Leda 120.152 Release Notes

No subsystem	
IDEA-83547 (Usability Problem)	"Show implementations" does not show derived interfaces
IDEA-86137 (Performance Problem)	Intellij Freeze
IDEA-88859 (Performance Problem)	Performance hit on com.intellij.openapi.util.IconLoader.getDisabledIcon(Icon)
IDEA-87650 (Bug)	Atlassian Connector for IntelliJ IDE problem
IDEA-88221 (Bug)	Create new Python/Django module failure
IDEA-88715 (Bug)	Exception on "Restart "Rerun failed tests""
IDEA-80927 (Bug)	Change Default Shortcut to stop editiing embedded Groovy (2)
IDEA-88537 (Bug)	File Cache Conflict diff viewing dialog has no maximize button and is too small
IDEA-64252 (Bug)	Move statement up does not work after an anonymous inner class instantiation
IDEA-88779 (Bug)	java.lang.IndexOutOfBoundsException: queue is empty
IDEA-88507 (Exception)	Throwable at ToolWindowManagerImpl.notifyByBalloon() from notification
Android	
IDEA-65774 (Feature)	Add Open File location Button in Android export dialog.
IDEA-88555 (Bug)	Android - Design mode does not honor existing namespace prefix when code is generated designer (adding view element attributes or adding views)
IDEA-87978 (Bug)	'plurals' resources are not recognized by code analysis/completion
IDEA-88338 (Bug)	logcat highlight and filtering does not work on Android 4.1
CSS	
IDEA-83991 (Feature)	Provide more specific contexts for live templates in CSS
IDEA-76122 (Feature)	No palette for "Color" variables in SASS, LESS, and CSS complex properties like gradient
IDEA-68086 (Feature)	CSS width/height suggestion with image size
IDEA-88519 (Bug)	Unexpected formatting live templates
Code Analysis. Inspection	
IDEA-86621 (Feature)	Detecting dead catch blocks
IDEA-60595 (Feature)	Logger initialized with foreign class multiple logger classes
IDEA-88776 (Feature)	Do not mark declarations as unused when they are marked with particular annotations
IDEA-88800 (Usability Problem)	Extra confirmation step when removing external annotation
IDEA-88376 (Usability Problem)	"Inspection '...' options" popup menu group cannot be expanded using Return-key
IDEA-87652 (Bug)	Accessing member of nullable reference is not flagged if it is casted
IDEA-88801 (Bug)	Undo doesn't work after adding an external annotation
IDEA-88406 (Bug)	False positive 'constant conditions & exceptions'

IDEA-88191 (Bug)	inconsistent "'this' reference escaped in object construction" when using static method import
IDEA-87870 (Bug)	Inspections: "Unnecessarily qualified static access" inspection doesn't report references from nested/inner classes
IDEA-88425 (Bug)	"Constant conditions & exceptions" inspection fails in the presence of multicatch
IDEA-53612 (Bug)	ConstantConditions inspection options instead of MethodWithMoreThanThreeNegations
IDEA-88468 (Bug)	Bogus trailing comma in annotation array initializer warning
IDEA-50496 (Bug)	Spellchecker doesn't honor character escapes in Java/Groovy string literals
IDEA-82125 (Bug)	"Overridden methods are not annotated" warning is incorrect for complex hierarchies
IDEA-88649 (Bug)	Settings	Inspections – JavaScript inspections (all branches) are ALWAYS got fully expanded
IDEA-87640 (Bug)	Unnecessarily qualified static access results in "Illegal forward reference"
IDEA-61570 (Bug)	Conflicting alt-a shortcut in Settings > Inspections
Code Coverage	
IDEA-88614 (Usability Problem)	Coverage: for equal percentage sort by total lines/classes/methods
Code Formatting and Code Style	
IDEA-88337 (Bug)	Reformatting code in file forces "Do not show this dialog in the future"
ColdFusion	
IDEA-88298 (Bug)	Upgrade to 120.11 removed the ColdFusion Server Mapping from my project
IDEA-88357 (Bug)	Show Declaration doesn't resolve 'super' references correctly
IDEA-83123 (Bug)	Un var'd variables are not availanle in other functions for code completion
IDEA-83100 (Bug)	Smarter Scope Handling
Compiling Project	
IDEA-70162 (Usability Problem)	Default list of compiler resource patterns is arbitrary and incomplete.
IDEA-88411 (Bug)	External compiler should use PROJECT_JDK (currently it uses IDEA_JDK)
IDEA-88847 (Bug)	compiler resource patterns incomplete and project specific rather than global
Console	
IDEA-88486 (Bug)	Regression => Guard console is broken
Database	
IDEA-88606 (Usability Problem)	Database table editor: new row rejected by the database cannot be re-sent after correction
IDEA-63258 (Usability Problem)	Database table editor: Escape does not work in cell editing mode in specific (most) cases
IDEA-88367 (Bug)	Database tool window: "Generate and Copy DDL" and Quick doc (Ctrl+Q) report different types than used on creation
IDEA-88883 (Bug)	Cannot edit query result in Database Console anymore
IDEA-88613 (Bug)	Database tool window: Derby: Quick Doc shows SQLException for a table with name with quote

