IDEA X 98.486 Release Notes

No subsystem	
IDEA-60571 (Feature)	Improved fix for "make auto-unboxing explicit"
IDEA-61494 (Feature)	Allow to toggle "Use soft wraps" on a per-file basis
WI-3603 (Feature)	Structure window (PHP tab): add additional overlay icons for abstract and final class methods (in a overlay)
IDEA-38259 (Usability Problem)	JetConnect: with no unread messages status bar shows no icon, but mouse click works
IDEA-51310 (Usability Problem)	Analyze stacktrace should not replace contents of Run tool window
IDEA-38191 (Usability Problem)	RSS reader could be not a modal dialog, but a tool window
IDEA-34593 (Usability Problem)	Feature lost from 5.0 to 6.0 -> same java class in both view panels via vertical split + CTRL N
IDEA-61229 (Usability Problem)	Increment/Decrement Height/Width actions should be dumb-aware
IDEA-61956 (Cosmetics)	Big padding between options in Settings - Editor
IDEA-55224 (Cosmetics)	Redundant ampersand in "servlet-name" label in New Servlet dialog
IDEA-51805 (Cosmetics)	Find usages dialog is too wide sometimes
IDEA-47141 (Task)	Generic include management facility
IDEA-55124 (Bug)	Can' restrict location of applicability of a GDSL
IDEA-59716 (Bug)	JSP Page Imports
IDEA-49959 (Bug)	Please, correct the spelling in the Generate Schema From Instance Dialog box
IDEA-59058 (Bug)	Deletion of package across all modules bug
IDEA-50622 (Bug)	Finishing basic class name completion with tab erases generics and constructor args
IDEA-52988 (Bug)	"Field can be local" inspection can't be customized to respect field injection annotations
IDEA-59575 (Bug)	SIOOBE at LocalFileSystem.findFileByPath()
IDEA-53284 (Bug)	Automatic Code Inspection continues to show warning despite @SuppressWarning instructions
IDEA-55727 (Bug)	JBossAS 6 shutdown support broken
IDEA-53092 (Bug)	Autocompletion after ctrl+z broken for some special variable names
IDEA-56467 (Bug)	save as live template inserts generics twice
IDEA-48308 (Bug)	xxxx is not presented in JRE Emulation liberary
IDEA-49839 (Bug)	StructurePopup (ctrl-F12): cannot switch off inherited methods filter for inner classes
IDEA-40430 (Bug)	JetConnect: all messages get "not read" status in case of starting without network connection
IDEA-48587 (Bug)	Static import inspection & intention action problems
IDEA-50590 (Bug)	When completing a field with qualifier casting, caret is placed inside typecast
IDEA-60393 (Bug)	HTML HREF inspection doesn't know tel URIs
IDEA-50099 (Bug)	build_searchable_options fails when target file does not exist
IDEA-61981 (Bug)	Generate javadocs: no documentation is generated for project located in path with spaces
IDEA-54071 (Bug)	Jboss remote deploy does not find ear Artifact

