

PhpStorm 2016.1 Release Notes

PhpStorm 2016.1 Release Notes

IntelliJ Platform	Bug	WI-11032	PhpStorm removes trailing whitespaces within quoted strings
PHAR	Bug	WI-30519	error in PharHandlers does cause crash in ModuleRootManager
PHP Completion	Feature	WI-21239	Add @mixin in completion list for PHPDoc tags
	Feature	WI-30873	Show used trait for completion inside use block
	Feature	WI-21917	Choosing switch, if, elseif, foreach from completion should insert braces
	Feature	WI-8809	Autocomplete in PhpDoc after @see tag
	Feature	WI-29704	Completion after a heredoc operator ('<<<')
	Feature	WI-30477	Provide completion for function after @see tag
	Feature	WI-30681	Filter everything except functions after "use function"
	Feature	WI-30679	Filter applicable classes in group use statement by namespace prefix
	Feature	WI-10438	It would be superb if IDE was showing suggestions for traits within the 'use' statment of the class
	Bug	WI-21731	Import of namespaces is treated like a class import
	Bug	WI-17024	Auto-completion: <?php tag isn't the first one
	Bug	WI-29939	Don't insert double colon after static, parent, self in PHPDoc for @method tag
	Bug	WI-30924	Autoimport doesn't work for completion of trait inside trait use block
	Bug	WI-30475	Completion list for @method doesn't contain methods of superclass and magic methods
	Bug	WI-29703	'namespace' keyword is suggested inside a function
	Bug	WI-30787	No autocomplete for php functions on the right hand side of a list() equality.
	Bug	WI-30148	The autocomplete of variables insert dollar sign before => in array
	Bug	WI-14050	Autocompletion broken when next line starts with backslash
	Bug	WI-15505	Import class: Insert use in a wrong place for multiple namespace with "use"s in one file
	Bug	WI-30633	'const' and 'function' keywords are not suggested inside a group use
	Bug	WI-30154	Autocomplete broken on control structures (alternative syntax) in unclosed php tag
	Bug	WI-30285	Autocompletion suggests function implementation for interfaces extending interfaces
	Bug	WI-30489	Missing closing parenthesis for parent method completion with default array() parameter in PHPDoc
	Bug	WI-30991	Smart enter: one more step is needed to get into parens
	Bug	WI-30736	Completion of namespaced functions and constants broken if next line starts with backslash
	Bug	WI-21805	List of completion after break/continue contains all types of elements that are not applicable
	Bug	WI-30936	There is no completion for aliased trait inside trait use block

	Bug	WI-30460	List of completion after unset contains all types of elements that are not applicable
	Usability	WI-30875	Filter everything except trait methods in completion for trait method inside use block
	Usability	WI-30877	Code completion does not work for protected/private methods/properties in the traits
	Usability	WI-29573	Insert additional space after completion of tag inside one line PHPDoc
	Usability	WI-27663	Class name completion doesn't respect namespaces
	Usability	WI-25561	Autocompletion on class instance creation should place cursor between parentheses if constructor has parameters
	Usability	WI-16672	Don't trigger autocompletion when creating heredoc
	Usability	WI-30935	In function import statement after namespace prefix only functions from the namespace should be shown.
	Exception	WI-29994	Exception is thrown on attempt to complete key with <code>\r</code> inside a single quotes
PHP Composer	Bug	WI-30481	Updating source to a different git branch causes error, code does not update in editor
	Usability	WI-30814	Default composer location and new composer project
PHP Inspections	Bug	WI-19348	"Member has private/protected access" error for private/protected class method/field usage in trait
	Bug	WI-28394	Regression: Can't resolve member when class reference is a namespaced function.