IDEA-78677 (Bug)	Improvements to executing SQL queries directly from SQL file editor
IDEA-88675 (Exception)	Database tool window: IAE at DdlBuilder.columnRef() on getting DDL for Oracle table with index including several columns, one is descending
Debugger	
IDEA-67206 (Usability Problem)	When I Alt+Click near breakpoint marker, it becomes removed
Diff_Merge	
IDEA-88601 (Feature)	Can't open diff by clicking files in apply patch dialogue
IDEA-87028 (Usability Problem)	Merge: do not show All Changes Processed dialog when only one part of conflict is applied
IDEA-86287 (Bug)	Merge markers doesn't fully joined
Editor. Editing Text	
IDEA-88349 (Usability Problem)	reformat (of xml)
IDEA-87779 (Bug)	My code is deleted on the fly if 'Add unambiguous imports on the fly' option is enabled
IDEA-88511 (Bug)	Code Completion: Case sensitive completion: 'First letter' option doesn't work
IDEA-88302 (Bug)	SmartEnter doesn't work when caret placed at the start of line
Find, Replace, Find Usages	
IDEA-88810 (Bug)	Find in Path Dialog, combo box for cusom scopes: down arrow does not scroll through whole list
IDEA-70523 (Bug)	Shortcut to navigate between highlighted usages
Flash_Flex	
IDEA-75796 (Feature)	Undeclared namespace suggestion could be smarter
IDEA-88199 (Performance Problem)	When editing mxml files, sometimes IntelliJ locks up
IDEA-65829 (Performance Problem)	Flex MXML code completion is slow if namespace is not declared
IDEA-87721 (Bug)	Sometimes all members of an MXML file are marked with error 'duplicate declaration'
IDEA-87638 (Bug)	Incorrect 'Unknown CSS property embedAsCFF' warning for embedAsCFF style
IDEA-88469 (Bug)	Flex Run Dialog doesn't support $PROJECT_DIR$ anymore
IDEA-87450 (Bug)	[Flex] Whenever I try to write a new If-Statement ... as soon as I type the "(", IntelliJ replaces this with "isFinite()" ...
IDEA-66272 (Bug)	Idea opens duplicate source files in remote Flash debugging session and ignores breakpoints set in the project file
IDEA-88470 (Bug)	Clicking frames in Flex debugger leads to wrong sources
IDEA-88563 (Bug)	Incorrectly generates html wrapper
IDEA-22387 (Bug)	When debug error occurs in library open library source file
IDEA-87276 (Bug)	autocomplete dosnt know statement "final"
Groovy	

IDEA-88124 (Feature)	Groovy: Code | Generate on a JUnit test class could suggest to create Test, SetUp and TearDown methods
IDEA-87834 (Feature)	Groovy: 'Split string' intention
IDEA-88528 (Bug)	broken target checking for annotations
IDEA-88347 (Bug)	Incorrect parameter popup hint
IDEA-88134 (Bug)	Groovy: highlight public modifier before generic method in interface as error in Groovy <= 1.8
IDEA-88650 (Bug)	inccorrect resolve for java.util.List
IDEA-88854 (Bug)	#!/usr/bin/env groovy goes to 2nd line after refactor/moving the groovy file from default to foo package
IDEA-88262 (Bug)	Groovy keywords are not highlighted in Power Save mode
IDEA-87823 (Bug)	For Groovy configured import layout is not taken into account
IDEA-87907 (Bug)	Selection is unexpectedly expanded when extracting a methods from index expression
Hibernate	
IDEA-88428 (Bug)	Underscores in variables cause an error in HQL parsing
IDE Configuration	
IDEA-88024 (Cosmetics)	Recent Projects list on Welcome screen mixes project names and paths
IDEA-88630 (Bug)	Cannot remove custom file type
IDEA-21292 (Bug)	Settings -> Path Variables: value - truncate tail spaces
IDEA-88720 (Bug)	IDEA crash if import settings from default idea settings dir
IDEA-87679 (Bug)	Plugin manager: Browse Repositories -> "refresh" seems to access all repositories instead of selected
J2EE.Tomcat	
IDEA-88167 (Bug)	Tomcat run configuration doesn't deploy the application in IDEA 12
JSP	
IDEA-40911 (Bug)	JSPX: code completion inserts not escaped '<' and '>' for generic classes
Java. Code Completion	
IDEA-73186 (Feature)	"Create setter and getter" for generation menu for non-existent method like setSomething or getSomething
IDEA-88844 (Feature)	Complete enum members in annotations when type is obvious
IDEA-88517 (Usability Problem)	Smart Completion: offer names for variables and parameters
IDEA-88366 (Cosmetics)	Code completion popup draws placeholder icon for entries which do not have icon at all
IDEA-88769 (Bug)	Java keyword completion: duplicate "final" suggestion
IDEA-88368 (Bug)	Properties key autocompletion usability
IDEA-88335 (Bug)	Class name not completed by prefix

