Leda 122.100 Release Notes

No subsystem	
IDEA-90037 (Usability Problem)	Plugins: remove exclamation sign in 'Required plugin is not enabled!' message
IDEA-90112 (Usability Problem)	Can't collapse nodes in file structure tree
IDEA-86893 (Performance Problem)	IntelliJ slow and constantly using 10% CPU
IDEA-89700 (Cosmetics)	Incorrect code placing when use Create Constant Field refactoring
IDEA-89992 (Cosmetics)	Grammar correction in Rename window
IDEA-90030 (Bug)	Create patch option is disabled on shelved changesets
IDEA-89747 (Bug)	Issue saving projects when Python project is open
IDEA-87487 (Bug)	Extract field lacks the space char
IDEA-89946 (Bug)	Editor shows incorrect compile error
IDEA-90223 (Auto-reported Exception)	exception after pressing "preview" button in the package move dialog
IDEA-89975 (Bug)	node.js process in launcher can't be stopped
IDEA-86357 (Bug)	DB2: Problem on downloading of LOBs
IDEA-89048 (Bug)	[MacOS X] NPE and a memory leak in options dialog
IDEA-89898 (Bug)	SrcFileAnnotator creates pooled threads without limit
IDEA-90160 (Bug)	.idea/inspectionProfiles/profiles_settings.xml is created then deleted on project create
IDEA-89792 (Bug)	Git: 'Branches' dialog is broken
IDEA-88142 (Bug)	SQL: PostgreSQL mod() function is highlighted as error
IDEA-87289 (Bug)	IntelliJ eats 4% CPU all the time (even when minimized for hours)
IDEA-89714 (Bug)	Running configuration from Alt-Shift-F10 popup does not honor "Allow single instance" option
IDEA-89568 (Bug)	Lots of exceptions on startup
IDEA-88527 (Exception)	Throwable at TypeConversionUtil.getSuperClassSubstitutor() on mouse over Overridden gutter mark with several versions of same library in classpath
Android	
IDEA-80787 (Feature)	Android Refactoring: Inline Style
IDEA-89678 (Bug)	Android Assets not packaged into APK
IDEA-88247 (Bug)	Android UI designer: The settings panel is not shown if rendering finished with error
IDEA-88321 (Bug)	Support for custom views in interface builder
IDEA-89908 (Bug)	Android emulator configuration doesn't save it state in UI
AspectJ	
IDEA-88969 (Bug)	Ajc Compiler does not work in IntelliJ 12
CSS	

IDEA-89529 (Usability Problem)	Create CSS selector in new file: dialog should have focus in File name field
IDEA-89294 (Bug)	Don't show CSS class usage as 'implementation'
Code Analysis. Inspection	
IDEA-89625 (Feature)	Create a new inspection to report on method calls inside loop conditions.
IDEA-87725 (Feature)	Inspection catching "suspicious array casts" would be very useful
IDEA-82137 (Feature)	New Inspection: "Class with public constructor"
IDEA-90074 (Feature)	Static method only used from one other class shall ignore test classes
IDEA-89882 (Feature)	RFE: SimplifiableEqualsExpression inspection should work for String.equalsIgnoreCase()
IDEA-89628 (Feature)	Add second auto-fix to inspection "Unchecked exception declared in 'throws' clause"
IDEA-89958 (Bug)	Deadlock in InspectionProfileEntry
IDEA-80850 (Bug)	Add an option to the Inspection "Redundant field initialization" to only check for redundant initializations to null.
IDEA-88156 (Bug)	Inspection "Class only used from one other package" produces false positives.
IDEA-89893 (Bug)	inconsistent "Redundant call to 'String.format()'" when using static method import
IDEA-90093 (Bug)	Hard coded strings does not work properly in exception subclasses
IDEA-70791 (Bug)	Inspection "Serializable class with unconstructable ancestor" should ignore classes with a writeReplace() method.
Compiling Project	
IDEA-90006 (Bug)	uncompiled project in Idea 12 build: Dependency data format has changed, project rebuild required
Database	
IDEA-70821 (Bug)	Database console launches scripts twice.
IDEA-88255 (Bug)	Database sidebar doesn't have a toolbar anymore: "console" action is not easily accessible.
Debugger	
IDEA-90010 (Bug)	Edit breakpoint popup: after a condition for bp1 has been entered, opening and closing the popup for bp2 results in setting the condition for bp2
Diff_Merge	
IDEA-64028 (Usability Problem)	"Compare with the Same Repository Version" should save changes to disk before invoking an external diff tool
IDEA-89918 (Cosmetics)	Merge tool: applied deletion change dotted line is shown shifted and inconsistently
IDEA-89644 (Bug)	compare: mislleading message
IDEA-87029 (Exception)	Merge: Throwable at com.intellij.openapi.diff.impl.incrementalMerge.ChangeList.remove
IDEA-88948 (Exception)	Merge Tool: artifacts on ignoring change after applying some: Throwable at com.intellij.openapi.diff.impl.incrementalMerge.Change.d
Editor. Editing Text	
IDEA-89499 (Exception)	Soft Wraps: Throwable at CaretModelImpl.moveToOffset()