	Bug	WI-22352	False-positive "Unused private method" notice for private method that is used in trait
	Cosmetics	WI-30843	Message can be more precise for missing method in interface/trait
PHP Refactoring	Feature	WI-15576	Add 'Make Static' Refactoring for methods
	Bug	WI-30765	Import class doesn't work inside group use statement
	Bug	WI-30766	Import class with group use statement when alias is needed doesn't create an actual alias during the import
	Bug	WI-18233	Initialize properties: tries to use private field of parent class
	Bug	WI-29303	Extract method: forbid to extract method in write access expression
	Bug	WI-29416	Move method doesn't handle already imported group use statements
	Bug	WI-30665	Make static: prohibit refactoring of magic methods
	Bug	WI-29329	Move class: doesn't update group use statement correctly
	Bug	WI-18742	Pull Up: doesn't handle magic method declared via <code>@method</code> annotation
	Bug	WI-30634	Move namespace: doesn't update group use statement correctly
	Bug	WI-29417	Optimize import doesn't check imports from group use
	Bug	WI-30675	Make static: show warning if there is <code>return \$this</code> and no checkbox is selected
	Bug	WI-30770	Reuse of group use statements by autoimport of class destroys import of function/constants
	Bug	WI-16687	Pull Up: doesn't warn about moving non-static method that is invoked via class reference
	Usability	WI-30668	Make static: don't show dialog if refactoring can be done without adding parameter and introducing object

	Usability	WI-29918	Impossible to move constant from class to interface with Move member to class refactoring (F6)
	Usability	WI-30011	Extract interface: Do not preselect static methods.
	Exception	WI-30857	NPE is thrown on attempt to create a new class from anonymous class
PHP debug	Feature	WI-17031	Enable REST Client to trigger XDEBUG/Zend Debugger
	Bug	WI-30972	Validation: fail to validate web server with disabled "Remote Host Access" plugin
	Bug	WI-29802	Settings does not modify capitalization changes in Languages->PHP->Servers "Absolute path on the server" field
	Bug	WI-29588	Detect host-port for incoming connection from remote server cli
	Bug	WI-29947	Rest Client: debugging doesn't work for request with cookies
	Usability	WI-30357	Project Interpreter: create project-level interpreter for project-level deployment server
	Usability	WI-27798	Validate remote interpreters path mappings on configuration changes
	Usability	WI-23869	Remote interpreter: provide color differentiation of deployment servers
	Usability	WI-27905	Add error message if path mappings can't be found in Zero-configuration debug started from CLI
PHP lang	Feature	WI-4864	New intention: Convert if to switch
	Feature	WI-681	More specific parser error (extends/implements expected) in class declaration
	Feature	WI-30575	Intention: convert group use declarations to plain and v.v.
	Feature	WI-29328	Autoimport can't reuse group use statements
	Feature	WI-27267	Add intentions for flip "if/else" branches
	Feature	WI-9593	New intention: Convert switch statement to if
	Feature	WI-16368	Add support of code completion classes in the traits
	Feature	WI-2023	Resolve variable references from "compact" function string arguments.
	Feature	WI-18194	phpdoc @method does not recognise same conventions as other Type annotations
	Feature	WI-11045	Add extra step when using "Select Word at Caret" to include preceding comment block into selection
	Bug	WI-29715	Group use statement: namespace of imported class is global
	Bug	WI-30809	Double return type on method signature tooltip
	Bug	WI-29413	Move statement Up/Down doesn't work with group use statements
	Bug	WI-30060	Usage of trait in anonymous class is shown as Error
	Bug	WI-24631	Returned "\$this" type is incorrectly interpreted with multiple return values
	Bug	WI-19953	Type Inference: @return static[] static for variable assignment doesn't work
	Bug	WI-30443	PHPDoc @method annotation doesn't take into account array part of type parameter declaration
	Bug	WI-30660	PhpStorm Advanced Metadata not working in EAP after Cache Invalidation (usual restart is required)
	Bug	WI-29327	Group use statement: 1) false positive from Undefined namespace inspection on common prefix with empty intermediate namespaces / 2) namespace import is not used for class resolve
	Bug	WI-20988	Expected: DOC_COMMENT_END when PHPDoc is perfectly valid around sequential closing braces

	Bug	WI-30525	Missing return declaration is not marked as syntax error
	Bug	WI-11128	Array element assignment on a field inside logical expression: Expression is not assignable
