrBuild
IDEA-66912 (Exception)	JDK 7: NullPointerException at extractMethod.InputVariables.wrapInputVariables() on manual char catch parameter to multi-catch
IDEA-65565 (Exception)	NPE at ChangeSignatureGestureDetector.childReplaced() on typing inside JSP method declaration
IDEA-65392 (Exception)	NPE: Error during dispatching of java.awt.event.MouseEvent
IDEA-66124 (Exception)	NPE at ClassElement.addInternal() on creating generic interface instance with unbound wildcard ty argument
IDEA-65136 (Exception)	UML: Close UMLDiff diagram on project closing
IDEA-62358 (Exception)	Throwable 98.510
IDEA-66476 (Exception)	AE at com.intellij.openapi.fileTypes.impl.NativeFileIconProvider\$1.fun
Android	
IDEA-60587 (Feature)	Add Application class type to new Android Component dialog
IDEA-62652 (Feature)	Enable/Disable logcat doesn't work.
IDEA-66942 (Bug)	Possible double compilation on android for library projects
IDEA-65262 (Bug)	R class is generated incorrectly sometimes when using library project
IDEA-58829 (Bug)	Android SDK doesn't exclude standard JDK classes that aren't available for Android
IDEA-51833 (Bug)	ADB operations should be done in non-ui thread with timeout and/or restart
IDEA-64276 (Bug)	Android logcat drops the connection to the emulator, after a couple of hours
Code Analysis. Dependencies	

IDEA-36452 (Usability Problem)	Add 'analyze backward dependencies' action to the module dependencies toolwindow
IDEA-36402 (Cosmetics)	Analyze module dependencies should have keyboard shortcut for module settings
Code Analysis. Inspection	
IDEA-35002 (Feature)	Inspection "Integer multiplication or shift implicitly cast to long" shall have an option to ignore con: expression
IDEA-64677 (Feature)	Let one associate intellij-@NotNull/@Nullable semantics to arbitrary annotations.
IDEA-65109 (Feature)	Public method is not exposed via an interface should have option to only work if the class implements interface
IDEA-65277 (Feature)	Create an Inspection from the Intention "Remove Redundant 'else'".
IDEA-25379 (Feature)	for/while loop replaceable with 'foreach' does not support conversion of iterations with ListIterator
IDEA-24796 (Feature)	while loop replaceable with 'for each' inspection - Quickfix should use existing iteration variable where possible and avoid creating redundant local variable.
IDEA-66572 (Feature)	""try finally' replaceable with 'try' with resources" inspection
IDEA-65653 (Feature)	Inspection: if/else can be converted to switch
IDEA-64082 (Feature)	Add option "skip private methods" to Return of Null inspections
IDEA-64249 (Feature)	Add option to ignore super methods to "Unnecessary JavaDoc link" inspection
IDEA-65545 (Feature)	Side Effects checker could probably check for simple setters/getters
IDEA-64638 (Feature)	PhpStorm inspection results HTML export: why no line number info?
IDEA-64820 (Cosmetics)	Overriding profile in "Export" - wrong slash direction
IDEA-64492 (Cosmetics)	Inspections severities: weak_warning is written with underscore
IDEA-65100 (Cosmetics)	Settings / Inspection: inconsistency between "j2sdk5.0" group and its content
IDEA-66080 (Bug)	for(Iterator...) loop cannot be transformed into for-each loop
IDEA-66075 (Bug)	convert for(Iterator...) to for-each loop doesn't work
IDEA-64946 (Bug)	Rename reference quickfix should honor declaration scope
IDEA-52197 (Bug)	'for' loop replaceable with 'for each' inspection error
IDEA-64696 (Bug)	"Constant conditions & exceptions false positive
IDEA-63666 (Bug)	Bean inspection fails to recognize @Qualifier used in conjunction with @Autowired
IDEA-64871 (Bug)	Inspection result viewer screws up sorting
IDEA-63483 (Bug)	"Form input without an associated label" inspection should allow for ignoring inputs of type "button
IDEA-65788 (Bug)	false positive for disjunction type in "Overly broad 'catch' block" inspection
IDEA-65290 (Bug)	Add configuration option to inspection "Serializable class without 'readObject()' and 'writeObject()'" ignore anonymous inner classes.
IDEA-66114 (Bug)	JDK 7: Diamond: wrong "Unchecked assignment" warning appears after invoking "Replace with <> intention
IDEA-66668 (Bug)	JDK 7: Diamonds: wrong "Identifier expected" error and "Unchecked assignment" warning appear
IDEA-64529 (Bug)	Problem with applying in inspections profiles editor
IDEA-66185 (Bug)	Malformed format string inspection: Instruct the inspection that int -> char conversion is correct
IDEA-65857 (Bug)	Wrong 'no enclosing instance of type' error message
IDEA-65287 (Bug)	Add configuration option to inspection "Serializable class without 'serialVersionUID' to ignore anonymous inner classes.