Find, Replace, Find Usages	
IDEA-89886 (Feature)	"Find usages" action without modal dialog
IDEA-88171 (Bug)	Find Previous goes to last occurrence of text in file
Flash_Flex	
IDEA-87997 (Bug)	Package Air Application... Option Disabled
IDEA-89860 (Bug)	Screen DPI not passed to ADL for AIR emulation mode
IDEA-89957 (Exception)	Flex module not compiled with maven
Groovy	
IDEA-72885 (Feature)	Completion of methods taking multi-argument closures, like eachWithIndex{} or inject(){}, should add paramters to closure
IDEA-72388 (Feature)	Complete Current Statement with Closure as a last method parameter is buggy in Groovy
IDEA-68899 (Feature)	Completion after new should use diamond operator if possible in Groovy 1.8
IDEA-89935 (Bug)	Code completor makes wrong completion when adding arguments to closure
IDEA-89897 (Bug)	Groovy: legal code marked as error: ';', '}' or new line expected
Haxe	
IDEA-84205 (Feature)	haXe: "using"-completion
IDEA-83743 (Feature)	Run generated .swfs in something else than the Flash Player
IDEA-83871 (Feature)	Provide "Introduce Variable" feature
IDEA-85440 (Bug)	Haxe: NMML source path attribute minor analysis bug
J2EE.Tomcat	
IDEA-89014 (Bug)	Missing Terminate option in Server Run / Debug tool windows
IDEA-89928 (Bug)	Leda 122.31 & Tomcat: Resources from context.xml are not deployed
Java. Code Completion	
IDEA-90142 (Bug)	Do not propose contant names after '@'
IDEA-90013 (Bug)	bad completion suggestions
Java. Error Highlighting	
IDEA-73955 (Bug)	Incorrect Error ? Web Method problem:Class javax.xml.bind.JAXBElement not public or does not allow instantiation...
Java. Intention Actions	
IDEA-90103 (Feature)	Provide intention for changing base type in LHS to derived type when RHS type is more specific
IDEA-89734 (Usability Problem)	Override/Implement methods doesn't add @Nullable method annotation to created method

IDEA-88339 (Bug)	'convert to local' intention for parameter does not update method calls
IDEA-90003 (Bug)	Duplicate entry in throws declaration after invoking the "replace catch section with throws declaration" suggestion second time on another catch with same exception type
Java. Refactoring	
IDEA-90040 (Feature)	Optimize static imports refactoring
IDEA-89980 (Usability Problem)	Extract method Object Dialog inconsistencies
IDEA-90186 (Bug)	Severe bug with Refactor -> Migrate
IDEA-89853 (Bug)	Invalid formatting when creating a field from usage
IDEA-82319 (Exception)	Throwable at TemplateBuilderImpl.buildTemplate() on In Place Rename
JavaScript	
IDEA-84483 (Bug)	JSTestDriver: validate chosen JS file
IDEA-88702 (Bug)	Faulty Inspection Message Javascript Annotator
IDEA-88426 (Bug)	JsDoc: methods that implement methods of indirect parents don't have 'overrides' mark
Maven	
IDEA-90095 (Bug)	Cannot compile project
IDEA-74131 (Bug)	Failed to interpolate field: private org.apache.maven.model.Reporting ...
Packaging and Installation	
IDEA-64410 (Usability Problem)	Running IDEA from NSIS installer should run it as non-admin
Plugin Support. Architecture	
IDEA-89907 (Bug)	Plugin compiled and packaged with JDK7 hangs the startup splash image
Plugin Support. DevKit	
IDEA-90026 (Bug)	Devkit: EP jsp.el.elLiteralCustomReferenceProvider highlighted in red
SQL	
IDEA-89610 (Bug)	PostgreSQL inherited table without child fields reported as a syntax error
IDEA-76386 (Bug)	Support PostgreSQL ISNULL is missing
IDEA-75963 (Bug)	SQL: PostgreSQL: function anonymous parameter type with WITHOUT TIME ZONE specification is red
IDEA-90206 (Bug)	Wrong sql syntax error (PostgreSQL syntax)
Spring	
IDEA-70671 (Feature)	Spring Integration support: jms adapters: check that either 'destination' or 'destination-name' are provided if no 'jms-template'/'container' attributes are set
IDEA-68440 (Feature)	Spring Integration support: transformer element: check that exactly one of the 'ref' attribute, 'expression' attribute, or inner bean (<bean/>) are provided