	Bug	WI-28965	Opening files with names like *.sql.php (test.sql.php) with class declaration in it cause infinite project reindexing
	Bug	WI-29681	Constant assignment with array expressions produces "expression is not allowed as constant value"
	Bug	WI-23435	Code completion broken with static and alternative
	Bug	WI-17671	Self in trait should be treated not as a trait object
	Performance	WI-30338	1-2 seconds freezing while typing when Breadcrumbs and/or Structure is visible with lots of functions
	Usability	WI-16093	Select word: can't select full namespace
	Usability	WI-3232	PHP: define(), isset() and other "language construct" "function definitions" seems to be not provided for navigation and quick doc
	Exception	WI-30789	Exception is thrown on unfinished trait use statement
	Exception	WI-30726	com.jetbrains.php.codeInsight.controlFlow.ControlFlowException: on very large method (2000+ lines of code)
PHP templates	Bug	WI-30417	Autocompletion for blade echo shorthand <code>{{ }}</code> adds extra braces inside script tag
PHP test	Feature	WI-18326	PHPUnit: Add ability to "Rerun Failed Tests"
	Feature	WI-24618	Add rerun functionality for Behat plugin
	Bug	WI-30356	Allow to rerun tests imported by results
	Usability	WI-27938	Show warning/notification balloon when trying to run PHPUnit tests without settings
	Usability	WI-30207	ide-behat.php calls deprecated method Event::getName
PS specific	Usability	WI-29979	Navigate to corresponding content root from marked folders
Plugin: Command line	Bug	WI-30343	Explicit version setting for Symfony component tool
	Exception	WI-30868	InvocationTargetException on process termination
Plugin: Deployment _ FTP..	Bug	WI-30337	Deployment server with invalid port is saved, but not correctly displayed
	Bug	WI-30530	Ambiguous rename file process triggered on file upload (SFTP)
	Bug	WI-30448	Allow to control encoding for FTPS servers
	Bug	WI-30881	Key passphrase is used as a password in case key file is invalid or passphrase doesn't match it
	Bug	WI-29997	Remote Hosts Access: IDEA hangs trying to verify remote credentials if specified private key location is incorrect
	Bug	WI-29675	PhpStorm 10.0 "sync with" does not sync files with same filename from different directories
	Usability	WI-674	Option not to break the FTP/SFTP connection (keep alive)
	Exception	WI-30645	Remote Host Access: null pointer exception with copy and paste
	Exception	WI-30531	Exception on remote interpreters configuration without a project
	No subsystem	Feature	WI-2066
PHP Run	Bug	WI-29981	Remote Interpreter: Deployment server is verified if Vagrant is chosen
	Usability	WI-29875	Remote Interpreter: apply button is always enabled if remote interpreter by vagrant is selected

Php Intentions	Bug	WI-30521	Convert switch to if: drops comments and breaks code if code is on the last line
	Usability	WI-30520	Flip If: Allow to invoke intention on else part
No subsystem	Bug	IDEA-147015	deadlock during class initializer
	Bug	IDEA-147723	live templates don't work in PHP file templates
	Bug	IDEA-146676	Keyboard focus is lost after Ctrl-F in the detached editor
	Bug	IDEA-148512	Regression: Import/Export Settings no longer supports 'Remote Tools' after upgrade to IntelliJ 15
	Bug	IDEA-146446	Can't switch JDK on OS X 10.11
	Exception	IDEA-149660	IAE at com.intellij.configurationStore.StateStorageManagerImpl.expandMacro
Code Formatting and Code Style	Feature	IDEA-141701	prepend line comments with space
Database	Bug	IDEA-148616	Database Tool, casing, keys, PostgreSQL
Docker	Feature	IDEA-138350	Deploy Images from Docker Repository
	Feature	IDEA-138987	Add ability to run image with specified command
	Bug	IDEA-146993	Volume binding on windows is not correct because of special symbols in the path
	Bug	IDEA-145814	Dockerfile synthax errors
	Bug	IDEA-146347	Docker Plugin fails to attach to container running on server bound to unix socket
	Bug	IDEA-148572	Dockerfile editor: provide completions for keywords
	Bug	IDEA-148830	Building Docker images takes forever in IDEA 15
	Bug	IDEA-151477	Dockerfile false negative syntax error message
	Usability	IDEA-138981	Disable ability "Show processes" for not running containers
	Task	IDEA-137782	Docker: detect dockerfile and suggest to create run config
Editor. Editing Text	Feature	IDEA-23487	Parameter Shifting like Method Shifting
	Usability	IDEA-149712	Various errors in widen-selection (ctrl-w)
JavaScript. Debugger	Exception	IDEA-151752	CCE at com.jetbrains.javascript.debugger.PsiVisitorKt.getLambdaPosition
Packaging and Installation	Task	IDEA-150999	Replace Uninstall.exe during patch update.