Code Coverage	
IDEA-65421 (Feature)	Code coverage: web applications: improve resolving generated jsp names
IDEA-64799 (Feature)	Code coverage: improve presentation of joint sampling and tracing statistics
IDEA-64988 (Feature)	Code coverage: web applications: showing colors and statistics is not supported in .jsp files
IDEA-64919 (Usability Problem)	Code coverage: with "Show coverage per test" editor popup shows "Hits: 0" for all lines
IDEA-64912 (Usability Problem)	Code coverage: on changing the selection of suites in coverage data dialog release "Show coverage test" button automatically
IDEA-64921 (Usability Problem)	Code coverage data dialog: quick tree search works only for 2 top nodes
IDEA-65104 (Usability Problem)	Code coverage: IDEA tracing runner: statistics for default branch of switch could be improved
IDEA-65105 (Cosmetics)	Code coverage: "Show coverage per test" mode: editor popup appearance can be improved
IDEA-65102 (Cosmetics)	Code coverage: IDEA tracing: wording in statistics for switch could be improved
IDEA-65420 (Bug)	Code coverage: combobox in "Choose Coverage Suite to Display" dialog does strange things
IDEA-64992 (Bug)	on disabling coverage recording in the run configuration, also the mode sampling vs. tracing is resampling
IDEA-64913 (Bug)	Code coverage: "Show coverage per test": with Before and After methods colors are shown in edit all test methods
IDEA-64795 (Bug)	Code coverage: EMMA and IDEA runners enabled for the same class give 0% methods in the Project
IDEA-65064 (Bug)	Slash too much for coverage report generation
IDEA-64797 (Bug)	Code coverage: IDEA tracing: condition line status is not refreshed after hiding a suite
IDEA-64805 (Bug)	Code coverage: with "Show coverage per test" adding and hiding other suites cause inconsistent status labels in the Project tree
IDEA-65853 (Bug)	Attempt to run test with IDEA coverage fails
IDEA-63720 (Bug)	Coverage coloring does not update until the editor is reloaded
IDEA-65045 (Bug)	The Coverage settings are not run configuration specific
IDEA-65106 (Bug)	"Choose Coverage Suite to Display" dialog: typing N works like Alt+N
IDEA-65416 (Exception)	Throwable at CoverageSuitesBundle.<init>() on showing desktop application (main() method) stat together with web application statistics
IDEA-66082 (Exception)	Throwable at FileManagerImpl.getCachedPsiFile() on closing the project with split editors
IDEA-64801 (Exception)	Throwable at TrackCoverageAction\$MyTreeSelectionListener.valueChanged() on closing Run window "Show coverage per test" button pressed
Code Formatting and Code Style	
IDEA-59536 (Feature)	New variation of "chop down if long" for annotations
IDEA-65433 (Feature)	Code style feature: simple classes and interfaces in one line
IDEA-64975 (Feature)	Possibility of keeping multiple expressions on one line
IDEA-63820 (Feature)	Allow "throws" to be placed on the new line without indent
IDEA-57891 (Usability Problem)	Reformat file: run under modal progress
IDEA-66053 (Performance Problem)	Formatter: Optimize performance of applying formatting changes

IDEA-65777 (Bug)	No alignment when pressing Enter in multiline implements list
IDEA-25139 (Bug)	Incorrect cursor placement after Control Shift Enter
IDEA-65987 (Bug)	Java Formatter: Correct anonymous classes instances as method arguments processing
IDEA-58293 (Bug)	Java Formatter: Respect 'space after semicolon' setting for 'for' loop with empty 'after loop' operat
IDEA-64989 (Bug)	Regression: Smart Indent doesn't indent properly after hitting Enter on an indented line
Code Navigation	
IDEA-63313 (Usability Problem)	CamelHump immediately after digit is not taken into account
IDEA-22870 (Bug)	Certain navigation actions not recorded, meaning that "go back" (ctrl-alt-left) doesn't take you bac you were
IDEA-57142 (Bug)	Autoscroll from source does not work
IDEA-64850 (Bug)	Go to Declaration, when Quick search is open, takes you to quick search field
IDEA-63748 (Bug)	back/forward not functioning as expected
Database	
IDEA-54638 (Feature)	Filter/Group tables types in DataSources tree view
IDEA-19460 (Feature)	IDEA should be able to import a DataSource from Tomcat's context.xml
IDEA-66505 (Bug)	AE at DbElementImpl.checkValid(), Import Database Schema dialog cannot be closed, IDEA proces be killed
IDEA-66381 (Bug)	No way to edit booleans in data source table editor
IDEA-66503 (Exception)	NPE at AbstractTreeBuilder.getReady() on closing Import Database Schema dialog
IDEA-66525 (Exception)	Import Data Source: ISE at dbcConsoleContextProvider\$JdbcRunContext.tuneParams() on testing connection with absent driver class name
Debugger	
IDEA-56249 (Usability Problem)	"Copy value" missing in debugger inline watch
IDEA-62204 (Bug)	Add right-click 'Remove All' option in Watches window
IDEA-62216 (Bug)	Debugger: Enable Delete button in watches after finishing debugging process.
IDEA-64654 (Bug)	A shortcut with Insert on Mac
IDEA-36592 (Bug)	Breakpoint drag and drop does not work between two splits (no matter the same or different files)
Documentation	
IDEA-64608 (Task)	Provide tip of the day for specifying line number in goto file
IDEA-64780 (Task)	Revise the topics related to tests
IDEA-66934 (Task)	Update documentation about JavaScript Debug run configuration to mention that Google Chrome is supported
IDEA-64314 (Task)	Remove the word Flex in references to SWF and SWC files
IDEA-65479 (Bug)	Update "Unit Testing Support" topic
IDEA-62773 (Bug)	Update reference page for JUnit test run/debug configuration
Editor. Code Completion	

IDEA-40461 (Feature)	Allow [to finish complete the way (does
IDEA-65234 (Feature)	Smart Completion: suggest most-probable method for delegation
IDEA-13030 (Feature)	Wish to repress inherited members
IDEA-62904 (Feature)	ctrl-alt-space completion for static method: choosing "import statically" should complete action, no
IDEA-46653 (Usability Problem)	Completion in parameter list should not insert a trailing comma if the following parameter is vararg
IDEA-60529 (Usability Problem)	Code Completion: sort order
IDEA-65810 (Usability Problem)	Class completion: suggest most probable class in the specific context.
IDEA-59688 (Usability Problem)	New code completion pop-ups interfering with Parameter Info pop-up
IDEA-37228 (Cosmetics)	Live Template abbreviation is shown cutted if new name is longer then old one
IDEA-65252 (Bug)	Static nested classes are first proposal on values
IDEA-64765 (Bug)	No completion for NoSuchElementException in javadoc @throws
IDEA-65639 (Bug)	code completion offers funny option
IDEA-62188 (Bug)	Java: Basic completion doesn't suggest "default" keyword in switch construction
IDEA-64612 (Bug)	Autocasting from completion is not inserted after "assert X instanceof T"
IDEA-65286 (Bug)	JAVA: autocomplete triggers within double-value
IDEA-65928 (Bug)	static method completion: no secondary menu presented
IDEA-55859 (Bug)	Invalid autocomplete suggestion on double Ctrl+Shift+Space
IDEA-64130 (Bug)	Zen coding XML multiple attributes
IDEA-65811 (Bug)	"final" variant is not suggested but it should be
IDEA-66736 (Bug)	Taglibs in library jars not supporting Completion
IDEA-50092 (Bug)	Code completion added unnecessary type arguments
Editor. Editing Text	
IDEA-65422 (Feature)	Editor: Add support for 'Scroll to Top' and 'Scroll to Bottom' actions
IDEA-64964 (Feature)	Javadoc: Provide ability to configure IntelliJ IDEA to automatically insert closing tags during typing javadoc
IDEA-66149 (Feature)	Delegate to local final variables
IDEA-65207 (Usability Problem)	Multiline selection doesn't pop in the search field in the replace/search dialogs
IDEA-61590 (Usability Problem)	bigger font size for javadoc (ctrl+q)
IDEA-25757 (Usability Problem)	Default keyboard shortcuts for Switcher and Go to Next/Previous Splitter actions conflict [In the sp Ctrl+(Shift+)Tab doesn't switch between splitters when both contain the same file opened]
IDEA-64710 (Usability Problem)	Tab switching loses scrolling position when virtual space is within the view area
IDEA-65654 (Usability Problem)	Documentation window: Do not show 'font size' control when I click the text
IDEA-65819 (Usability Problem)	Pasting a "string" over "another string" applies unnecessary quoting
IDEA-62908 (Usability Problem)	Cursor up/down movement jumpy for non-monospaced fonts