Java. Error Highlighting	
IDEA-87539 (Cosmetics)	Unnecessary qualifiers highlightings should use more intuitive attributes
IDEA-87672 (Bug)	Fake Java error is shown in code
IDEA-87673 (Bug)	Red squigglies on lambda expressions in JDK8 builds
Java. Intention Actions	
IDEA-81079 (Feature)	New Intention: wrap statement in null-check
IDEA-88760 (Usability Problem)	Rename intention doesn't bring up the same UI as the rename refactoring
IDEA-88863 (Usability Problem)	?????
IDEA-88761 (Bug)	Assignmen to 'null' inspection lacks "Mark as @Nullable" intention
IDEA-88435 (Bug)	"Remove unnecessary parentheses" doesn't remove anything
IDEA-87564 (Bug)	create method from usage (with generics) generates uncompilable code
Java. Refactoring	
IDEA-88689 (Feature)	Move Inner Class to outer should have better problem preview
IDEA-88814 (Feature)	(RFE) Intention for pushing condition deeper into conditional expression
IDEA-80000 (Feature)	Suggest extract method name with nearest comment above block
IDEA-87693 (Usability Problem)	Usability: moving classes to different package should have better default for the target destination
IDEA-88886 (Bug)	Inlining method leaves naught
IDEA-88882 (Bug)	Inline method doesn't inline inferred type arguments
IDEA-88758 (Bug)	Don't extract variable where it's impossible
IDEA-87963 (Bug)	For refactor "Extract Method": If only one duplicate of extracted code is found, selecting "Yes" for 'review and replace' does not review 2nd code fragment, it just replaces it.
IDEA-87654 (Bug)	Extract method fails to detect input variable if code fragment is located in unreachable else branch
IDEA-88413 (Bug)	No way to stop copying when using drag and drop to copy files from filesystem to project tree.
IDEA-82043 (Bug)	"change signature" quick fix corrupts text
IDEA-88471 (Bug)	"Move instance method" can generate bad code when moving to an interface
IDEA-87688 (Bug)	Create Method intention should insert type parameters when creating a static method
JavaScript	
IDEA-88762 (Bug)	JavaScript reformat greedily comments uncommented comma-separated lines in literal Objects which follow a line-comment
IDEA-88627 (Bug)	idea 120.100: hangs up
IDEA-88301 (Bug)	Node.js sources issues
JavaScript. Debugger	

IDEA-80423 (Bug)	Cannot close "Cannot Start JavaScript Debugger" dialog by pressing Close button
Maven	
IDEA-88215 (Cosmetics)	Maven: typo in "Error running" message
Plugin Support. DevKit	
IDEA-88380 (Bug)	Completion in plugin.xml <depends> tag: merge equal options
Product Documentation	
IDEA-88356 (Bug)	Some tips are not read
IDEA-88250 (Bug)	Rename "Introduce variable" to "Extract variable" in the ToD
Project Configuration	
IDEA-86947 (Usability Problem)	Run configuration list should support drag and drop to reorder the run configurations
SQL	
IDEA-75544 (Feature)	SQL: code completion could suggest valid series of keywords at once
IDEA-88892 (Usability Problem)	SQL: SQLServer, SQLite: typing opening bracket '[' does not insert closing one if non-whitespace characters are after
IDEA-83577 (Bug)	Good MySQL is shown as wrong
IDEA-88880 (Bug)	SQL: basic completion suggests nothing after last statement
IDEA-44164 (Bug)	SQL: completion inserts identifiers, which require quotes, without quotes
IDEA-88791 (Bug)	SQL: Code Completion: when quotes of delimited identifier are already typed completion inserts one more pair
IDEA-88568 (Bug)	Syntax problem when executing PL SQL
IDEA-88787 (Bug)	SQL: Code Completion: the whole keyword chain is inserted after already typed keyword
Spring	
IDEA-87528 (Feature)	Spring webflow: provide some support for Validators
IDEA-88492 (Task)	Spring Security: upgrade wizard to 3.1.1
IDEA-88403 (Bug)	Spring webflow: flows with spaces in names are not properly processed
IDEA-70198 (Bug)	Spring Integration support: properly support 'scheduler' attribute of 'delayer' element
IDEA-70196 (Bug)	Spring Integration support: application-event-multicaster element always report 'custom spring bean has not yet been parsed' warning
IDEA-71245 (Bug)	Spring Integration support: publishing-interceptor is not recognized as valid advice
IDEA-88274 (Bug)	Spring webflow: bean-import@resource attribute should allow only paths relative to the current flow
IDEA-71397 (Bug)	Spring integration support: secured-channels element is not recognized as Spring bean
IDEA-88271 (Bug)	Spring webflow: the beans from resource imported using bean-import are not recognized automatically

