

Leda 122.592 Release Notes

No subsystem	
IDEA-93159 (Bug)	Guice-inspections don't understand javax.inject.Inject-annotations
IDEA-92678 (Bug)	OutOfMemoryError: PermGen space after a couple of deployments to CloudFoundry
Android	
IDEA-90594 (Usability Problem)	Android designer: keep Designer mode consistent.
IDEA-92117 (Performance Problem)	In process of Android xml layout editing Idea have filled the entire java memory and freeze
IDEA-93130 (Bug)	Can't access Android designer context menu by Ctrl-clicking on Mac
IDEA-90562 (Exception)	Android: do not throw "IOException: java.io.IOException: Cannot delete file" on attempt to delete a locked resource file
CSS	
IDEA-92617 (Exception)	SASS: IAE: resource org/jetbrains/plugins/sass/sass_functions.scss not found at SassScssStdlibInclusionContext.addSassStdlibStubs() on startup
Code Analysis. Inspection	
IDEA-88148 (Feature)	Create new inspection for String concatenation as argument to log statement.
IDEA-86879 (Bug)	Inspection "Unused declaration" should not apply to the public constructors of Externalizable classes.
IDEA-92840 (Bug)	Grammar mistake in Class.isAnnotationPresent warning
IDEA-92679 (Bug)	Deadlock due to unsafe event dispatch thread use
IDEA-92967 (Bug)	Inspections / Imports / Unused Import: superfluous warning with both static and non-static elements importing
IDEA-71293 (Bug)	Inspections / Imports / Redundant Import: no warning for type import redundant due to static import
IDEA-93043 (Bug)	Bad code is green: 'overriding method is static'
IDEA-92776 (Bug)	Incorrect warnings for non-matching logging levels
IDEA-71186 (Bug)	Inspections / Imports / Redundant import: false positive with static imports of deeply nested elements
IDEA-23333 (Bug)	Log condition 'isEnabledFor(Level.INFO)' doesn't match 'info()' statement
IDEA-92724 (Bug)	JDK 1.8: "Replace lambda with method reference" quick fix inserts FQN before constructor reference
IDEA-93025 (Bug)	JDK 1.8: "Can be replaced with method reference" inspection could report lambdas which return inner classes
IDEA-92759 (Bug)	NPE in RefManagerImpl.export
IDEA-92038 (Bug)	Find Duplicates
IDEA-92859 (Exception)	JDK 1.8: Throwable at LambdaCanBeMethReferenceInspection.createMethodReferenceText() on "Replace lambda with method reference" quick fix
Code Navigation	

IDEA-92366 (Bug)	Ctrl+B on incomplete constructor invocation leads to class name
IDEA-92740 (Bug)	Navigate in Project View doesn't work for cls methods with implicit Object as type parameter bound
Compiling Project	
IDEA-89797 (Feature)	Annotation processors configuration should has two separate fields for generated test sources and generated production sources
IDEA-92674 (Bug)	Test sources no longer compile in 122.519 when they depend on another module's test sources
Database	
IDEA-92339 (Feature)	Database Console: Copy as HTML improvement
IDEA-92487 (Usability Problem)	Added edit record button for Database records.
IDEA-92375 (Usability Problem)	Support for closing Database console tabs through middle-click on tab title
IDEA-92243 (Bug)	PHP Storm default database interface
IDEA-88742 (Bug)	Database tool window: Sybase: Quick Doc fails to show content of table without primary key
IDEA-92638 (Bug)	Database console: Copy Data As TSV skips Tabs
Debugger	
IDEA-18659 (Usability Problem)	Debugger log tabs must be closable with middle click
IDEA-91516 (Bug)	Breakpoint Dialog: I can delete nondeletable default breakpoints with keyboard
IDEA-91890 (Bug)	View breakpoint dialog has UI issues
Editor. Editing Text	
IDEA-92896 (Bug)	Invalid parameters names in implemented methods.
IDEA-80858 (Bug)	Assigning Start/Stop Record to Keymap key records key that start/stops macro recording
IDEA-93077 (Exception)	JDK 1.8: AIOOBE at LambdaUtil.getReturnType()
Find, Replace, Find Usages	
IDEA-92559 (Bug)	Unconventional names for "Find Usages" Menu items.
IDEA-92804 (Bug)	JDK 1.8: Find Constructor Usages could find ::new constructor references
Flash_Flex	
IDEA-91927 (Feature)	ASC 2.0 (Actionscript Compiler 2.0)
IDEA-92931 (Feature)	Support running FlexUnit tests on AIR Mobile Emulator if corresponding build configuration has Target platform: Mobile
GWT	
IDEA-92623 (Exception)	GWT: NCD FE org/jetbrains/jps/gwt/model/impl/GwtModuleExtensionPropertiest com.intellij.gwt.facet.GwtFacetConfiguration.<init>
Groovy	
IDEA-92613 (Feature)	'identity' method is synonym of 'with'