	Task	IDEA-141023	Bundle JRE with minor IDEs
Project View	Bug	IDEA-149666	Bookmark icons are not shown for files in Project View
	Performance	IDEA-147465	Closed project leaked through Project View panes
Run Debug configuration	Bug	IDEA-149738	'Include parent environment variables' option is ignored when environment list is empty
SQL	Bug	IDEA-48963	SQL: Oracle: new name given in RENAME statement is not resolved
User Interface	Usability	IDEA-149590	Open File dialog should display icons for registered directory types (e.g. bundles on OS X)
Version Control	Bug	IDEA-146642	unexpected mapping on applying a VCS patch
	Bug	IDEA-150624	IDEA 15 "Apply Patch" is broken
Version Control. Perforce	Bug	IDEA-150303	Default p4 path doesn't work when running IDEA from JetBrains Toolbox on MacOS
	Cosmetics	IDEA-148401	Perforce: EditJobs dialog looks bad in case of multiple connections

(Click to Choose)	Bug	DBE-516	PostgreSQL: default values of function parameters are not shown
DB.Connectivity	Bug	DBE-197	Derby: Validate empty database name
DB.Console	Bug	DBE-2071	Explain plan feature is broken for Oracle
DB.Introspection	Bug	DBE-2136	Create data source dialog doesn't detect all schemas for MSSQL
	Bug	DBE-2002	Duplicating connection doesn't change displayed DB
	Bug	DBE-2295	PostgreSQL: rename column causes broken domestic references from indices and keys on columns
	Bug	DBE-2061	MS SQL and Sybase Data Source Configuration Window: wildcards in schema list don't work
DB.Refactoring	Bug	DBE-2299	Drag and drop text magically pastes clipboard and makes Ctrl+Z throw a popup
IDE.General	Bug	DBE-2095	"Confirm application exit" setting not work
SQL Editing	Bug	DBE-2133	Custom folding issue
No subsystem	Bug	WEB-7877	Code editor vibrates during typing
	Bug	WEB-20244	Foundation 6 not updated yet in new version. How do you do this manually?
	Bug	WEB-20052	Emmet: abbreviations with multiplication are not expanded in JSX context
	Bug	WEB-18795	Allow suppressing "Cannot resolve symbol..."
