

Leda 122.395 Release Notes

No subsystem	
IDEA-63872 (Feature)	Show modified directories with special icons or colors
IDEA-90905 (Feature)	Colored Scope ignores "Use in Project View" option when any scope selected
IDEA-90906 (Feature)	It would be great if Idea suggest (ALT+Enter) cast to primitive (int) via its wrapper (Integer)
IDEA-89915 (Feature)	Notification on stderr output in Run panel / Console
IDEA-90159 (Feature)	@PropertyKey should work on fields as well
IDEA-91518 (Usability Problem)	Recent Files: speed search incorrectly selects tool window instead of a file
IDEA-89669 (Usability Problem)	Inline only this symbols should clear and disable 'Search in comments/test' checkboxes
IDEA-91351 (Usability Problem)	Strange way to invoke color picker
IDEA-91529 (Bug)	Structure PHP flashes when editing
IDEA-91677 (Bug)	Project scope "Tests" is missed in Project view toolbar
IDEA-63886 (Bug)	"Move to Changelist..." menu item is not working for unversioned files
IDEA-91340 (Bug)	Darcula: redesign welcome screen
IDEA-91588 (Bug)	Reflection completion generates generics types
IDEA-91491 (Bug)	Import into CVS wizard: Finish button should not be enabled if mandatory options are not set
IDEA-91478 (Bug)	Groovy: 'Add constructor matching super' inserts full qualified types
IDEA-90280 (Bug)	result of @Nullable method passed to param not annotated as @Nullable not flagged
IDEA-91704 (Bug)	Allow "File Templates" to take more predefined variables
IDEA-91415 (Bug)	Darcula: file colors should change when switch to Darcula and back
IDEA-91481 (Bug)	Good code red, cast with generics and wildcard
IDEA-66803 (Bug)	Target typing for MethodHandle.invoke and invokeGeneric not implemented correctly
IDEA-91725 (Bug)	Exception if close project while console is running
IDEA-91331 (Bug)	Show usages command doesn't work as expected
IDEA-91318 (Bug)	Closing a project while the Hector the Inspector is displayed, orphans the popup
IDEA-91494 (Bug)	CheckOut from CVS Repository wizard: disable Next button on SelectCVSElementToCheckOut page if no module is selected
IDEA-91492 (Bug)	Import into CVS, CheckOut from CVS wizard: the Next button should be disabled on the first page if no CVSROOT entries are set
IDEA-91393 (Bug)	IDE freezes
IDEA-91743 (Bug)	Bad code is green
IDEA-91341 (Bug)	Darcula: popup titles on Mac looks ugly
IDEA-91465 (Bug)	inappropriate autocompletion of 'def' to NoClassDefFoundError after block labels in Spock specifications
IDEA-56862 (Bug)	Some HQL date functions are not supported
IDEA-89640 (Bug)	good code red
IDEA-89213 (Bug)	ProjectImpl - Error saving project Arg 1 for LineColumnLazyMarker.createDelegate must not be null

IDEA-90245 (Bug)	Groovy applicable inspection incorrect
IDEA-91339 (Bug)	Darcula: "No files are open" looks weird
IDEA-90127 (Bug)	UnusedReturnValue inspection doesn't work for the native methods.
IDEA-91564 (Exception)	NPE at com.intellij.BundleBase.replaceMnemonicAmpersand
IDEA-91311 (Exception)	StackOverflow Error in ApplicationImpl
Code Analysis. Inspection	
IDEA-87246 (Feature)	Add auto-fix to inspection "'protected' member in 'final' class" to make member private.
IDEA-90642 (Feature)	Hardcoded String shall ignore enum object constructor parameters
IDEA-91138 (Feature)	UtilityClassWithoutPrivateConstructor - add corresponding inspection for class not being final
IDEA-90329 (Feature)	Constructor with too many parameters shall have an option to be ignored according to its accessibility
IDEA-91717 (Usability Problem)	Class extends utility class inspection shall ignore utility classes
IDEA-91739 (Usability Problem)	'public' inner class inspection shall have an option to ignore public inner interfaces
IDEA-90851 (Usability Problem)	Add an ability to suppress inspections via comments for local variable initializers
IDEA-91395 (Cosmetics)	Inspection results detail cosmetics/usability
IDEA-91353 (Bug)	Existing inspection warning marked as invalid
IDEA-91767 (Bug)	There must be some way for 'Deprecated API usage' inspection to ignore importing deprecated classes
IDEA-90685 (Bug)	Access to static field locked on instance data shall ignore accessing the logger
IDEA-55378 (Bug)	Propagate font size settings to inspect code reports
IDEA-89146 (Bug)	"Replace fully qualified class with import" doesn't work if the class name is line-wrapped
IDEA-91605 (Bug)	TestNG assertEquals inspection should not flag (double, double, double) overloads
IDEA-91011 (Bug)	Cast to concrete class shall have an option to ignore equals() method
IDEA-91543 (Bug)	Resetting filter in inspections dialog filter also removes selected inspection
IDEA-91752 (Bug)	assertEquals() called on array inspection wrongly reports on TestNG
IDEA-91755 (Bug)	Overly broad 'throws' clause inspection does not recognize thrown exceptions hierarchy correctly
IDEA-91439 (Bug)	StringBuffer replacement with String is wrong when char[] is involved
Code Coverage	
IDEA-90992 (Bug)	covered lines are marked as uncovered if editor is splitted
IDEA-91228 (Bug)	Code Coverage shows empty classes as not covered
Code Formatting and Code Style	
IDEA-89379 (Usability Problem)	Export Settings Includes other.xml When Only Code Style Selected
IDEA-91261 (Bug)	Code Style Arrangement: grayed out modifiers are available for selection