IDEA-81225 (Feature)	Groovy: Method generation from usage in GDSL
IDEA-92939 (Usability Problem)	Groovy completion: don't auto-popup if I define a variable via the "def" keyword.
IDEA-93015 (Bug)	Reformat code in a Spock test breaks table formatting in a where-clause
IDEA-92838 (Bug)	"Convert to Java": update enum references (ClassName.ref)
IDEA-92621 (Bug)	Groovy: 'Move to package' fix doesn't work
IDEA-92846 (Bug)	No Groovy keyword highlighting while indexing
IDEA-92833 (Bug)	Type inference doesn't update type after assert instanceof
IDEA-92619 (Bug)	type of gstring parameter
IDEA-92814 (Bug)	Groovy: don't complete 'def' after 'new'
IDEA-92829 (Bug)	Cannot "Change Signature..." of groovy method that is implementing an interface
IDEA-92820 (Bug)	Groovy: parse extends list in enums
IDEA-92892 (Bug)	Add some spacing before the method declaring class in completion lookup
IDEA-92963 (Bug)	Groovy: Good code is red (Invalid value to assign to)
IDEA-92756 (Bug)	Invalid class reference aren't error-highlighted in Groovy
IDEA-92614 (Bug)	Check types in for-each
IDEA-92730 (Bug)	Invalid GroovyDoc breaks code completion
IDEA-89883 (Bug)	IDEA doesn't add closing "}" after typing "{" if "unbalanced" brackets appear in Javadoc
IDEA-92608 (Bug)	Groovy doesn't warn if a parameter of a function in the anonymous inner class has the same name as is already in the scope
IDEA-92988 (Bug)	Wrong 'field already defined' error when using inner classes
Hibernate	
IDEA-62134 (Usability Problem)	Hibernate console result tabs should be closeable with middle-click
IDE Configuration	
IDEA-92765 (Cosmetics)	Settings: long project name should be abbreviated
IDEA-82372 (Bug)	Select Font dialog can't render some OTF fonts
J2EE	
IDEA-92890 (Bug)	BPMN eventBasedGateway id is not recognized by Diagram
J2EE.Glassfish	
IDEA-87802 (Feature)	Support GlassFish 4
J2EE.Struts	
IDEA-82855 (Bug)	Struts 2 <action> "method": one method displayed multiple times (probably because it is interface method)
IDEA-86768 (Bug)	Struts2: do not highlight "{...}" expression in <action> method
Java. Code Completion	
IDEA-91838 (Feature)	Complete instance members from static inner class