IDEA-71117 (Feature)	Spring integration support: "ws:header-enricher": provide inspection that checks that for "soap-action" subelement exactly one of 'ref', 'value', or 'expression' are set
IDEA-68532 (Feature)	Spring Integration support: aggregator: validate value of 'send-partial-result-on-expiry' attribute to be valid boolean
IDEA-66903 (Feature)	Spring Integration support: check that channel adapter (inbound-channel-adapter/outbound-channel-adapter) has either 'channel' or 'id' attribute set
IDEA-68518 (Feature)	Spring Integration support: splitter: check that 'expression' subelement is not provided if either 'ref', 'expression' or inner bean are present
IDEA-26328 (Feature)	spring: improve dtd->xsd conversion intention
IDEA-70037 (Feature)	Spring integration support: resequencer element: provide inspection that checks that only one of release-partial-sequences and release-strategy are specified at once
IDEA-70435 (Feature)	Spring Integration support: file|ftp:inbound-channel-adapter: provide inspection that checks 'filter', 'filename-pattern' and 'filename-regex' attributes exclusivity
IDEA-70259 (Feature)	Spring Integration support: claim-check-out/claim-check-in elements: show error if no message-store is specified
IDEA-43795 (Usability Problem)	update dtd->xsd intention: make it work on xml prolog
Template Languages. FreeMarker	
IDEA-89719 (Feature)	freemarker: better Ctrl-W in @ftlvariable type attribute
Unit Testing. JUnit	
IDEA-90035 (Cosmetics)	jUnit progress bar cosmetics
User Interface	
IDEA-90111 (Feature)	Support file colors in Recent Files and Switcher
IDEA-41668 (Usability Problem)	Scope for Project TODOs
IDEA-89917 (Usability Problem)	Don't expand child nodes of expanded one
IDEA-89742 (Cosmetics)	Darcula on Mac: labels in the "IDE Fatal Errors" dialog have incorrect background
IDEA-70087 (Bug)	IDEA constantly eats 30-50% of CPU under MacOSX 10.6.7
IDEA-90102 (Bug)	Darcula - background color set when a "find in file" fails makes text illegible
IDEA-90176 (Bug)	Edit RegExp fragment intention doesn't move focus to new editor
IDEA-65735 (Bug)	Hint shown via HintManagerImpl.showEditorHint instantly disappears
Version Control	
IDEA-86406 (Usability Problem)	add a hotkey support for "Show all affected paths"
IDEA-81600 (Bug)	PyCharm 2.0.2 appears to save files whenever changes occur even when auto save is disabled.
Version Control. Git	
IDEA-59215 (Usability Problem)	git plugin default configuration is invalid under windows

IDEA-89878 (Bug)	No need to try merge --no-ff instead of rebase if there are no local changes
IDEA-89881 (Bug)	git push to an alternative branch pushed to the tracked branch instead
IDEA-90124 (Bug)	Git: manually deleted change is still shown as modified in changes view, removing modified status updates time-stamp even if autosave is option unset
Version Control. Subversion	
IDEA-89110 (Bug)	Gnome Keyring Password Dialog Shows User Input In Plain Text
IDEA-89993 (Bug)	Error updating changes: svn: E2048899: Generic IO errorCan not parse conflict reason: replace
