

IntelliJ IDEA 2018.1 181.4096.5 Release Notes

No subsystem	Bug	IDEA-187695	Idea logging from the "Periodic tasks thread" leads to a deadlock
	Bug	IDEA-187505	Locally-referenced images are not displayed in quick doc
Code Formatting and Code Style	Bug	IDEA-186983	NullPointerException at saving changed code folding settings
Code Navigation	Usability	IDEA-187037	Provide ability to change name and presentation of 'Navigate Class' action in IntelliJ-based IDEs
Debugger	Bug	IDEA-187528	Quick evaluate with lambdas broken
	Bug	IDEA-181303	java.lang.IllegalArgumentException by org.jetbrains.org.objectweb.asm.ClassVisitor while running JUnit tests with latest EAP
	Bug	IDEA-187338	Async stacktraces may not work with several debug sessions
	Bug	IDEA-187632	Remove extra colon in breakpoint configuration
Docker	Feature	IDEA-184656	Support --shm-size, --security-opt, --name options
	Feature	IDEA-185384	Docker. Support --cpus command line option
	Bug	IDEA-186952	DockerCompose. RunConfig. Choose Configuration File dialog: disable "Ok" until we choose or auto-detect any file
	Bug	IDEA-187158	DockerCompose: RunConfig. Different path separators: "/" and "\" in the "Compose Configuration Files" dialog
	Bug	IDEA-187326	Invalid target key inspection in docker-compose.yml
	Bug	IDEA-187496	DockerCompose: False inspection error for the value: ulimits
	Bug	IDEA-178756	compose YAML: support types with different scalar / sequence / dictionary representation
	Usability	IDEA-187040	DockerCompose: RunConfig. "Choose configuration file or folder" dialog: provide multi-selection.
Editor. Editing Text	Feature	IDEA-178801	Multi-line pasting in line comments
	Bug	IDEA-184675	Structure view: incorrect, unexpected Expand behavior
	Bug	IDEA-187135	Pasting multiple lines of Javadoc is broken
Groovy	Bug	IDEA-187312	Javadoc render wrongly in Groovy when methods with multiple parameters are linked
JSON	Usability	IDEA-185072	Kubernetes. Json. Add "type" tip into the inspection error description.
Java. Inspections	Bug	IDEA-187094	Assume.assumeNotNull() from JUnit is not taken into account by the NullPointerException-related inspection
	Bug	IDEA-186852	Incorrect refactoring for Float.valueOf(0x123) and Float.valueOf(0123)
	Bug	IDEA-187645	NPE warning is not issued when "null -> null" method is called with Nullable argument
Java. Intention Actions	Exception	IDEA-187526	"Add static import" with an intervening comment leads to exception
Kubernetes	Feature	IDEA-185224	Kubernetes: Yaml. Validate Integer values
	Bug	IDEA-187343	Kubernetes: improve "Change Notes" for plugin
	Bug	IDEA-187357	Kubernetes. Yml. Labels: false inspection by empty labelValue and absent error at key/value ending with "_"
Run Debug configuration	Bug	IDEA-187519	Run button not disabled for for debug only run/debug configurations

Spring	Feature	IDEA-184281	Spring Boot: Endpoints: Show gutter icon on request mapping handler method
	Feature	IDEA-185897	Spring Boot: Endpoints: support new SB 2.0.0 mappings endpoint's output format
	Bug	IDEA-183441	Cannot display Spring Webflow popup
	Bug	IDEA-184398	Spring Boot: use canonical format of configuration keys also for harvested POJO properties
	Bug	IDEA-187394	Spring initializr wizard: strip trailing "/" for custom Initializr URL
Version Control. Git	Bug	IDEA-187375	Partial commit checkboxes are not always shown
	Bug	IDEA-187335	On Partial Shelf reverts only selected changes are shelved, but the whole file is reverted
	Bug	IDEA-187498	On partial shelve the changes excluded from shelve are moved to default changelist
	Bug	IDEA-187702	Git: Resolve conflict during rebase - "Accept Theirs" does not work
	Bug	IDEA-187706	Partial Commits: First included file is not selected in commit dialog by default
	Bug	IDEA-185221	Git 2.16 considers Builtin SSH as simple client => `ssh variant 'simple' does not support setting port` error on remote operations
	Bug	IDEA-187425	Partial Commits: Exclude Lines From Commit action does not work with deleted blocks
	Bug	IDEA-187426	Partial Commits: Exclude Lines From Commit action does not work with selection in left editor
	Bug	IDEA-187748	Partial Commit: can't move file with changed line separators to another changelist
No subsystem	Bug	WEB-31108	"closing tag matches nothing" shows on the correct tag of vue file
	Bug	WEB-31444	When debugging Node.js, computer logs out after a while
	Bug	WEB-31520	TypeScript parse/syntax error: "formal parameter expected"
	Bug	WEB-31412	React Native Run configuration does not start
CSS	Feature	WEB-7317	Provide option to complete styles from all CSS files even if current file has a style tag
Dart	Bug	WEB-31482	Intention action list is sometimes wrong in Dart
	Bug	WEB-31486	Dart code completion list is incorrectly sorted
	Bug	WEB-31403	Dart Structure View missing sort button
	Task	WEB-31498	Auto-exclude .dart_tool folder
File Watchers	Bug	WEB-31413	File watcher (prettier) marks files as generated files
	Usability	WEB-27952	File Watchers which modify the current file cause prompts to Reload From Disk on Undo
JavaScript	Feature	WEB-30918	webpack 4: exclude dist folder by default
	Feature	WEB-13397	Filename<->Class detection on Rename
	Feature	WEB-27638	Support Named capture groups for JavaScript RegExps
	Bug	WEB-30113	Incorrect suggestion for empty return statement inside generator function
	Bug	WEB-31464	Simple Flow function return type syntax is not recognized
	Bug	WEB-31361	No 'abstract class / interface cannot be instantiated' warning when implementing JSDoc interface with imports
	Bug	WEB-19719	ES6: The `yield` and `new.target` keywords may not be used in an arrow function's body