IDEA-92858 (Bug)	Code completion: Remove special wildcard * handling
IDEA-88769 (Bug)	Java keyword completion: duplicate "final" suggestion
IDEA-92394 (Bug)	Completion of inner class name used as type parameter inserts incorrect qualified name
IDEA-92844 (Bug)	Bug: Intrusive code completion after '%'
IDEA-92713 (Bug)	JDK 1.8: Code Completion inserts unnecessary semicolon when completing method references enclosed in parentheses
IDEA-92934 (Bug)	Class completion is damn slow in plugin.xml and I can't write RED code anymore
IDEA-92940 (Bug)	Autocompletion inserts incorrect code
IDEA-92823 (Bug)	Completion order
IDEA-92884 (Bug)	Daemon doesn't start anymore until IDEA restart
IDEA-92705 (Bug)	JDK 1.8: Code Completion after :: token in method references doesn't suggest instance methods, only static ones and 'new'
Java. Error Highlighting	
IDEA-92851 (Bug)	JDK 1.8: good code is red: type argument in a method reference is error-highlighted in the reference is located in a generic class
IDEA-92641 (Bug)	JDK 1.8: good code is red in assignment where both method of a functional interface and a method reference have vararg parameters
IDEA-92842 (Bug)	Unnecessary Cast Inspection fails on generic expressions
IDEA-92711 (Bug)	JDK 1.8: good code is red in expression with reference to an instance method of an arbitrary object if the method has vararg parameters
IDEA-92273 (Bug)	Good code is red when raw type passed to generic method
IDEA-92733 (Bug)	JDK 1.8: Good code is red (Incompatible parameter types in lambda expression)
IDEA-67756 (Bug)	False error 'Cannot reference this ...'
IDEA-92699 (Bug)	JDK 1.8: good code is red in expression with method reference if invocation's receiver has wildcard type
IDEA-92722 (Bug)	JDK 1.8: "this::new" and "super::new" constructor references should be error-highlighted
IDEA-67680 (Bug)	False error 'Type arguments given on a raw type'
IDEA-91988 (Bug)	JDK 1.8: good code is marked red: type inference error
IDEA-92735 (Bug)	JDK 1.8: inner class constructor reference should be error-highlighted if no enclosing instance parameter is provided
IDEA-92600 (Bug)	JDK 1.8: if there is an invalid assignment with a method reference, quick fix suggests incorrect variants
IDEA-93083 (Bug)	Incorrect warning: 'constructor parameter for @Nullable field is annotated as @NotNull
IDEA-92777 (Bug)	JDK 1.8: god code is red: inner class constructor reference is error-highlighted even if "this" enclosing instance parameter is implicitly provided
IDEA-93019 (Exception)	JDK 1.8: NPE at LambdaUtil.depends() on invalid code with method reference
Java. Intention Actions	
IDEA-93109 (Bug)	Incorrect simplify action of functions with anonymous classes with comments
IDEA-92702 (Bug)	JDK 1.8: "Replace method reference with lambda" intention incorrectly replaces references to instance methods of arbitrary objects

IDEA-92862 (Bug)	JDK 1.8: "Replace method reference with lambda" intention results with invalid code if type parameter(s) are specified before :: delimiter
Java. Refactoring	
IDEA-92956 (Usability Problem)	Constructor to builder refactoring window: fields grid limited to 12 rows.
IDEA-92029 (Bug)	Files get open for edit even if refactor is canceled.
IDEA-92156 (Bug)	Bug when refactoring to a Method/method object, when inside a loop when continues are used
IDEA-92742 (Bug)	JDK 1.8: Inline Refactoring: insert type cast if needed when inlining method references
IDEA-92588 (Bug)	Use interface where possible refactoring incorrectly handles try construct
IDEA-92815 (Bug)	Extract method refactoring with "Fold parameters" is too clever - breaks functioning code
IDEA-93084 (Bug)	"Invert Boolean" for class field renames corresponding constructor parameter incorrectly
IDEA-92902 (Bug)	"Add constructor parameters" quick fix for multiple fields produces red code if the fields have common name suffix
IDEA-93138 (Exception)	JDK 1.8: Throwable at MakeMethodStaticProcessor.changeExternalUsage() on Make Static Refactoring applied to a method used in a method reference expression
IDEA-92601 (Exception)	JDK 1.8: IOE at ChangeSignatureProcessorBase.performRefactoring() on Change Signature of a method used in a method reference expression
Maven	
IDEA-72986 (Usability Problem)	Artifact version cut off in Maven Artifact Search dialog
IDEA-91638 (Usability Problem)	Make "Maven > Importing > Keep source and test folders on reimport" setting enabled by default
IDEA-92744 (Bug)	Errors are not highlighted in Maven Log
Project Configuration	
IDEA-93001 (Usability Problem)	JSDK should be called JDK instead
IDEA-92642 (Bug)	IDEA changes Eclipse's .classpath when opening project
IDEA-92949 (Bug)	Copyright per file type profiles gone..
IDEA-91002 (Bug)	Load error: undefined path variables!: ECLIPSE_HOME is undefined
IDEA-92948 (Exception)	NPE at com.intellij.openapi.command.WriteCommandAction.execute
IDEA-92964 (Exception)	Unable to create new module
Run Debug configuration	
IDEA-91621 (Feature)	Refresh files after run configuration is finished
IDEA-92968 (Bug)	IntelliJ does not recognize class that inherits main() method as class that can be run
SQL	
IDEA-92673 (Feature)	See Settings / Code Style / Wrap inside: do we need separate settings for "From clause" and "Join expressions"?
IDEA-92661 (Feature)	SQL Dialect intention