IDEA-64896 (Bug)	Enter Handler doesn't generate JavaDoc in specific case
IDEA-65838 (Bug)	Closing tags in javadoc comments are not generated after @return
IDEA-24984 (Bug)	Typing {{ <RETURN> }} results causes symbols swap and syntax error
IDEA-65108 (Bug)	Inserting line break in text file can cause incorrect formatting and cursor placement on new line if original line starts with an asterisk
IDEA-65206 (Bug)	Soft wraps: Correct 'replace text' processing
IDEA-65747 (Bug)	Javadoc: Don't use attribute value on javadoc tag autocompletion
IDEA-65126 (Bug)	Move method and folding bug
IDEA-65686 (Bug)	Rectangular selection contracts width incorrectly
IDEA-65601 (Bug)	Scroll after zoom bug
IDEA-64848 (Bug)	Soft wraps: NullPointerException at EditorImpl.paintBackgrounds()
IDEA-65342 (Bug)	Join Lines eats first parameter
IDEA-65434 (Bug)	Ctrl+Shift+Enter bug in conditional blocks
IDEA-66955 (Bug)	Type tooltip shows HTML entities
IDEA-65031 (Bug)	Javadoc: Avoid unnecessary indent when enter is pressed after empty tag
IDEA-64648 (Exception)	Soft wraps:Throwable at CaretModelImpl.moveToOffset() and visual defects on resizing editor after been changed via Ctrl+Scroll
IDEA-64702 (Exception)	SIOOBE at com.intellij.openapi.editor.impl.softwrap.mapping.SoftWrapApplianceManager.processCollapsedFol
Editor. Error Highlighting	
IDEA-56238 (Cosmetics)	Dotted line effect does not always paint dotted line
IDEA-66132 (Bug)	JDK 7: Diamond: good code is red: dimond operator used in initialization of a raw generic type var
IDEA-66266 (Bug)	Make not final quickfix should not be available for multicatch
IDEA-64864 (Bug)	Cannot disable bold style for Groovy keywords
IDEA-65435 (Bug)	Grails/GSP: Editor markes attribute "defaultCodec" red
IDEA-55412 (Bug)	Good code is red: overloaded method with varargs shows error in ide, although compiles successfu
IDEA-49420 (Bug)	XSLT 2.0 spec allows parameter shadowing, IDEA highlights this as error
Editor. Intention Actions	
IDEA-65933 (Feature)	Intention to replace multiple 'throws' declarations on a method with the common supertype
IDEA-64769 (Feature)	Intention to convert (all) package.html into package-info.java
IDEA-65954 (Feature)	"Replace Automatic Resource Management with 'try finally'" intention
IDEA-22119 (Feature)	Javadoc: Inspection/intention to replace <code>...</code> with {@code ...}
IDEA-65821 (Feature)	new "Split Multicatch into Separate Catch Blocks" intention
IDEA-65920 (Feature)	JDK 1.7: Intention "Make final and annotate as @SafeVarargs" for methods with varargs paramete non-reifiable type could be added
IDEA-64458 (Bug)	"Add explicit type arguments" may produce invalid code
IDEA-65807 (Bug)	"Replace catch section with throws declaration" intention fails on multicatch
IDEA-65583 (Bug)	Auto-completion + import in java is buggy

IDEA-66859 (Bug)	JDK 7: Intention "Replace with 'try' with resources" drops comments from try and finally blocks
IDEA-64321 (Bug)	Editor scrolls to the beginning of file on "Make <method> return <type>"
IDEA-65704 (Bug)	"Replace for-each loop with indexed for loop" breaks code
IDEA-66787 (Bug)	JDK 7: "Convert to atomic" intention should not be available for resources declarations in try-with-statement
IDEA-64156 (Bug)	"Create file" intention called from within HTML creates file in dependency module if it contains a pa same named with a current one
IDEA-65996 (Bug)	Generic type formatted incorrectly in Create field/variable
IDEA-66770 (Bug)	JDK 7: Intention "Replace with 'try' with resources" drops catch blocks
IDEA-66771 (Bug)	JDK 7: Intention "Replace 'catch' section with 'throws' declaration" applied to catch clause after try-with-resources statement drops resources declaration
Find, Replace, Find Usages	
IDEA-66192 (Feature)	Find/Replace in current file should switch to one another preserving the search query
IDEA-65748 (Usability Problem)	Provide code completion in "Replace" field
IDEA-65752 (Usability Problem)	Provide the possibility to toggle between search and replace
IDEA-65561 (Usability Problem)	Remove delay when entering a search string into the search field
IDEA-66416 (Usability Problem)	Find\Replace: Deleted find pattern would be restored after deleting replace pattern
IDEA-65562 (Cosmetics)	Incorrect checkbox background and overlapped border in new replace bar
IDEA-66048 (Cosmetics)	Inconsistent capitalization of button titles in replace toolbar
IDEA-65969 (Cosmetics)	Ctrl+Alt+F7: replace "the usage was filtered out" by "1 usage was filtered out"
IDEA-66601 (Bug)	Changing 'Case sensitive' option setting in Find/Replace panel does not update search results
IDEA-66480 (Bug)	Replace ignores selection if the replace pane is already open
IDEA-66219 (Bug)	Ctrl-F moves selection from current match immediately
IDEA-66865 (Bug)	Ctrl-F search no longer searches the whole document.
IDEA-66863 (Bug)	Search And Replace Too Greedy
IDEA-66005 (Bug)	Editing of string to find leads to jumping of caret to the end of text field
IDEA-65667 (Bug)	Find selects text inside folded block incorrectly
IDEA-66399 (Bug)	gutter highlighters for search results
IDEA-66011 (Bug)	Fast replace works bad
IDEA-66010 (Bug)	Disable "Whole words only" if string to find is not a word
IDEA-66187 (Bug)	show tooltip when end of file is reached
IDEA-66731 (Bug)	Incorrect "not found" tooltip when search is finished ("<" is removed)
IDEA-66810 (Bug)	Text editing sometimes scrolls the editor during search
Flex Support	
IDEA-64823 (Feature)	flex: provide "Split into separate declarations" for compound declarations
IDEA-60064 (Feature)	Generate Event Handler intention