	Bug	WEB-19944	.eslintrc: missing property 'webextensions'
	Bug	WEB-20002	Template string `\${new Date().getTime()}\${Math.random()}` breaks syntax highlighting
	Bug	WEB-19336	Live template `func` doesn't work for me
	Bug	WEB-14867	Extra space added to jQuery statements
	Exception	WEB-20107	Code inspection not working in latest EAP
Build tools	Bug	WEB-18581	npm scripts: Debug should be available only for script with node process
	Usability	WEB-19862	Ability to collapse all gulp file nodes in the gulp tool window
CSS	Feature	WEB-16792	Support WebPack specific import statements
	Bug	WEB-20333	HiDPI display: small gutter icon for CSS color preview
CoffeeScript	Bug	WEB-18997	Duplicate alt+enter menu items
	Usability	WEB-19987	CoffeeScript preview fails with "Exception raised during CoffeeScript compilation"
	Exception	WEB-20180	Defining getter in CoffeeScript class throws error
Debugger	Feature	WEB-19984	Debugging Node.js app built with Webpack
	Feature	WEB-7986	Debug web workers
	Feature	WEB-11245	Feature to debug JavaScript callbacks
	Feature	WEB-13024	Javascript asynchronous callstack
	Feature	WEB-20266	Debugging Service workers
	Bug	WEB-19982	Cannot debug ES6 - Babel - Webpack apps
	Bug	WEB-19469	Debugger crashing on eval() if exception breakpoints are enabled
	Bug	WEB-20242	Web Worker: Main thread does not have name in 'Frames'
	Bug	WEB-19983	Compiled TypeScript not stopping at breakpoints

	Bug	WEB-20446	eval()debug: TypeError: Cannot read property 'length' of undefined at t.describeProperties
	Bug	WEB-20179	conditional breakpoint disappeared
HTML	Bug	WEB-10809	"Insert new line before": weird behaviour
JavaScript	Feature	WEB-13844	Please highlight cyrillic letters in source code
	Feature	WEB-20078	Complete string literals where they expected
	Feature	WEB-20252	Support trailing commas in function parameter lists and calls
	Feature	WEB-7516	Introduce a setting to use @return or @returns JSDoc
	Feature	WEB-16359	Intention for converting string concatenation into ES6 template string
	Feature	WEB-1221	Structure and code completion make no distinction between static and instance members
	Feature	WEB-20003	Auto Completion for ES6 String Interpolation Doesn't Work
	Feature	WEB-3536	Support JSON schema
	Bug	WEB-19437	No code completion when using backticks in require statements
	Bug	WEB-20038	E4X path navigation expressions that use namespace qualification are incorrectly flagged as not supported
	Bug	WEB-20083	CommonJS: properties of the object returned by exported module not resolved/suggested by completion
	Bug	WEB-18926	"Jump to declaration" (cmd-b or cmd-click) does not work with Javascript files
	Bug	WEB-19500	JSDoc: Erroneous message "Returned expression type ... is not assignable to type"
	Bug	WEB-19991	Support 'export module from' syntax
	Bug	WEB-19767	ES6: Dummy suggestions for `yield`
	Bug	WEB-17446	Wrong message "overrides method in object" in node.js project
	Bug	WEB-14734	ES6: silent errors in the import statements
	Bug	WEB-19604	JavaScript documentation popup indents parameters too far when @return includes <...>
	Bug	WEB-20410	Code completion for typed function arguments gets confused
	Bug	WEB-20251	Corrective auto-complete produces unexpected results
	Bug	WEB-10715	comment with line/block comment does not work when in regex literal
	Bug	WEB-19696	Find usages doesn't work in VanillaJS code
	Bug	WEB-19280	JSDoc inline types: Problem with ES 2015 arrow functions with one parameter and no parenthesis syntax
	Bug	WEB-16993	Invalid ES6 code marked as valid