IDEA-91826 (Bug)	arrangementRules section in codeStyleSettings.xml does not preserve order of elements
IDEA-91629 (Bug)	Code formatting produces errors
IDEA-91703 (Bug)	Jade: lines of comments get indented with spaces + tabs on reformatting despite the settings (Use tab = on)
IDEA-91271 (Bug)	Code Style Arrangement: when creating a new rule 'abstract', 'synchronized', 'transient' and 'volatile' modifiers are grayed out regardless of selected type
IDEA-91256 (Bug)	Code Style Arrangement: multiselection is allowed, but Delete multiple rules action deletes only one
Code Navigation	
IDEA-91275 (Usability Problem)	TODO View: "Scope Based" Scope-combobox has no grouping
IDEA-91464 (Bug)	"go to implementation" shows incorrect classes when multiple interfaces are involved
Compiling Project	
IDEA-91100 (Bug)	Annotation processing still configured when using JDK 1.5
Database	
IDEA-91547 (Usability Problem)	Allow selection of data source in active Database Console
IDEA-90874 (Bug)	Cannot update database row from Database Console
IDEA-91496 (Bug)	Rename context menu raises error on data source
Diff_Merge	
IDEA-90933 (Bug)	Commit-Diff base version is very read-only
Editor. Editing Text	
IDEA-85796 (Feature)	shortcut for generating javadoc
IDEA-91723 (Bug)	Triple Ctrl+Q is not working
IDEA-91410 (Bug)	Folded code is changed in column editing mode
IDEA-91493 (Bug)	Conflict shortcut in Emacs keymap of "comment" and "undo"
IDEA-91694 (Bug)	Can't delete last blank line with Ctrl+Y
File System	
IDEA-90813 (Bug)	Local file system in tests doesn't refresh files
Flash_Flex	
IDEA-90336 (Feature)	Support for Adobe AIR 3.4 feature to directly install iOS apps on iDevice
IDEA-74191 (Feature)	Support debug on iOS devices
IDEA-91364 (Bug)	122.327: Flex plugin no longer understands default parameters?
IDEA-91344 (Bug)	private class incorrect type assign
GWT	
IDEA-91309 (Bug)	All classes in the same package are marked as unresolved