	Usability	WEB-31473	Flow's output changed in version 0.66, now the IDE's Flow error messages need to be adapted
	Task	WEB-31469	webpack 4: update config schema
JavaScript. Frameworks	Bug	WEB-31480	Win. Wrong symbol when creating vue project
	Bug	WEB-31484	Renaming an angular component should suggest to rename file according to Angular style guide
	Bug	WEB-31506	Vue create project: empty combo box for linter selection
	Bug	WEB-31475	Vue CLI: do not show progress as a separate dialog window
	Bug	WEB-31474	Vue CLI: reset project creation on pressing cancel
	Bug	WEB-31479	Project template dropdown should be disabled for @vue/cli
	Bug	WEB-31512	Generating Angular Components doesn't work
	Bug	WEB-31439	Create a method from angular template with params generates red code
	Cosmetics	WEB-31476	Vue CLI: capitalise yes-no answers
	Cosmetics	WEB-31499	Vue CLI: update texts
	JavaScript. Refactoring	Bug	WEB-31477
Linters	Feature	WEB-31158	Support reformatting non-JS files with 'prettier' (CSS, HTML, markdown, etc)
	Bug	WEB-31465	vue project created by <vue cli 3.0> has no eslint error inspection in ".vue" file
	Bug	WEB-31363	Prettier: Settings: correctly layout labels and do not mark page as changed when no action was performed
	Bug	WEB-31339	Prettier: hide "Reformat with Prettier" action for not supported files
SASS	Bug	WEB-31193	Go to symbol for Sass/SCSS mixins and variables doesn't work when typing dash
TypeScript	Feature	WEB-30820	Add type guard statements to postfix templates
	Bug	WEB-31374	Typescript:can't infer type from non-existing optional property
	Bug	WEB-31470	Getter/Setter should be generated with the same access type
	Bug	WEB-31540	StackOverflowError occurs when parsing TypeScript with certain generics
	Bug	WEB-31493	TS valid syntax marked as invalid: readonly async
DB Console	Exception	DBE-5953	DBE-5953 AE: SqlPsiElementFactory#createROFile
DB Refactoring	Bug	DBE-634	MS SQL Incorrect statements for modifying a table column default value
Data Import & Export	Exception	DBE-5985	java.lang.IllegalArgumentException: Argument for @NotNull parameter 'typeName' of com/intellij/database/extractors/ObjectFormatter.isBit must not be null
Data Views	Bug	DBE-5969	Syntax error inserting row with all column values default similar DBE-2057
	Usability	DBE-6003	Ctrl+Shift+Left should be used as Editor Action: Move Caret to Previous Word with Selection
IDE General	Feature	DBE-5999	Ability to sort items in structure pane
SQL Editing	Bug	DBE-5958	DB2: Syntax Error at temporal Table Select Statement with BUSINESS_TIME alias
	Bug	DBE-4532	Structure tool window view changed in recent IDE versions
	Usability	DBE-2248	SQL: File Structure: table item is preselected if the caret is right after the last character of a column definition
	Usability	DBE-2249	SQL: File Structure: if current statement is not shown selection could be preset to the nearest shown element

SQL Highlighting	Bug	DBE-5995	PostgreSQL. Good code red. Custom sampling_method
	Usability	DBE-5855	PostgreSQL CITEXT type and extensions not supported
User Interface	Feature	DBE-5515	Make it possible to choose default console for all project SQL files
	Bug	DBE-4273	Table Names Sort Does work on DB2 database