	Bug	WEB-18414	JSDoc examples syntax highlighting artefact
	Bug	WEB-20367	JSON Schema: provide validation warning for the file under several schemas
	Bug	WEB-20426	export default function gives "Unused function" and "Unresolved variables"
	Bug	WEB-20237	Export foo as default gives issues
	Bug	WEB-20127	Merge duplicates in parameter info
	Bug	WEB-16165	Returned expression type Array is not assignable to type fixme
Bug	WEB-20191	Convert to ES6 template works incorrectly	
Bug	WEB-19111	Code completion for multiple levels of inheritance	

	Bug	WEB-10987	OutOfMemory when indexing huge json
	Bug	WEB-19407	Autocomplete doesn't work if object property was created with constructor
	Bug	WEB-20188	No argument hinting for IIFE (Javascript)
	Bug	WEB-20186	CommonJS: no parameter info shown for constructor reference used as exported module property
	Bug	WEB-18989	es6 import missing autocomplete compared to nodejs's require
	Bug	WEB-18974	Cannot resolve symbol error if multiple implementation match the ES6 import path
	Bug	WEB-18784	AMD doesn't work with ES6 modules
	Bug	WEB-19655	IllegalArgumentException when use backticks in require statements
	Bug	WEB-16534	Duplicate declaration error for destructuring assignment
	Bug	WEB-14384	Renaming a parameter from a JSDoc comment gets stuck in the renaming operation when using ES6 method definition shorthand
	Bug	WEB-20494	JSDoc @see symbol autocomplete not working inside constructor function
	Bug	WEB-20261	Wrong 'Replace with template string' intention inside angular message
	Cosmetics	WEB-20181	2 actions with same icon
	Exception	WEB-19509	IllegalArgumentException when edit template's code
	Exception	WEB-20487	JSON Schema: system and local schemas are clashing and hanging IDE
JavaScript. Formatter	Bug	WEB-20427	Formatter produces strange result with ES 2015 destructuring function parameters on multiple lines
	Bug	WEB-18387	Indentation after <ENTER> is wrong
	Bug	WEB-19713	Formatting preferences cause AssertionError "Attempt to create a composite block with no children" when accessing certain files
	Bug	WEB-18621	Webstorm 11 EAP alligns object literals wrong on colon
	Exception	WEB-20285	IOOBE on creating Line Comment in the end of JS/TS file
JavaScript. Frameworks	Bug	WEB-19957	Incorrect resolve in angular message
JavaScript. Inspections	Feature	WEB-20190	ES6 imports: suggest to install [with npm] modules metioned in from clause
	Feature	WEB-19830	Add code completion for eslintrc file
	Bug	WEB-20281	Inspections: disable "Missing module dependency" for TypeScript ES6-style imports
	Bug	WEB-20156	Missing import inspection: suggest importing CommonJS modules
	Bug	WEB-20157	Missing import inspection: can't import several symbols from one file
	Bug	WEB-17652	Incorrect arguments types check with inheritance
	Bug	WEB-20534	Duplicate declaration when using computed property names with function values
	Bug	WEB-20443	JSHint: support new options inside .jshintrc file and JSHint UI
	Bug	WEB-20117	Redundant local variable inspection for JavaScript incorrectly identifies variable that is required.
	Bug	WEB-19487	missing AMD warning for 'console' and 'document'
	Bug	WEB-19323	Update JSCS support
	Bug	WEB-18516	JSDoc: this return type edge case is not handled correctly
	Bug	WEB-20122	TSLint: update some rules and options

	Bug	WEB-18333	JSDoc-based type error when using ES 2015 spread operator and an array type (WS 11 EAP 142.5255)
	Bug	WEB-20153	WebStorm code inspector: 'Interface can not be instantiated' for new Error('ErrorMessage') and for new Buffer(). NodeJs scope Is enabled.
