

# Maia 95.54 Release Notes

No subsystem	
<a href="#">IDEA-52048</a> (Bug)	"Could not set package name for jsp files" message when creating an XHTML file
<a href="#">IDEA-52785</a> (Bug)	Endless update in file tree view
<a href="#">IDEA-53616</a> (Bug)	Printing does not work at all in current IDEA release candidate
<a href="#">IDEA-53906</a> (Bug)	Deadlock during shutdown
<a href="#">IDEA-51587</a> (Exception)	Exception when starting IDEA
Editor. Code Completion	
<a href="#">IDEA-53091</a> (Bug)	CamelHump autocompletion partially broken for variables with underscores in name
Code Formatting and Code Style	
<a href="#">IDEA-53776</a> (Bug)	Reformat ActionScript: lot of spaces between else and if should be replaced with a single one
HTML.Editing	
<a href="#">IDEA-52004</a> (Bug)	HTML Editor can't resolve file within conditional comments
Flex Support	
<a href="#">IDEA-53800</a> (Feature)	Surround with if: put boolean expressions into condition block instead of body
<a href="#">IDEA-53661</a> (Bug)	Inline method: usage is highlighted incorrectly
<a href="#">IDEA-53717</a> (Bug)	Create method from usage does not scroll to newly created method in Mxml file
<a href="#">IDEA-53869</a> (Bug)	Itar: should not suggest duplicate instance variable name
<a href="#">IDEA-26158</a> (Bug)	flex: simplifiable if statement: quickfix leaves dangling braces
<a href="#">IDEA-26737</a> (Bug)	mxml: "create namespace declaration" quickfix does not scroll editor
<a href="#">IDEA-53667</a> (Bug)	No 'infinite recursion' inspection for getters
<a href="#">IDEA-25737</a> (Bug)	flex: quickfix for unused local variable leaves empty lines behind
<a href="#">IDEA-48743</a> (Bug)	Asdoc from source: the first word is missing for the @return description
<a href="#">IDEA-53396</a> (Bug)	Reformat code breaks empty CDATA section in MXML
<a href="#">IDEA-53771</a> (Bug)	Actionscript 'Spaces near type reference' setting is not restored on dialog reopening
<a href="#">IDEA-53757</a> (Bug)	No highlighting for anonymous function missing return type
<a href="#">IDEA-53764</a> (Bug)	Global functions are not found via Go to symbol
<a href="#">IDEA-53551</a> (Bug)	Error should not appear stating that a remote URL is not accessible in case of 401 response
<a href="#">IDEA-26534</a> (Bug)	mxml: extracting method from event attribute doesn't shorten references
<a href="#">IDEA-53659</a> (Bug)	Incompatible override due to return type mismatch is not reported in some cases
<a href="#">IDEA-53245</a> (Bug)	Implementing interfaces with the [Bindable] tag causes IEventDispatcher inspection errors
<a href="#">IDEA-53683</a> (Bug)	Good code red in equality check
<a href="#">IDEA-51586</a> (Bug)	Good code is red: Array is highlighted as incompatible return type

IDEA-53379 (Bug)	Non-static members of any class autocomplete as static and its not highlight as error in the code editor.
IDEA-53774 (Exception)	exception in iter
JavaScript	
IDEA-53575 (Feature)	javascript: "complete statement" action should add closing parentheses
IDEA-26681 (Bug)	JavaScript: "Unresolved function or method jQuery()" when I put jQuery source to the project
IDEA-53583 (Bug)	CodeComplete in javascript file produces code with error
IDEA-53441 (Bug)	StackOverflowError from JavaScript parser
IDEA-53690 (Bug)	javascript: "Introduce Variable": provide better naming suggestions when introducing variable from indexed array access
IDEA-53594 (Bug)	javascript: 'create function' / 'create method' intentions produce red code
IDEA-53572 (Bug)	javascript: Ctrl-Shift-Enter does not always insert semicolon
Editor. Editing Text	
IDEA-53794 (Performance Problem)	IU-95.24 Typing in editor in java class is slow, possibly related to flex/swf
Code Analysis. Inspection	
IDEA-53049 (Bug)	<mx:Binding/> tags with static method calls cause inspection errors
IDEA-53401 (Bug)	typo inspection problems
Plugin Support. DevKit	
IDEA-52374 (Task)	Release source of Tomcat plugin
Project Configuration	
IDEA-53826 (Bug)	Eclipse integration doesn't resolve module libraries
IDEA-53844 (Bug)	Deadlock while modifying project structure
IDEA-53855 (Bug)	Eclipse: Maven_1 dependencies not recognised after import from eclipse.
IDEA-53742 (Bug)	Eclipse dependency storage is broken
Refactoring	
IDEA-53622 (Task)	Map help button of the Replace Constructor with Builder dialog box
J2EE.JSP	
IDEA-53535 (Bug)	Error message 'cannot resolve' is shown in JSP file if "<%= %>" construction is used
Groovy/Grails	
IDEA-53570 (Bug)	'groovy: final' should be parsed as an identifier in property access expression
IDEA-53571 (Bug)	resolve usages of statically imported properties to accessors
IDEA-51373 (Bug)	Groovy: statically imported class without package prefix is not resolved if all static members of the class are imported
IDEA-52997 (Bug)	Groovy: good code is red. A field and a property of the same name are error highlighted

IDEA-53851 (Bug)	Groovy: static import with package prefix is not resolved unless all static members of the class are imported
IDEA-53582 (Bug)	Groovy: wrong warning "Method cannot be applied to Type" for generic inheritors methods
IDEA-53140 (Bug)	Confusing message when removing groovy dynamic property
IDEA-53762 (Bug)	Groovy: "Make public" quick fix inserts "def" keyword instead of "public"
IDEA-53921 (Bug)	Groovy: statically imported members of a class are not resolved if they are imported via .* syntax without package prefix
IDEA-24721 (Bug)	Compilation with @Immutable class fails
IDEA-53580 (Exception)	Groovy: PsiInvalidElementAccessException at GrClassImplUtil.createBaseClassType() on deleting anonymously instantiated interface/abstract class
Editor. Intention Actions	
IDEA-52399 (Bug)	IDEA locks up on Create Property modal dialog error and must be killed via System task manger
Find, Replace, Find Usages	
IDEA-51809 (Bug)	Project search with more then one file pattern
UML	
IDEA-51265 (Usability Problem)	UML: F4 on a member item from should lead to member, not to containing class
Android	
IDEA-24164 (Bug)	Please update R in background (non-UI thread)
J2EE.Deployment and Run.Tomcat	
IDEA-53750 (Bug)	ClassNotFoundException when debugging web application in Tomcat