IDEA-26689 (Feature)	flex: provide Refactor->Move for internal types ("to upper level")
IDEA-66320 (Feature)	introduce variable: support function
IDEA-65946 (Feature)	flex: provide "Swap Method Call Arguments" utility intention
IDEA-65242 (Feature)	flex: Introduce Variable should suggest variable name from setter function name
IDEA-64972 (Feature)	ActionScript: "generate getter/setter" intention
IDEA-66658 (Feature)	Flex: Move Refactoring dialog: on the fly package name validation could be provided
IDEA-61142 (Feature)	Provide quick fix to create class specified in [Event] metadata
IDEA-63448 (Feature)	bad code green: Error: itemCreationPolicy and itemDestructionPolicy attributes must accompany either includeIn or excludeFrom attribute.
IDEA-64969 (Feature)	mxml: navigation to class and completion if attribute type is Class
IDEA-59618 (Feature)	flex: "move class": provide package chooser similar to Java
IDEA-65599 (Feature)	Provide quick fix to create class from usage in MXML attribute or tag (like itemRenderer etc.)
IDEA-63308 (Feature)	Actionscript: Code formatting should support all four ways to handle space around the type referer colon
IDEA-66264 (Usability Problem)	Can't Add The AIR SDK?
IDEA-47310 (Usability Problem)	var watch pop-up is very long
IDEA-64732 (Cosmetics)	generated event handler name: omit prefix for root (this) object (according to Flex SDK coding cor
IDEA-59927 (Cosmetics)	flex: unclear import popup hint if multiple matches
IDEA-47571 (Task)	refactor: rename file - change "Compiler Configuration file"
IDEA-51695 (Task)	Flex 4: support MXML tags defined by 'name' attribute in <fx:Definition/>
IDEA-63834 (Bug)	Quick Documentation Lookup broken if using //noinspection
IDEA-58660 (Bug)	flex: complete statement: if statement not completed
IDEA-54594 (Bug)	Change paths to embeded asset files when "Move class" refactor is applied
IDEA-56354 (Bug)	Live template variable with expression "classNameCompleteWithVoidDefault()" works wrong
IDEA-57856 (Bug)	flex: import popup should not suggest test classes in production code
IDEA-65414 (Bug)	Don't suggest to import class from test sources in product sources code
IDEA-64731 (Bug)	jump to source: variable in script block
IDEA-58875 (Bug)	flex: introduce variable: type of "typeof" operator not computed
IDEA-66860 (Bug)	Flex 4 MXML: Support 'twoWay' attribute of Binding tag
IDEA-64500 (Bug)	flex: "Mismatched query and update of collection" false positive
IDEA-65744 (Bug)	Rename static method from Strcture view: reference is updated incorrectly
IDEA-64833 (Bug)	JSMismatchedCollectionQueryUpdateInspection: honor setter
IDEA-66615 (Bug)	Flex: Move Refactoring: Move everything from specified directory to another directory doesn't upd package statements
IDEA-65448 (Bug)	flex: bad code green: with() expression should resolve to something
IDEA-66313 (Bug)	Change signature quickfix should not be suggested for library elements
IDEA-65237 (Bug)	good code red: internal property of mxml component — Attribute is not allowed here
IDEA-60127 (Bug)	Create constant from comparison operand doesn't guess Numeric type
IDEA-66267 (Bug)	Attribute 'fontFamily' of 'Embed' metadata tag is unknown by IDEA

IDEA-61613 (Bug)	MXML: support class references for properties of IFactory type (like itemRenderer) declared as tag
IDEA-26585 (Bug)	mxml: missing support for <mx:XML> tag
IDEA-50090 (Bug)	Don't generate constructor for swc-imported interface
IDEA-26688 (Bug)	flex: missing completion for "expects" parameter on [Test] metadata annotation
IDEA-58261 (Bug)	Refactoring - {} and [] do not form expressions for refactoring
IDEA-65398 (Bug)	flex css: resolve type selector as qualified class name (flex 4 namespace)
IDEA-65050 (Bug)	'use' statement between metadata and class declaration is not handled correctly
IDEA-66624 (Bug)	Flex: Move Refactoring: if a class being moved has references to custom class only in instantiation expressions, import statement won't be added after move
IDEA-61425 (Bug)	Override methods handler is not accessible in MXML context
IDEA-67004 (Bug)	Flex: Move Refactoring: if a class being moved is imported using '*', import statement won't be added after move
IDEA-58881 (Bug)	flex: introduce variable: type of "delete" operator not computed
IDEA-65593 (Bug)	good code red: internal property of mxml component — Attribute is not allowed here
IDEA-66277 (Bug)	flex: cannot compile properly for FP11 beta
IDEA-66816 (Bug)	Definition two same-named methods in namespace doesn't mark as duplicate
IDEA-21608 (Bug)	Flex debugger: in case of error show full stack trace, open correct source file if possible
IDEA-66672 (Bug)	Perforce read-only with Flex/Flash Compiling
IDEA-64758 (Exception)	flex: NPE in JSPropertyImpl\$PropertyNameReference.getRangeInElement() (with example)
GWT Support	
IDEA-57841 (Feature)	GWT Support should include support for uiBinder ui:with
IDEA-58601 (Feature)	GWT Feature Request: New Event + EventHandler Feature
IDEA-65302 (Bug)	GWT i18n support does not handle property files in resources folder
IDEA-66144 (Bug)	gwt-dev.jar is loaded in runtime classpath
Groovy/Grails	
IDEA-50008 (Feature)	GSP: provide formatting (code style) settings
IDEA-65511 (Feature)	New Feature Request: Allow for grails view to edit files in 'scripts'
IDEA-66695 (Feature)	Highlight hyperlinks for GSP stacktrace elements
IDEA-64771 (Feature)	Grails domain classes should have intention "make nullable"
IDEA-64283 (Feature)	Need completion for values of some fields in *GrailsPlugin classes
IDEA-65165 (Feature)	Support static imports in GSP pages
IDEA-64560 (Feature)	Grails: IDEA should support groovy expressions without '{' '}' in GSP attribute values.
IDEA-64862 (Feature)	Completion should be available in value of field 'transients' in domain classes.
IDEA-66007 (Feature)	Groovy: Duplicated named arguments should be highlighted as error because it is compilation error
IDEA-66717 (Feature)	No controller/action completion when using custom plugins
IDEA-66718 (Feature)	Domain class property name completion in the addTo*(Map) call argument list
IDEA-66625 (Feature)	Inject javascript into on* attributes of GSP tags
IDEA-66621 (Feature)	Create action from usage
IDEA-66628 (Feature)	I18n intention should be able to invoke on a text with Groovy injections in it