IDEA-88284 (Exception)	NPE at com.intellij.spring.webflow.diagram.WebflowDiagramDataModel.hasFile
IDEA-88282 (Exception)	NPE at com.intellij.spring.webflow.diagram.WebflowDiagramDataModel$4.fun
IDEA-88246 (Exception)	CCE at com.intellij.spring.webflow.diagram.editor.DeleteElementAction.getSelectedEdgeDomElement
IDEA-88273 (Exception)	IncorrectOperationException: Cannot find path between files on moving file referenced from bean-import@resource
Unit Testing. JUnit	
IDEA-61369 (Usability Problem)	JUnit test filter should have an option to also hide skipped tests
IDEA-87984 (Performance Problem)	Performance: navigating among failed JUnit tests is sluggish
IDEA-87921 (Bug)	Tooltip typo on "Rerun Failed Tests"
Unit Testing. TestNG	
IDEA-87716 (Bug)	"Run tests in <package>" doesn't run all the tests in a package
User Interface	
IDEA-88299 (Feature)	Copy line location (reference to the line)
IDEA-52461 (Usability Problem)	If path specified in path field in File Chooser dialog is under hidden directory it won't be selected until you enable "Show hidden" option
IDEA-88876 (Usability Problem)	Mnemonics in in-place refactorings popups conflict with ALT-actions
IDEA-87500 (Usability Problem)	Make UI work with Mac Retina display
IDEA-88334 (Usability Problem)	There is no middle matching in the goto inspection popup.
IDEA-88510 (Usability Problem)	File chooser: any item completion in the path field switches "Show Hidden Files and Directories" to Yes
IDEA-88838 (Cosmetics)	Typo in the eventlog message to renew your license
IDEA-62690 (Cosmetics)	Status bar hints VS accelerators
IDEA-38968 (Bug)	File chooser: path field: completion does not see hidden files and directories, even if the option to show them is on
IDEA-88364 (Bug)	Find Action by Name doesn't find "Show History" from Git
IDEA-88218 (Bug)	Image editor: Zoom In after many Zoom Out stops working before bringing the image back to actual size
IDEA-88551 (Bug)	keyboard shortcut for rollback doesn't work in commit dialog box
IDEA-88280 (Bug)	Cannot scroll down with arrows in "non-prefix matches" search results in "go to" popups
IDEA-87677 (Bug)	End space for exact match doesn't work with middle matching in goto popups
IDEA-88450 (Bug)	Prefix matches should be first in goto popups
IDEA-88300 (Bug)	Uneven toolwindow title formatting
IDEA-88820 (Bug)	Wrong button behavior in JUnit execution

Version Control	
IDEA-88485 (Usability Problem)	Cannot resize columns in file history tool window
IDEA-88786 (Usability Problem)	Cannot access TODO popup when commiting changes
IDEA-88487 (Cosmetics)	Commit: "Create Patch" missing ellipsis
IDEA-88514 (Bug)	Show diff from Changes View for Unknown plain text file (*.mm) produces "difference in line separators" label
Version Control. Git	
IDEA-88522 (Feature)	Support show commit on github in Annotated view
IDEA-88465 (Cosmetics)	Wrong dialog title
IDEA-88488 (Bug)	Git pull with conflicts produces "File Cache Conflict"
IDEA-88587 (Bug)	'Annotate' action from popup menu in File History table is always disabled for Git
Version Control. Perforce	
IDEA-88681 (Bug)	Perforce logging: <dir> - file(s) not in client view.
IDEA-68840 (Bug)	Perforce: If there are several roots with 2 different P4 servers, and one is not available, Changes | Local is not updated for second as well
IDEA-87635 (Bug)	Perforce: delete for file from inactive changelist shouldn't put it in active one
IDEA-54155 (Bug)	Perforce integration: "there are no jobs matching pattern" when job name is entered directly however the job can be found via search
IDEA-88668 (Bug)	Perforce: only the first integrated change is shown in Merge Tool when integrating several changes outside from IDEA
Version Control. Subversion	
IDEA-88351 (Bug)	NPE at org.jetbrains.idea.svn.history.SvnHistoryProvider.getUsedFilePath
Version Control. TFS	
IDEA-88141 (Bug)	Getting error when trying to show differences in revisions of file in TFS using WebStorm
XML	
IDEA-64075 (Feature)	Automatic XML Schema discovery
