IntelliJ IDEA 12.1 129.161 Release Notes

Am uncertain I	
IDEA-103980 (Bug)	Failure with java 8 syntax
AspectJ	
IDEA-77854 (Feature)	AspectJ + Maven: aspectj-maven-plugin: the <aspectDirectory> configuration option should be supported
IDEA-64446 (Bug)	Enable AspectJ compilation per-module
Code Formatting and Code Style	
IDEA-103624 (Bug)	Lots of added blank lines when reformat code
Code Navigation	
IDEA-91715 (Bug)	The bookmark window does not open after closing it via Alt+F4
Compiling Project	
IDEA-104310 (Bug)	External build: no output is generated when compiling type annotations (JDK 1.8)
IDEA-103912 (Bug)	Project configuration causes infinite build loop
IDEA-97961 (Bug)	Deletion of resource content on frame deactivation
Dart	
WEB-6957 (Cosmetics)	Please rephrase "Bad SDK home path" message and provide hyperlink to settings
WEB-7058 (Bug)	Dart: Autoformat fail for comment
Database	
IDEA-104117 (Bug)	SQL/CSV/TSV table editor: the row is duplicated after Tab key when adding new row
IDEA-100083 (Bug)	DB2: Update of value in Database Console not possible if row to update contains a DATE column
Debugger	
IDEA-88125 (Bug)	Debugger: Return ability to define 'pass count' condition
WEB-6490 (Bug)	IDEA does not synchronize to a file/line of the breakpoint when debugging Javascript (linux only)
WEB-6460 (Bug)	TypeScript Debugger: TS breakpoints are not hit if the path to sources in sourcemap contains '../'
Editor. Editing Text	
IDEA-15815 (Usability Problem)	Ctrl+c combination behavior
IDEA-103406 (Bug)	Folding: Correct processing for multi-root files
File Watchers	
WEB-7126 (Feature)	$FileNameWithoutExtension$ needed to remove all extensions

WEB-7065 (Feature)	Option to synchronize files after running a "File watcher" task
WEB-7012 (Bug)	File Watchers: no errors from 'File watcher problems' inspection are reported
WEB-7043 (Bug)	Cannot use new file type in custom Edit Watcher
WEB-7329 (Bug)	SCSS doesn't get compiled when imported SCSS file has been changed
WEB-7309 (Bug)	autocreated coffeescript filewatcher must add "map" parameter
WEB-7109 (Bug)	File Watchers: macros in "Output path" field not correctly resolved
Find, Replace, Find Usages	
IDEA-103628 (Bug)	The 'Replace in Path' functionality is completely broken
Flash_Flex	
IDEA-104266 (Bug)	Good code is red: Adobe AIR Application Descriptor File: depthAndStencil
IDEA-104232 (Bug)	Flex UI Designer Incompatible With Build 129.111
Google App Engine	
IDEA-98659 (Bug)	Google AppEngine template appengine-web.xml does not include threadsafe element
Groovy	
IDEA-102776 (Bug)	Groovy insert new test method always inserts at the bottom regardless of where caret is placed
IDEA-99276 (Bug)	Groovy syntax makes intellij non responsive
IDEA-104122 (Bug)	'as' keyword in the annotation conflicts with the Groovy 'as' keyword
IDEA-103638 (Bug)	Groovy: good code is red: TypeChecked annotation without attributes is error-highlighted with "Missed attributes: extentions"
IDEA-103833 (Bug)	Groovy 2.1: Type customizer inspection: on pressing "Fix all problems" compiler resource is added, but yellow inspection stripe doesn't disappear from editor until file is reparsed
IDE Configuration	
IDEA-104137 (Feature)	Log non-bundled plug-ins separately in idea.log
IDEA-104224 (Cosmetics)	darcula Export to HTML
IntelliLang	
IDEA-104047 (Bug)	Inject language filter works weird
J2EE.Tomcat	
IDEA-92129 (Usability Problem)	Frame deactivation while running Tomcat causes windows 7 taskbar to appear
Java. Error Highlighting	
IDEA-104100 (Bug)	Compilation fails on valid generic class
IDEA-104160 (Bug)	non-static type parameter referenced from static context is not marked as error