IDEA-64819 (Feature)	improve 'Extract method' refactoring for Groovy: support multiple output parameters
IDEA-66189 (Feature)	Groovy: Method separators for closures
IDEA-64901 (Feature)	Collapsing of multiline //-style comment feature request for Groovy
IDEA-65618 (Feature)	I'm using IntelliJ 10.0.1 and Ctrl + Shift + T works for java classes, but not Groovy classes.
IDEA-66571 (Usability Problem)	Grails plugins dialog: by-installedness sorting is too straightforward
IDEA-64580 (Usability Problem)	Move Groovy accessibility warnings to a separate inspection
IDEA-64294 (Performance Problem)	Editing very slow when editing large groovy files
IDEA-53127 (Cosmetics)	Grails-generated files should be coherent with IDEA code style
IDEA-63189 (Cosmetics)	Groovy: standartize "Incompatible Type Assignments Inspection" name
IDEA-66422 (Cosmetics)	Groovy: Introduce Field Refactoring dialog title is missing
IDEA-65163 (Bug)	Groovy: Incorrect resolving of imported classes.
IDEA-65452 (Bug)	Syntax error highlighted for style in g:formatDate (grails)
IDEA-64287 (Bug)	Groovy property access colored like field access
IDEA-51538 (Bug)	Grails: global plugin artifacts are resolved only in one project module
IDEA-66500 (Bug)	Pair brace insertion doesn't work in Groovy fragments in GSP
IDEA-66507 (Bug)	A generated GSP can't be parsed
IDEA-63326 (Bug)	Relax repeating labels for Spock or allow to suppress the warning
IDEA-60750 (Bug)	Groovy: Change Signature Refactoring doesn't allow to add optional parameter without default value
IDEA-66498 (Bug)	'Go to type declaration' on an injected service/bean name should go to its class
IDEA-66491 (Bug)	Groovy: Introduce Parameter/Field Refactoring dialogs: keyboard shortcuts don't work for combobox
IDEA-64581 (Bug)	Groovy: Change Signature Refactoring shouldn't use parameter's initializer as default value
IDEA-62870 (Bug)	.with{} is not always detected
IDEA-63490 (Bug)	TODO statement in javadocs is only recognized when //-commented TODO is present
IDEA-65051 (Bug)	Groovy: Imports: Classes from current package should have priority than classes imported using 'import'
IDEA-49907 (Bug)	Groovy: Refactor / Move a script with both a class and some top-level statements does not update statement
IDEA-66623 (Bug)	The caret after introducing constant should remain on the usage, not on the constant declaration
IDEA-66573 (Bug)	Invalid closing tag name suggestion
IDEA-62837 (Bug)	Incorrect caret column after Enter in 'case'
IDEA-49449 (Bug)	Groovy: "Result of assignment expression used" inspection false warning for top-level expression in script
IDEA-64814 (Bug)	Move-refactoring import statements bug
IDEA-64816 (Bug)	Groovy: "Find Usages" doesn't find usages of class members accesses as Groovy properties
IDEA-64880 (Bug)	collectEntries{} inspection
IDEA-61706 (Bug)	Grails: support tag g:resource
IDEA-64226 (Bug)	Groovy: IDEA doesn't recognize size() for varargs array
IDEA-64227 (Bug)	Groovy: IDEA doesn't recognize toUpperCase() method for inferred char
IDEA-66387 (Bug)	Inject Grails services and other Spring beans as properties into org.springframework.web.context.WebApplicationContext

IDEA-64706 (Bug)	Parsing closure argument
IDEA-66562 (Bug)	Generating views before controller hinders navigation
IDEA-65720 (Bug)	Grails checkin silently fails on code inspection stage
IDEA-64522 (Bug)	Groovy: Ctrl+Shift+I stopped working when I try to view other class members
IDEA-66471 (Bug)	Groovy: IDEA does't show Javadoc by Ctrl+Q for groovy fields.
IDEA-64609 (Exception)	Something with assertEquals and .class
IDEA-64810 (Exception)	The "Incorrect type "java.util.List<null>"" Idea exception
IDEA-66069 (Exception)	Groovy: AssertionError at GrTypeParameterImpl.getOwner() on incorrect generic method definitior
IDEA-66473 (Exception)	Groovy: Introduce Parameter Refactoring: PsiInvalidElementAccessException at GrBlockImpl.getControlFlow() on introducing parameter of closure type
IDE Configuration	
IDEA-65203 (Bug)	Plugin update manager incorrectly detects installed plugin version
IntelliJ Platform	
WI-1245 (Feature)	Completion for previously used colors in CSS
WI-4622 (Usability Problem)	Double clicking on general syntax errors in the batch inspection tree view doesn't take you to the appropriate line
WI-5014 (Bug)	Tables with case-sensitive names (quoted identifiers) cannot be opened in editor
WI-5216 (Bug)	Wrong SQL Error reporting
J2EE	
IDEA-66790 (Bug)	"Private field is never used" does not appear when @Resource annotation used
J2EE.App Servers.Generic	
IDEA-57036 (Bug)	Run/Debug Config Ignoring my run ant-target
J2EE.EJB3	
IDEA-15216 (Usability Problem)	"Datasource import" progress dialog doesn't explain what it's doing
IDEA-67032 (Bug)	No-Interface EJB view is reported as error by EJB environment inspection
J2EE.Glassfish	
IDEA-65320 (Bug)	Problem attaching to remote glassfish debug instance
J2EE.Hibernate	
IDEA-62133 (Feature)	JPA/Hibernate console: hibernate.transaction.manager_lookup_class
J2EE.Spring	
IDEA-66608 (Feature)	spring: provide code completion for @Scope annotation
IDEA-57445 (Feature)	Spring testing: transactions support: provide some warning if no transaction manager bean is found context for the @Transactional class
IDEA-66765 (Feature)	SpringIntegration support: 'method' attribute of 'selector' element should be supported

