Maia 93.54 Release Notes

IDEADEV-41982	I do not see issues from some projects from YouTrack
IDEA-26899	Generate WSDL from Java with static module dependencies
IDEADEV-42072	Schema is doubled in Data Sources
IDEA-26246	*flex: introduce...: unhelpful type calculation for MultiplicativeExpressions*
IDEA-26244	flex: introduce...: unhelpful type calculation for AdditiveExpression (concatenation)
IDEA-26248	*flex: introduce...: unhelpful type calculation for increment/decrement*
IDEA-26838	Eclipse .classpath is overriden with variable substitution
IDEA-26953	IDEA loosing "provided"-information
IDEADEV-41944	Maven: war overlays: if project module is used as war dependency, this module compile output should be included to resulted war
IDEADEV-41946	Maven: war overlays: for dependent wars - same project modules their libraries should be merged in resulted .war
IDEA-22317	Wrong Seam EL code completion/Error higlight with polymorph methods
IDEA-26699	JS: Inspection "Execution of dynamically generated JavaScript" false positive
IDEA-26750	flex: Introduce field / Introduce constant don't work in event handler attribute
IDEA-26744	JavaScript autocompletion fails to suggest anything if the project contains certain folder names
IDEADEV-42059	CME at com.intellij.openapi.vcs.impl.VcsInitialization.execute
IDEA-26873	XML literal is not parsed correct
IDEA-26898	Inspection HtmlFormInputWithoutLabel should not trigger on inputs with type="hidden"
IDEA-26932	CVS connection is performed from the UI thread (hangs IDEA)
IDEADEV-42061	Conditional breakpoints does not work in Flex debugging
IDEADEV-42045	Groovy Compilation Errors with Make
IDEADEV-40075	Library is not configured when Groovy/Grails/Griffon module is created with not global library
IDEADEV-42046	TestNG settings to run Maven are reset
IDEADEV-41747	Activity is missing in new Android module
IDEA-26630	Native libs are packaged incorrectly on Windows
IDEADEV-42041	Non-standard Grails scripts missing
IDEADEV-42031	Sporadic failures on subversion project update
IDEADEV-41999	'true'/'false' map keys generate analysis errors "Property Selector Expected"
IDEA-26870	CVS access with private key always asks for key password
IDEADEV-42028	Opening project freezes if locally modified CVS files open
IDEADEV-42024	Subversion: Update is not working properly
IDEA-25305	After adding a new maven module, my Version COntrol configuration is cleared.
IDEA-26869	Package-based scope definition is not remembered in multi module projects
IDEADEV-41971	Clicking background tasks icon (on status bar) doesn't hide window
IDEADEV-41970	Notifications Options controls are responsible only by DblClick
IDEADEV-41972	Maven: Idea does not "recompile/refilter" resources when profiles change
IDEADEV-42012	Hibernate @Entity annotation

IDEADEV-42019	Namespace not recognized in persistence.xml
IDEADEV-42017	Autowiring for bean class inspection wrong since IDEA 9
IDEADEV-42029	Files randomly loose their Perforce state
IDEADEV-42014	Opening a JSP by double clicking on it in the project view takes 5-6 seconds before it opens
IDEADEV-41974	IDEA hanging when adding new module to project
IDEA-22541	#{messages} not found eventhough #{messages} is a standard component
IDEADEV-42011	When clicking beyond the end of a file, cursor is placed at the beginning of the last line
IDEA-26783	IDEA loosing information about application server library in Eclipse project
IDEADEV-42008	Exception "Do not log ProcessCanceledException" after closing a Run window. The window greyed out and became unusable.
IDEADEV-41969	Code Style	Imports	Import Layout: Remove button not visible on Mac + usability issues
IDEA-26786	Intellij 9 requires junit 4.4 or above or junit @Test @Ignore does not work
IDEADEV-41968	IDEA always show Undefined path variable alert
IDEADEV-42002	Regression: JavaSourceTranslatingCompiler broken in MAIA
IDEADEV-41993	TFS checkin policies storage format is not compatible with Teamprise
IDEADEV-41996	Help	Default Keymap Reference opens IntelliJIDEA8_ReferenceCard.pdf if local pdf is not available
IDEADEV-41995	Null pointer on CVS commit
IDEA-26703	flex: bad code green: vector declaration without dot
IDEA-26685	flex: good code red: assignment of XML to String
IDEADEV-41992	IDEA in 9.0 final can't read SVN credentials anymore (worked in RC1)
IDEADEV-41915	Not logged to SVN notification: please don't connect to server in UI thread
IDEA-26131	glassfish v3 b73, is started, but IDEA can't connect
IDEA-26352	Introduce variable should be careful with 'delete' statements
IDEA-26717	JSON formatting makes code to long
IDEADEV-41989	Extract method: red code is generated when extracting void method
IDEA-26312	Ctrl+Q in lookups work for typed text and ignoring selected item
IDEADEV-41977	"convert to junit4" intention breaks code if assertXxx methods are used in non-test methods
IDEA-26675	Conditional compilation not supported
IDEA-26678	AS3 parser does not handle an import like a primary statement
IDEA-26677	[Embed] Metadata tag arguments
IDEA-26662	fontName attribute not expected by Embed metatag
IDEADEV-41949	"Rename" refactoring for property in JPA entity is unusable
IDEA-26529	mxml: exception when invoking code completion for @Embed directive
IDEADEV-41943	IDEA 9.0 text entry fields in the configuration panels for inspections are _extremely_ narrow on Mac OS X Leopard
IDEADEV-41914	Erb files based on java script shouldn't consider javascript strings with erb blocks as injected psi
IDEADEV-41754	Style .myTabs is highlighted as unused in CSS
IDEADEV-41909	IAE at com.intellij.psi.impl.search.PsiSearchHelperImpl.processUsagesInNonJavaFiles