Grails	
IDEA-91597 (Usability Problem)	enhancing semantic marking (Ctrl+W) for grails dependencies
IDEA-90190 (Bug)	Grails 2.1 and Maven Debugging problem
Groovy	
IDEA-91500 (Feature)	Groovy: check assignability of tuple assignment
IDEA-90163 (Feature)	'Method can be static' inspection for Groovy
IDEA-91164 (Feature)	Should have an Intention to strongly type groovy variable
IDEA-91483 (Feature)	infer type of closure parameter if closure is casted to interface
IDEA-91259 (Feature)	'Convert simple getter to property' intention
IDEA-91342 (Feature)	Intention 'Remove redundant <expr>.class'
IDEA-90310 (Usability Problem)	Groovy: Allow to resolve references inside static closure to non-static class members
IDEA-90738 (Bug)	In Groovy code the Split into declaration and assignment intention isn't available
IDEA-90896 (Bug)	Groovy: wrong auto-completion when typing "assert" in inline Closure definition
IDEA-90816 (Bug)	'Inline method' on Java method silently doesn't inline calls of this method in Groovy code
IDEA-91732 (Bug)	Groovy: Named argument completion produces unnecessary comma
IDEA-90400 (Bug)	Refactor rename on constructor renames the constructor not the class
IDEA-91373 (Bug)	Debugger highlights wrong groovy file.
IDEA-90422 (Bug)	Groovy: Smart completion doesn't work after "new " statement
IDEA-90995 (Bug)	'Safe Delete' for field in Groovy suggests to delete synthetic getter and setter
IDEA-91239 (Bug)	Superfluous extracted method return value for reassigned variables
Hibernate	
IDEA-91524 (Bug)	(Language injection) Incorrect HQL parser work
IDE Configuration	
IDEA-91674 (Bug)	Unable to import an inspection profile
IDEA-91757 (Exception)	CDE at ThreadLocalCyclicDependencyGuard.observe() on importing file template settings
J2EE.JSF	
IDEA-54104 (Bug)	JSF resources support missing partly in CSS
J2EE.Web	
IDEA-66877 (Feature)	requestScope.contextPath and alike paths to context root should be understood by editor
JSP	
IDEA-91600 (Usability Problem)	Layout problem for autocomplete popup in JSP
Java. Code Completion	

IDEA-91449 (Usability Problem)	Completion Usability problem
IDEA-90882 (Usability Problem)	"Implement methods" dialog marks the default methods to be implemented (needlessly)
IDEA-90883 (Bug)	Incorrect code template for default method implementation
IDEA-91083 (Bug)	JDK 1.8: Code Completion in one line expression lambda inserts unnecessary semicolon in some cases
Java. Error Highlighting	
IDEA-89867 (Feature)	"No implements clause allowed for interface" should have quickfix to change 'implements' to 'extends'
IDEA-91417 (Bug)	False positive by "Constant conditions & exception" in LocalFileSystemImpl.dominates()
IDEA-91380 (Bug)	False positive in "Constant conditions & exceptions" inspection
IDEA-91769 (Bug)	Diamond operator without assignment is in red for generics other than object. Compiles in javac.
IDEA-90899 (Bug)	Work with error in foreach causes strange IDE behaviour and fatal error
IDEA-91785 (Bug)	JDK 1.8: bad code is green: static default interface method should be error-highlighted
IDEA-91372 (Bug)	JDK 1.8: good code is red: local non-final variables accessed from anonymous classes are error-highlighted
IDEA-89726 (Bug)	Bad code green: List<String>.class
IDEA-91369 (Bug)	JDK 1.8: bad code is green: lambda with underlying type of interface with bounded type parameter, which has declaration type of interface with wildcard parameter
IDEA-91502 (Bug)	JDK 1.8: bad code is green: same named local variable and lambda parameter should be error-highlighted
IDEA-91665 (Bug)	JDK 1.8: bad code is green: extension methods in classes should be error-highlighted
Java. Intention Actions	
IDEA-91302 (Usability Problem)	No keyboard navigation in Create Class dialog (TAB and Alt-D won't select Target destination directory combo box)
IDEA-91041 (Bug)	Create Method intention creates bad code and changes semantics
IDEA-91797 (Bug)	JDK 1.8: "Replace lambda with anonymous class" intention should not silently add "final" modifier to local variables used in lambdas
IDEA-91789 (Bug)	Intentions: "Convert to class" intention results in invalid code if applied to an interface used in a declaration of a class which extends something
IDEA-91144 (Bug)	Methods with ? extends are overridden with warnings.
IDEA-91742 (Bug)	JDK 1.8: "Convert to class" intention incorrectly processes default methods in interfaes
Java. Refactoring	
IDEA-91267 (Usability Problem)	IDEA Ctrl+Alt+v (declare variable)
IDEA-90777 (Usability Problem)	Introduce parammeter from a local variable should always suggest the name of this variable by default
IDEA-91288 (Bug)	Inline Refactoring should not be allowed for variables initialized with condition
IDEA-91679 (Bug)	JDK 1.8: Pull Members Up Refactoring incorrectly pulls default methods
IDEA-91345 (Bug)	JDK 1.8: Extract Method Refactoring doesn't create parameters from lambda parameters