IDEA-26674 (Feature)	spring 3.0: resolve "name" attribute of <constructor-arg> element
IDEA-66756 (Feature)	SpringIntegration support: jdbc:message-store element: provide error if neither or both 'jdbc-oper and 'data-source' attributes are set
IDEA-66462 (Feature)	spring: provide completion for <jms:listener>/@method
IDEA-66461 (Feature)	spring: provide completion for <jms:listener>/@ref
IDEA-66464 (Feature)	spring: resolve transaction manager reference from @Transactional annotation
IDEA-66676 (Feature)	SpringIntegration support: validate values of 'failover' attribute of dispatcher element
IDEA-66674 (Feature)	SpringIntegration support: 'dispatcher' attribute of channels is deprecated; provide warning
IDEA-66673 (Feature)	SpringIntergration support: intention that creates bean from 'task-executor' attribute should create task:executor element by default instead of simple bean
IDEA-20068 (Usability Problem)	transaction-manager completion for <tx:annotation-driven> too lenient
IDEA-65158 (Bug)	SpringIntegration support: filter element: check that exactly one of the 'ref' attribute, 'expression' or inner bean (<bean/>) definition is provided
IDEA-65152 (Bug)	SpringIntegration support: pre-defined channels (nullChannel, errorChannel) are not resolved
IDEA-65151 (Bug)	SpringIntegration support: intention for unresolved channel should create channel, not bean
IDEA-65157 (Bug)	SpringIntegration support: support ranges using in pool-size attribute value of executor element
IDEA-65155 (Bug)	SpringIntegration support: support multiple types using in channel's datatype attribute value
IDEA-62723 (Bug)	spring: metadata-driven completion inconsistent with regular bean reference completion
IDEA-66855 (Bug)	spring: good code red: <task:executor id="executor" pool-size="2-40"/>
IDEA-65772 (Bug)	JSR-330 @Named and @Qualifier annotations support
IDEA-66488 (Bug)	Roo console: don't display unprintable symbols (Linux)
IDEA-66764 (Bug)	SpringIntegration support: 'selector' element is not recognized as spring bean
IDEA-66763 (Bug)	SpringIntegration support: for 'bean' sublements of 'interceptors' element there is no validation/int
IDEA-66993 (Bug)	Spring profiles: references to beans defined in profiles are not resolved
IDEA-66041 (Bug)	spring: good code red: "Bean must be of 'java.lang.String' type" (2)
IDEA-60670 (Bug)	False error marker in Spring facade
IDEA-65867 (Bug)	[Spring TestContext] Good code red, when using @ContextConfiguration with a loader
IDEA-65221 (Bug)	SpringIntegration support: ip namespace: tcp-inbound-gateway and tcp-outbound-gateway element not recognized as beans
IDEA-64286 (Bug)	spring aop: good code red
IDEA-65220 (Bug)	SpringIntegration support: ip namespace: tcp-connection-factory element is not recognized as a b
IDEA-63976 (Bug)	Constructor created by intention invocation use wrong types for arguments
IDEA-66463 (Bug)	spring: duplicate error message for attribute validation error
IDEA-66424 (Bug)	Roo console: incorrect behavior after typing command and Enter pressing
IDEA-65041 (Bug)	Placeholders not detected
IDEA-65216 (Bug)	SpringIntegration support: channel-interceptor element: check that class referenced by inner bean exists
IDEA-66678 (Bug)	SpringIntegration support: show error if 'queue' element has both 'message-store' and 'ref' attribu
IDEA-64271 (Bug)	Wrong "Required Bean Type" inspection when using Spring Security 2.x
IDEA-66677 (Bug)	SpringIntegration support: jdbc:message-store element is not recognized as bean
IDEA-66675 (Bug)	SpringIntegration support: 'dispatcher' attribute/subelement should be forbidden for channels with

IDEA-65038 (Bug)	Good ref is marked in red
IDEA-66611 (Exception)	NPE at java.io.File.<init>

J2EE.Tomcat	
IDEA-53066 (Bug)	Update (class reloading) of a running Tomcat application does not work
J2EE.Web	
IDEA-61786 (Usability Problem)	Update web configuration dialog should support arrows in options
J2EE.WebSphere	
IDEA-52008 (Bug)	Cannot Connect to WebSphere 7.0 with enabled security
JavaScript	
IDEA-66492 (Feature)	[javascript] warning on using constructor as function needed
IDEA-61686 (Feature)	JS Extract variable: Name suggestions should include property name
IDEA-64239 (Usability Problem)	javascript: introduce variable: name suggestions from parameter name not provided for multi-resc methods
IDEA-64530 (Bug)	null is red in jquery 1.4.4.js
JavaScript. Debugger	
IDEA-45229 (Bug)	Exception variable not displayed
Maven Integration	
IDEA-56052 (Feature)	Run Maven goal on 'update' action
IDEA-65840 (Usability Problem)	Good code red: Maven plugin execution phase none
IDEA-65651 (Usability Problem)	Line spacing in Maven Artifact Search
IDEA-24886 (Bug)	Maven integration: IDEA does not refresh sourcefolders correctly after the active profiles had changed
OSGi Support	
IDEA-66235 (Feature)	Include version number in the jar filename
IDEA-65693 (Bug)	dmServer support blocks startup/open project on Mac
IDEA-63245 (Bug)	OSGI + Maven: support existing manifest file using