	Bug	WEB-20431	Missing module inspection doesn't work if there's any import statement already
	Bug	WEB-20225	Enable "Missing import statement" inspection for JSX/Flow language versions
	Bug	WEB-20138	ES6: reassign const variable
	Bug	WEB-20559	es6: destructuring assignment in for of loop result in restructured variables incorrectly being marked as 'might not be initialized'
	Bug	WEB-16202	ES6: Duplicate declaration
	Bug	WEB-18786	Don't suggest to import node.js global "Buffer"
	Bug	WEB-20147	False positive "Add missing import"
	Bug	WEB-18911	using "arguments" outside function is NOT error
	Bug	WEB-19694	global objects are not resolved/behaved as expected
Node.js	Feature	WEB-19853	Node.js RC: replace "Run with CoffeeScript plugin" option with relevant Node parameters
	Feature	WEB-20401	Node.js interpreters: provide "Set as Project Interpreter" context action for local interpreters
	Feature	WEB-19093	Node.js: support path auto-completion for require statement
	Bug	WEB-20033	don't warn about "missing import statement" / "require() call is missing" for mocha describe/it methods
	Bug	WEB-19617	uncaught exception in case when deployment configuration was deleted, but there is still node interpreter referring to it
	Bug	WEB-20515	Enable Node core libraries right from quick fix
	Bug	WEB-19641	Node remote interpreter should be shown only for valid Run Configurations
	Bug	WEB-19643	Node remote interpreter: always stop/terminate remote node process
	Bug	WEB-19812	Better warning when a deployment configuration corresponding to a remote interpreter is removed
	Bug	WEB-20411	Remote interpreter: Deployment server with project visibility prevents interpreter creation
	Bug	WEB-19920	Node remote interpreter: reconnect to Vagrant in the background on RC opening
	Bug	WEB-19922	Node remote interpreter: Multi-Machine Vagrant: wrong error for empty Machine name
	Bug	WEB-19697	Module is not statement
	Bug	WEB-20161	"Require() call is missing" inspection: correctly insert require inside inline JavaScript in HTML
	Bug	WEB-20060	Scratches don't recognise project installed NPM modules - Defective behaviour
	Bug	WEB-20061	Remote interpreter: handle external changes in path mappings
	Bug	WEB-19639	Node remote interpreter: Heap snapshot cannot be saved
	Bug	WEB-19652	Node remote interpreter: do not reconnect to all hosts on Settings/RC opening
	Bug	WEB-19806	Connect to remote host dialog pops up when remote interpreter configuration is canceled

	Bug	WEB-20194	Remote interpreter: disable "remove" action for inherited path mappings
	Bug	WEB-18768	require() call is missing with mocha-DefinitelyTyped
	Bug	WEB-19018	Unable to handle private/prefixed modules
	Bug	WEB-20304	Hide Remote interpreters from the Node.js and NPM Settings/Preferences
	Bug	WEB-20306	Node Interpreters: auto fill in path to the npm package on the Windows
	Bug	WEB-19900	Node remote interpreter should be possible to remove
	Bug	WEB-17591	Missing module dependency: suggest to run npm install instead of installing a single module
	Usability	WEB-20031	Deployment: improve "java.net.NoRouteToHostException: No route to host" error handling
	Usability	WEB-20418	Remote interpreters: hide Docker option
	Usability	WEB-19902	Node.js RC: select currently active Node Interpreter on opening "Configure Node.js interpreters" table
	Usability	WEB-19901	Node remote interpreter: Configure Remote Mappings dialog should have OK and Cancel button
	Usability	WEB-19904	Node remote interpreter: Vagrant: show absolute path instead of relative to the project root
	Exception	WEB-18792	ClassCastException
	Exception	WEB-20303	Remote interpreter: IAE is thrown on Canceling the Added Remote configuration
	Exception	WEB-19894	Node.js Express App: UnsupportedOperationException on project creation
Profiling	Feature	WEB-17178	Profiling: CPU: Flame Chart: place Selection Rectangle on the area with calls by default
	Feature	WEB-17163	Profiling: CPU: Flame Chart: provide Navigation from the Chart Details to the Calls
	Bug	WEB-19663	Profiling: CPU: Overview Ring: sometimes values are not correctly shown on picture
	Cosmetics	WEB-19662	Profiling: CPU: improve popup messages
SASS	Bug	WEB-20198	Color scheme settings are ignored for Scss line comments (double slash)
	Bug	WEB-20100	Inline sass: problem with @import
	Bug	WEB-20069	Inline scss: missing highlighting for some keywords
Unit Tests	Bug	WEB-20331	Mocha: when same-named tests are defined in 2 files, wrong test is chosen when running from test results
	Bug	WEB-19942	Mocha+TypeScript: impossible to call submenu for context() in 'Test Results'
	Bug	WEB-19754	Stack trace does not link to local test code
	Bug	WEB-19009	Mocha tests & typescript. Double click on mocha test opens up the javascript file, not the typescript file.
	Cosmetics	WEB-19906	Mocha RC: use <base dir>/test as default Test Directory