IDEA-91467 (Bug)	introduce parameter refactoring breaks code
IDEA-91371 (Bug)	JDK 1.8: Inline Refactoring doesn't allow to inline a variable declared in a lambda
IDEA-91631 (Bug)	Introduce Parameter results in Warning
IDEA-90959 (Bug)	Undo In Place Refactoring shows "Undo Go To Next Code Template Tab?" dialog sometimes
IDEA-91421 (Bug)	JDK 1.8: Inline Refactoring: confusing message is shown on attempt to inline a variable, defined in a lambda and accessed for writing
IDEA-90720 (Bug)	"Make static" refactoring on method which creates an instance of static inner class creates unnecessary qualified new expression
Maven	
IDEA-60719 (Feature)	Maven: pass MAVEN_OPTS to maven server
IDEA-90895 (Bug)	Do not try to compile resources for maven archetype projects.
IDEA-91781 (Bug)	Move maven profile setting to workspace.xml from misc.xml
SQL	
IDEA-91070 (Usability Problem)	Incorrect syntax highlighting for PostgreSQL Anonymous Functions
IDEA-90927 (Bug)	Oracle SQL: Code completion for table names only works case sensitive
IDEA-91548 (Bug)	Postgresql Dialect support is incomplete, and flags errors for correct schemas at least in 9.x
IDEA-91384 (Bug)	Oracle update statement lacks table-name completion
IDEA-90320 (Bug)	Completion doesn't work in sql if you start from the beginning
Spring	
IDEA-66353 (Feature)	spring: allow Ctrl-Q on "insert...properties" dialog
IDEA-91441 (Feature)	Spring Batch: check that batch:step element doesn't contain both 'next' attribute and 'next' subelement
IDEA-91443 (Feature)	Spring Batch support: check that "tasklet" element defines transaction-manager attribute or bean with 'transactionManager' name exists
IDEA-27212 (Feature)	spring: resolve reference in new ClassPathXmlApplicationContext("classpath:some-context-file-name.xml")
IDEA-90943 (Feature)	Support SpEL in org.springframework.cache.annotation.Cacheable CacheEvict attributes
IDEA-90648 (Feature)	Spring: Marking a Setter as @Required should count as entry point
IDEA-91434 (Feature)	Spring Batch: job: check that the bean with 'jobRepository' exists or the job@job-repository attribute is set
IDEA-91438 (Feature)	Spring Batch support: batch:job-repository element: check that transaction-manager and data-source attributes are provided or beans with default names exist
IDEA-91512 (Bug)	Spring Batch support: job@ref rename is performed incorrectly
IDEA-84470 (Bug)	Regression of IDEA-79243 in IDEA 11.1.1 where in Spring tests, inherited @ContextConfiguration annotations aren't recognized
IDEA-91284 (Bug)	Performance is extremely slow when using Ctrl+Shift+Space inside constructor
IDEA-91437 (Bug)	Spring Batch: <batch:job-repository> w/o explicit 'id' can be referenced by 'jobRepository' name
IDEA-91698 (Bug)	More problems with Spring @Configuration and profiles
IDEA-82817 (Bug)	Spring + Hibernate 4: the values in packagesToScan attribute value can be comma-separated, but blank space using as separator should be shown as error

IDEA-91869 (Bug)	spring mvc: resolving of SimpleUrlHandlerMapping controller bean reference no longer working
IDEA-91435 (Bug)	@Inject annotated constructors shows error in XML
IDEA-89405 (Bug)	SpringEL should support static method calls
IDEA-91419 (Exception)	SOE at com.intellij.util.xml.impl.CollectionElementInvocationHandler.checkValidity
Task Management	
IDEA-91365 (Bug)	'Open task' dropdown only drops down once
UML	
IDEA-86108 (Cosmetics)	Java UML: tooltip for package-name rendering
Unit Testing. JUnit	
IDEA-91348 (Performance Problem)	completion in Java/Kotlin freezes IDEA
User Interface	
IDEA-88178 (Feature)	Provide possibility to override the default icon for actions (actually Set Icon is enabled for actions with absent icon only)
IDEA-91642 (Usability Problem)	Consider reinstating modal dialog box when using "Check for update"
IDEA-89194 (Usability Problem)	please return control panel in run/debug configurations to top
IDEA-91251 (Cosmetics)	Can`t read information in debugger (red on grey in darcula)
IDEA-91334 (Task)	Event log default icon should be 13x13
IDEA-72903 (Bug)	Debugger tooltips and Intention tooltips hide each other
IDEA-91681 (Bug)	Deadlock on asynchronous loading Live Templates configuration in Settings dialog
IDEA-91574 (Bug)	Darcula on Mac: standard comboboxes look ugly
Version Control	
IDEA-91360 (Bug)	Changes Repository view: context menu item is not fully visible
IDEA-90705 (Bug)	com.intellij.openapi.vcs.changes.conflicts.ChangelistConflictTracker#clearChanges generates full refresh of project view and local changes
IDEA-90314 (Bug)	Move to Another Changelist dialog - dropdown doesn't show selection change when done using keyboard
Version Control. CVS	
IDEA-89916 (Cosmetics)	Column alignment incorrect for partial changesets in Incoming changes
IDEA-58957 (Bug)	Merges of files with comments containing ===== produces non compiling classes
IDEA-88523 (Bug)	zip file conflict -> idea destroys zip file no matter which option is chosen
IDEA-91559 (Bug)	CVS: Import into CVS: disable Finish if the NameInRepository field is empty