IDEA-63183 (Bug)	OSGI: plugin is not compatible with current idea version
IDEA-64849 (Exception)	SIOOBE at org.osmorc.facet.ui.OsmorcFacetJAREditorTab.reset
PHP debug	
WI-4602 (Usability Problem)	Debugger does not retain window state
WI-5029 (Usability Problem)	New debugger tooltips won't go away
WI-3717 (Usability Problem)	XDebug: Debug 'Copy Value' should copy the whole value not the shortened version.
WI-4603 (Usability Problem)	Debugger does not retain watches
WI-3255 (Usability Problem)	PHP debugger: impossible to add, edit remove watches when the script is finished
WI-2592 (Bug)	Funny bug with moving breakpoints
WI-1691 (Bug)	"Watches" window saves state only when debug session is active
PHP lang	
WI-4758 (Feature)	Inspection: Detect self assignments
WI-2817 (Feature)	Inspection: illegal type of array key
WI-4619 (Feature)	Add inspection for missing docblock.
WI-5468 (Task)	Don't show generate actions in unsupported context
WI-5229 (Bug)	Command line support tool broken for custom tools
WI-4165 (Bug)	If close brace: folding mark is absent sometimes
WI-4854 (Bug)	Strange code in zend_f.php (stubs)
WI-4595 (Bug)	Method hierarchy works incorrectly for constructors
PHP test	
WI-4370 (Bug)	Run/Debug PHPUnit
Packaging and Installation	
IDEA-65683 (Feature)	Provide artifact path (and another user-specified parameters) into
IDEA-65622 (Bug)	Generated ant script does not run pre/post ant tasks
Platform/CSS	
WI-4133 (Bug)	CSS Code Completion produces wrong property
Platform/JavaScript	
WI-4644 (Feature)	Support Chrome for WebKit Javascript debugging
WI-2394 (Bug)	Typing before folded part of code, unfolds everything below folded code in Javascript
WI-4895 (Bug)	[javascript] no Ctrl+Space suggestion for 'instanceof' keyword
WI-5059 (Bug)	Documentation bugs with new lines
WI-5100 (Bug)	Documentation is shown incorrectly for object properties like "@param {Number} cfg.age"

WI-5381 (Bug)	NPE - JSSuspiciousNameCombinationInspection.readSettings
Plugin Support. API	
IDEA-64910 (Feature)	Ability to provide help id for SessionDialog
IDEA-66686 (Bug)	PsiTryStatement.getResourceList() returns resource list of nested try statement
Plugin Support. DevKit	
IDEA-64852 (Bug)	Find usages for extension point renders strange search subject name
Project Configuration	
IDEA-62669 (Bug)	Recent projects list contains duplicate paths
IDEA-64545 (Bug)	Sources attached to an SDK are not re-indexed when changed
IDEA-66495 (Bug)	New Module wizard: technologies: enabling Application Server support hides the combobox for ser selection
IDEA-64726 (Bug)	Eclipse Import: Do not stop searching recursively if .project file is found
IDEA-65717 (Bug)	Inspections > "Share Profile" resets to checked on reopening project
IDEA-24115 (Bug)	Test connection of the JIRA integration blocks Idea for 10 minutes
IDEA-23704 (Bug)	edit deployment descriptor location: goto module should be enabled
IDEA-64684 (Bug)	Patch: 'Attach Source Jar Directories'
Project View	
IDEA-12639 (Feature)	"Copy Reference" (Ctrl-Alt-Shift-C) could work for selected package in Project view
IDEA-65047 (Bug)	while indexing, do not disable "new" menu on project view
Refactoring	
IDEA-65272 (Feature)	Inline Method dialog - show number of invocations to be inlined
IDEA-66437 (Usability Problem)	Refactor / Move a file item closes this file in the Editor
IDEA-65324 (Usability Problem)	When refactoring is executed from 'Conflicts' toolwindow, use original action name and not 'Retry'
IDEA-60743 (Usability Problem)	inline rename: preserve selection
IDEA-66364 (Usability Problem)	Provide a separate node in rename refactoring preview for dynamic usages
IDEA-66099 (Cosmetics)	Extract method: signature preview superfluous space
IDEA-66985 (Cosmetics)	Use product name in safe delete message
IDEA-64987 (Cosmetics)	Don't show "Rename tests" checkbox when renaming a test class
IDEA-52919 (Bug)	Refactoring XSLT 2.0 Template parameters doesn't change usage name inside template
IDEA-65897 (Bug)	Refactoring -> Inline Method applied to methods with varargs of a non-reifiable type results with ir code
IDEA-67021 (Bug)	Move Refactoring: move everything from specified directory to the same directory results in packa deletion
IDEA-66176 (Bug)	JDK 7: Diamond: Introduce Refactorings don't consider declaration types when searching for occur

IDEA-64508 (Bug)	"Inline local variable" is wrong with static import
IDEA-65529 (Bug)	Change Type Signature refactoring produces bad code
IDEA-63134 (Bug)	rename package should accept invalid identifiers
IDEA-65449 (Bug)	Inline Method does not work correctly with static synchronized methods
IDEA-66166 (Bug)	Extract method dialog in JSP scriptlet silently fails to appear
IDEA-66164 (Bug)	Extract Method in JSP scriptlet throws NullPointerException
IDEA-64877 (Bug)	Split into 2 if's refactoring drops one of three booleans in expression
IDEA-65535 (Bug)	'Inline parameter' doesn't care of left-hand-side usages of parameter
IDEA-65397 (Bug)	Override/Implement dialog shows every method twice when used inside an interface
IDEA-66414 (Bug)	Introduce constant bug
IDEA-66849 (Bug)	Introduce Parameter Refactoring: Problems Detected dialog ignores keypress
IDEA-65536 (Bug)	'Inline parameter' doesn't care of super-call in constructor
IDEA-66889 (Bug)	Invert boolean refactoring changes return statements in local classes
IDEA-65790 (Bug)	Refactor Change Signature doesn't remove throws from method signature
IDEA-66814 (Bug)	"introduce.." refactorings do not consume parameter name information from decompiled stubs if n attached
IDEA-66774 (Bug)	Introduce field refactoring issue.
IDEA-66904 (Exception)	JDK 7: NPE at TypeMigrationDialog.doAction() on Type Migration Refactoring when changing catch parameter to multi-catch one
IDEA-66655 (Exception)	Move Refactoring: IllegalArgumentException at RefactoringTransactionImpl\$MyRefactoringElementListener.elementMoved() on moving a package projects
IDEA-66499 (Exception)	Introduce Parameter Refactoring: ArrayIndexOutOfBoundsException at InplaceIntroduceParameterPopup.getParameter() on introducing a parameter that conflicts with a v or existing parameter
IDEA-66781 (Exception)	JDK 7: ClassCastException at typeMigration.Util.canBeMigrated() on Type Migration Refactoring ap type of multi-catch parameter
IDEA-66788 (Exception)	JDK 7: Introduce Parameter/Field/Constant Refactorings should not be available for resources in try-with-resources statement; ClassCastException at LocalToFieldHandler\$IntroduceFieldRunnable.
IDEA-66370 (Exception)	JDK 7: Diamonds: IncorrectOperationException at PsiJavaParserFacadeImpl.createTypeElementFro on Introduce Refactoring applied to initialization expression of raw generic variable
IDEA-65715 (Exception)	Assertion failed when trying to re-run usages search for Java class move refactoring
IDEA-65913 (Exception)	Refactoring -> Change Method Signature: IllegalArgumentException at ChangeSignatureUtil.synchronizeList() on changing over non-varargs and varargs parameters
IDEA-66180 (Exception)	Refactoring -> Introduce Constant: NPE at IntroduceConstantDialog.doOKAction() on introducing a to non-existent class
IDEA-66847 (Exception)	Introduce Parameter Refactoring: Throwable at IntroduceParameterProcessor.performRefactoring() refactoring continuation if name conflict has been detected
Structural Search and Replace	
IDEA-64739 (Bug)	Structural Search and Replace doesn't work properly for ActionScript
Template Languages. FreeMarker	