IDEA-92670 (Usability Problem)	Settings / Code Style / SQL: no way to control Tab size
Spring	
IDEA-54739 (Feature)	Spring MVC: Resolving and completion for URL path variables (@RequestMapping/@PathVariable)
IDEA-93202 (Cosmetics)	Spring security debug-mode hint typo
IDEA-92794 (Bug)	Infinite hang up on opening a jsp file in editor
IDEA-83021 (Bug)	Spring: framework templates: Hibernate template: correct javadoc links
Template Languages. FreeMarker	
IDEA-92572 (Bug)	Freemarker - parser should recognise built-in special variables ".now" and ".template_name"
Unit Testing. JUnit	
IDEA-92737 (Cosmetics)	DataFlowInspectionTestSuite class doesn't have JUnit icon on it.
IDEA-92725 (Bug)	JUnit run configuration editor is too wide
Unit Testing. TestNG	
IDEA-92770 (Bug)	TestNG should compare Sets as id done for Lists
User Interface	
IDEA-89508 (Feature)	Show the defining class of methods from superclasses in File Structure Popup
IDEA-93097 (Usability Problem)	Recent project list should not contain project with same name
IDEA-92849 (Usability Problem)	Too small fonts on toolwindow buttons and in push dialog
IDEA-93092 (Cosmetics)	Plugin Manager: "Plugin dependencies detected" modal dialog has Yes and No buttons, but asks no questions
IDEA-92668 (Cosmetics)	Recent Projects lines jump
IDEA-78451 (Cosmetics)	"Use alternative JRE" Run Configuration option is truncated on Windows Look and Feel
IDEA-92575 (Cosmetics)	New Project/Module Wizard: change Grails and Griffon Application to Grails and Griffon Modules
IDEA-92630 (Cosmetics)	Browse Repositories: date column values do not fit
IDEA-93059 (Bug)	"Open" action does nothing if you select a directory which doesn't have .idea under it
IDEA-89373 (Bug)	Open file from command line in recently used project window
IDEA-92435 (Bug)	Breakpoints dialog: right-most controls are trimmed
IDEA-79203 (Bug)	Re-run keyboard shortcut (Ctrl-F5) doesn't work
IDEA-90515 (Bug)	Editor tab dragged by dragging Configuration Menu pop-out items
Version Control	
IDEA-48965 (Usability Problem)	Version Control: buttons in the toolbar of ChangedFiles tab of Repositories/Incoming view should get context from this tab only

Version Control. CVS	
IDEA-91558 (Usability Problem)	CVS: Import into CVS wizard: while teh repository tree building is in progress, it is hard to press Next button (selection is lost)
IDEA-77869 (Bug)	CVS Annotate Error
IDEA-50300 (Bug)	CVS: after update with -A the previously switched file is shown as switched until Refresh
Version Control. Git	
IDEA-92883 (Usability Problem)	Compare with branch should not be modal
IDEA-91436 (Bug)	Error on git fetch command: The remote end hung up unexpectedly, RPC handler object "Git4ideaSSHHandler" not found
IDEA-92824 (Bug)	"Remember password" does not work
Version Control. Mercurial	
IDEA-81540 (Feature)	Mercurial (hg) integration should allow to copy revision number to clipboard
IDEA-64887 (Cosmetics)	Mercurial: change dialog that appears on deleted-modified conflict
IDEA-93113 (Bug)	IDEA always warns of an outdated version and incoming changelists even when there are no incoming changes
IDEA-92950 (Exception)	Mercurial: Unknown status [h] in line [hg status [OPTION]... [FILE]...] Throwable at org.zmlx.hg4idea.command.HgStatusCommand.parseChangesFromResult
Version Control. Perforce	
IDEA-93165 (Bug)	Perforce: new-added files get "modified without checkout" state in some cases
IDEA-39709 (Bug)	Perforce: with 'work offline' on the action BrowseChanges should be disabled
IDEA-93033 (Bug)	Open for edit in a non-default changelist invokes p4 describe for each file
IDEA-93032 (Bug)	When doing partial refresh, p4 opened is executed for each dirty file
Web Services	
IDEA-91563 (Usability Problem)	Web Services: Glassfish: JavaFromWSDL generation fails for uncompartible JAX-WS versions
IDEA-84982 (Bug)	jackson-xc-*.jar missing in RESTful WS library
IDEA-92580 (Bug)	JAXB Xml Schema generation handles JXC warnings as errors
IDEA-92058 (Bug)	Web Services: CXF: ExposeClassAsWebService duplicates the contents of web.xml if cxf servlet has not-default name there
IDEA-92127 (Bug)	RESTful Web Services: JAX_RSCXF libraries configuration problems
XML	
IDEA-92208 (Bug)	Zen Coding does not work when the .xml extension does not map to XML file type