Version Control. Git	
IDEA-85562 (Bug)	Getting remote branches in Pull Changes hangs waiting for ssh passphrase
IDEA-85603 (Bug)	Git pull / update branches hangs waiting for SSH server key confirmation
IDEA-91584 (Bug)	Wrong commit found when searching in git log
IDEA-91733 (Bug)	Git Pull doesn't work for HTTPS
Version Control. Perforce	
IDEA-90028 (Feature)	support for perforce .ignore files, new P4IGNORE feature
IDEA-87746 (Usability Problem)	version control should automatically ignore files that are excluded by the perforce client spec
IDEA-90147 (Performance Problem)	Contextual menu in project view hangs for a while occasionally on "Local History..."
Version Control. Subversion	
IDEA-62095 (Usability Problem)	Unable to import to subversion using "share"
IDEA-91572 (Bug)	Error saving merged data: Argument 0 for @NotNull parameter of > com/intellij/openapi/vfs/VirtualFile.setBinaryContent must not be null
Web Services	
IDEA-86024 (Feature)	WebServices: Axis2: provide new templates for generated web.xml, axis2.xml
IDEA-91729 (Feature)	Web Services: Axis2: provide ExposeClassAsWebService intention
IDEA-91859 (Usability Problem)	Web Services: ShowDeployedWebServices action should be available for glassfish only
IDEA-91283 (Bug)	Web Services: CXF: Generate WSDL From Java fails
IDEA-91285 (Bug)	Web Services: CXF: the sample webservices should be generated correctly
IDEA-91358 (Bug)	Web Services: RESTful CXF: New/RestfulWebserviceClient creates the code that requires jersey
IDEA-91356 (Bug)	Web Services: RESTful CXF: the Generate WADL from Java action is available but fails w/o jersey library
IDEA-91357 (Bug)	Web Services: RESTful CXF: GenerateJavaFromWADL action is missing
IDEA-91346 (Bug)	Web Services: CXF: Rest: correct New/RestWebServer should be created
IDEA-91719 (Bug)	Web Services: when adding web service facet to existing module incorrect configuration (2 WEB-INF folders) are created
IDEA-91847 (Bug)	Web Services: Axis2: incorrect options are suggested on client generating
IDEA-91727 (Bug)	Web Services: Axis2: the created web service should be added to services.xml
IDEA-91721 (Bug)	Web Services: Axis2: on new web service creating interface is created in the incorrect directory
IDEA-91854 (Bug)	Web Services: Axis2: UnexposeClassAsWebService should remove the current service
IDEA-91857 (Bug)	Web Services: Axis2: service class in-place rename from services.xml is performed incorrectly
IDEA-91853 (Bug)	Web Services: Axis2: new web server creation overrides the existing services.xml
IDEA-91748 (Bug)	Web Services: Axis2: the generated axis2.xml causes deployment errors

IDEA-91333 (Bug)	Web Services: correct warning text that appears on WSDL from Java generating for default engine if java 7 is used as project jdk
IDEA-91848 (Exception)	INRE at com.intellij.util.indexing.FileBasedIndexImpl.a
IDEA-91728 (Exception)	SIOOBE at com.intellij.ws.references.WSDDReferenceProvider\$WSMethodReference.getCanonicalText
XML	
IDEA-20688 (Bug)	XSLT Run/Debug configuration allows to Debug
	Unknown
IDEA-90930 (Bug)	"View -> Show Source" keyboard shortcut (Ctrl+Enter) does not work
IDEA-91337 (Bug)	doc popup for variable: missing link for ArrayList