IDEA-49228 (Cosmetics)	Some letters flicker when typing
IDEA-63482 (Bug)	Automatic freemarker instruction closing tag insertion is too pushy
IDEA-63282 (Bug)	Freemarker template validation
IDEA-66618 (Bug)	Freemarker: inserting extra closing brace when creating an array variable
IDEA-66542 (Bug)	Freemarker: ?size built-in for maps - good code red
IDEA-66273 (Bug)	Freemarker: good code red. Built-ins for strings applied to enums.
UML	
IDEA-56473 (Usability Problem)	Provide better default directory for Export image in UML diagram
IDEA-61724 (Cosmetics)	UML actions: capitalize words, provide descriptions
IDEA-64954 (Bug)	UML: Navigation by Alt-F1 doesn't work for package nodes
IDEA-47721 (Bug)	UML: explicitly added non-static inner classes are not visible on diagram if 'show inner classes' op
IDEA-65656 (Bug)	Diagrams : the "Show Usage" checkbox has no effect on UML class diagrams
IDEA-58338 (Exception)	CCE at org.jetbrains.idea.maven.ext.uml.actions.MavenExcludeDependency.actionPerformed
IDEA-58297 (Exception)	AE at com.intellij.uml.Utils.assertForgetToRemoveEdge
IDEA-58295 (Exception)	NPE at a.j.g.w
Unit Testing. JUnit	
IDEA-65048 (Feature)	Copy action should work on JUnit tree nodes
IDEA-64909 (Usability Problem)	Add JUnit to classpath quick fix is not shown when "junit" package is highlighted, not a class name
IDEA-66648 (Usability Problem)	Show 'Comparison Failure' dialog for JUnit 4 assertion failures
IDEA-64491 (Bug)	JUnit run configuration of Pattern type: "Use classpath and JDK of module" field is enabled and dis; inconsistently
IDEA-66003 (Bug)	IDEA does not find existent JUnit configuration when Run action is executed in file context, but out test class
Unit Testing. TestNG	
IDEA-65634 (Feature)	TestNG: provide ViewAssertEqualsDifference action for assertEquals failures (like in JUnit4)
IDEA-64361 (Bug)	TestNG Test Runs Terminating Early
User Interface	
IDEA-52421 (Feature)	Implement the swipe-gesture on Mac OS X as "Back" and "Forward".
IDEA-23698 (Usability Problem)	Switcher keyboard shortcuts clash with "Goto Next Splitter" and "Goto Previous Splitter"
IDEA-64619 (Usability Problem)	Renaming - Missing mnemonic for OK
IDEA-64556 (Bug)	Persist the "Include non-menu actions" checkbox state between the calls to "Find action"
IDEA-66086 (Bug)	Switcher: on closing one split editor with a file the switcher does not see another opened editor wit same file
IDEA-60435 (Bug)	Language Filter popup in Go To Class dialog is covered up by list of classes
IDEA-17972 (Bug)	JDK6 Clipboard-copy bug ('followup' to IDEA-1738 and IDEADEV-1264)

IDEA-64652 (Bug)	Find Usages dialog has duplicate mnemonic O
IDEA-65613 (Bug)	Wrong EditorTextField initial size in several places in UI
IDEA-36697 (Bug)	Cannot view tab menu for find tabs on Mac OS X
IDEA-66514 (Bug)	Can't close all tabs from Database Console window
Version Control	
IDEA-65111 (Performance Problem)	MembershipMap.putOptimal not optimal
IDEA-65202 (Cosmetics)	No default focused component in 'Create patch' dialog
IDEA-64949 (Cosmetics)	Use standard platform file chooser in 'Create patch' action invoked on patch on the shelf
IDEA-66146 (Bug)	Commit+TODO: Unclear message on commit + misbehaved buttons
IDEA-66882 (Bug)	Version Control: show Annotation for specified revision from History tab
IDEA-66222 (Exception)	USE at com.intellij.ide.todo.CustomChangelistTodosTreeBuilder\$1.getTodoItemsCount
Version Control. CVS	
IDEA-2662 (Bug)	Still problems with utf-8 properties files (upd: BOM marker is always detected as changed in CVS)
IDEA-18230 (Bug)	Incorrect encoding in CVS Diff Dialog
Version Control. ClearCase	
IDEA-65592 (Exception)	Throwable at com.intellij.ide.startup.impl.StartupManagerImpl.registerPostStartupActivity
Version Control. Git	
IDEA-64429 (Usability Problem)	Password field is not focused by default in SSH passphrase dialog on Mac
IDEA-61839 (Bug)	Git Log: Filter by branch: remotes/origin/HEAD -> origin/master doesn't work
IDEA-65585 (Exception)	NPE preventing from rebase
IDEA-66001 (Exception)	Git Log: ISE at com.intellij.openapi.ui.DialogWrapper.ensureEventDispatchThread
Version Control. Perforce	
IDEA-53590 (Bug)	Moving ignored files automatically marks them for add