JavaFX	
IDEA-104029 (Feature)	JavaFX: packaging: provide possibility to pass unnamed parameters
IDEA-104004 (Feature)	JavaFX: packaging: provide some artifact building diagnostic
IDEA-100203 (Bug)	JavaFX: duplicate children added check
IDEA-104000 (Bug)	JavaFX: Packaging: provide some warning on attempt to use empty height/width parameters
IDEA-104106 (Bug)	JavaFX: packaging: preloader: if the application jar is signed, the preloader jar should be also signed
IDEA-104066 (Bug)	JavaFX SceneBuilder 1.1 starting error (Mac)
IDEA-103857 (Bug)	JavaFX: packaging: after titlr or vendor providing for artifact, no files except jar are generated on artifact building
IDEA-104198 (Bug)	JavaFX: CSS: completion for existing fx:ids and classes is available only after any fx property is added
IDEA-104105 (Bug)	JavaFX: packaging: preloader: the artifact is generated incorrectly - no link to jar is provided
JavaScript	
WEB-6557 (Exception)	NPE on 'quick definition' for symbol in minified JS
WEB-6593 (Exception)	NPE on 'go to class' in minified file
LESS	
WEB-7311 (Bug)	LESS error on mixins with !important
Maven	
IDEA-78410 (Bug)	Maven provided scope dependency is not resolved properly
No Subsystem	
IDEA-89920 (Usability Problem)	Move 'Module settings' menu item close to other module's settings
IDEA-104390 (Task)	Update some ToD
IDEA-103735 (Bug)	Use the attached files for the Tips of the Day
IDEA-93027 (Bug)	Navbar is rendered incorrectly on the floating editor
IDEA-103306 (Bug)	Grouped files from File Watcher plugin are not visible
Project Configuration	
IDEA-104110 (Usability Problem)	Improve unknown nature error message
SASS	
WEB-7322 (Bug)	SCSS: Starting brace placement when using "Braces placement: Next line" is wrong
Spring	
IDEA-104104 (Bug)	Incorrect autowire candidate icons added

Task Management	
IDEA-103813 (Bug)	Character codes instead of characters when creating a new task
TypeScript	
WEB-7336 (Bug)	WebStorm just upgraded to v6.0.1, can't get Typescript files to compile anymore
User Interface	
IDEA-103591 (Bug)	When I press Esc in a popup opened from another popup (e.g. 'show documentation' from 'go to class') IDEA closes the both popups
IDEA-96893 (Bug)	IDEA doesn't remember window position on restart if several projects are open
User Interface.Darcula	
IDEA-96534 (Usability Problem)	Darcula: now, there is no border at all on the undocked tool-window
IDEA-104199 (Usability Problem)	Whitespaces are barely visible
IDEA-104322 (Bug)	No borders in artifacts settings under Darcula
IDEA-104377 (Bug)	TYPOs are not visible in commit dialog
IDEA-104330 (Bug)	Editor Header component doesn't updated while switching to Darcula
IDEA-104397 (Bug)	Scala type parameters look too acid under Darcula
Version Control	
IDEA-97323 (Usability Problem)	Changes list toolwindow: "Add new change list" and "Add file to VCS" have the same icon
Version Control. Git	
IDEA-103530 (Bug)	Git: Unstash: added files are not shown in view paths dialog
Version Control. Mercurial	
IDEA-75701 (Feature)	Auto-select repository when version control function is called from folder context menu
Version Control. Perforce	
IDEA-103612 (Cosmetics)	Remove connection settings from Perforce template project settings
Version Control. Subversion	
IDEA-104048 (Bug)	Proxy settings don't apply(IDEA proxy settings + Subversion+native client)
IDEA-104391 (Bug)	Subversion commit with native client: do not take into account Subversion config directory setting