IDEA-57237 (Bug)	Ctrl+Shift+F10 in a Gant script always suggests to choose between Application and Groovy Script
IDEA-60633 (Bug)	INRE on reindexing with jsp file opened
IDEA-26640 (Bug)	False positive on "access outside of declared guards" inspection
IDEA-26644 (Bug)	Unguarded field access false positive: access in constructors
IDEA-59958 (Bug)	can not shut down or restart jboss server
IDEA-60410 (Bug)	Idea X EAP high CPU usage
IDEA-56417 (Bug)	IDEA restarter does not work (regression)
IDEA-61484 (Bug)	Cursor keys in comment in bug reporting window iterate thru bugs, not the comment's text
IDEA-49917 (Bug)	Please, add Help buttons and map IDs to the following dialog boxes
IDEA-51746 (Bug)	Groovy: pressing Enter inside braces in string literal doesn't produce multiline string
IDEA-38261 (Bug)	JetConnect: dialog columns are not correctly adjusted with different appearance settings (look and
IDEA-61863 (Bug)	Delete doesn't work for BMP entity bean classes in EJB view
IDEA-57602 (Bug)	Copy-paste sometimes doesn't work for files/directories between IDEA windows
IDEA-48746 (Bug)	IDEA restarter does not work the second time
IDEA-61915 (Exception)	Gant: NPE at AppletConfigurationProducer.createConfigurationByElement() on attempt to run empt
IDEA-59154 (Exception)	IAE at java.awt.image.DirectColorModel.createCompatibleWritableRaster
IDEA-57717 (Exception)	IllegalStateException: Attempt to mutate in notification
Packaging and Installation	
IDEA-61750 (Cosmetics)	Expiration date on the splash screen should not be localized.
Code Analysis. Inspection	
IDEA-57163 (Feature)	InstanceofChain inspection should ignore libraries.
IDEA-53732 (Feature)	"Magic number" inspection cannot ignore constant initialization
IDEA-62006 (Cosmetics)	Redundant whitespace in inspection problem description
IDEA-37280 (Bug)	Incorrect undo message dialog appeared after suppressing problem undo
IDEA-61858 (Bug)	"Unnecessarily qualified statically imported element" false positive
IDEA-61782 (Bug)	UNUSED_SYMBOL: Configure Annotations
IDEA-61662 (Bug)	Inspection "Class is a singleton" - false positive
IDEA-61066 (Bug)	"Overly broad 'catch' block" inspection displays false warning, causing quick fix to produce invalid
IDEA-61612 (Bug)	Supress annotated 'private field is never assigned' does not work anymore
IDEA-61010 (Bug)	Inspection "for loop replaceable with 'for each'" produces code that works differently when I am us with paramers
IDEA-53606 (Bug)	"'for' loop with missing components" inspection fails to handle multiple Iterator control variables
IDEA-61127 (Bug)	bad inspection for IF statement
IDEA-61468 (Bug)	NPE from DuplicateStringLiteralInspection.checkStringLiteralExpression on headless inspections rur
IDEA-54096 (Bug)	"Cast conflicts with instanceof" should ignore generic type.
Unit Testing. JUnit	

IDEA-11707 (Feature)	Export Junit/Run Results/Statistics.
IDEA-56916 (Bug)	Running jUnit-Tests: tests tree keeps entries expanded randomly ❓
Code Navigation	
IDEA-55880 (Bug)	Quick Documentation Lookup -> candidate selection window -> generic signatures may not display
IntelliJ Platform	
WI-4093 (Usability Problem)	PHP: "Create New PHP File/Class" dialogs navigation using "Tab" button skips comboboxes
Code Formatting and Code Style	
IDEA-56018 (Bug)	Reformatting Flex code does not honor "Special 'else if' treatment" setting
JavaScript	
IDEA-54572 (Feature)	Provide "suspicious variable/parameter name combination" inspection for JavaScript and Flex
IDEA-61020 (Feature)	JavaScript Library: Need feature to attach source folder
IDEA-61681 (Feature)	JavaScript: support for "use strict"
IDEA-61698 (Bug)	JSON file type is broken
IDEA-60394 (Exception)	JavaScript: Throwable at JSBracePostFormatProcessor$JSBraceEnforcer.visitJSForStatement() on c Style/Wrapping and Braces settings for JS if "Ensure right margin is not exceeded" option is enable
IDEA-54373 (Exception)	IndexNotReadyException
Flex Support	
IDEA-27246 (Feature)	Libraries are not included in output file
IDEA-60294 (Feature)	Suggest to create/run/debug Flex run configuration from HTML file context if it looks like swf wrapp
IDEA-60499 (Usability Problem)	Parameter Info not displayed when no closing paren
IDEA-57952 (Bug)	[flex] [actionscript] [mxml] Refactor->Move... ActionScript class creates BAD CODE if class was re using xmlns namespaces
IDEA-60322 (Bug)	Introduce field: don't add meaningless expression
IDEA-59788 (Bug)	ActionScript: incorrect usages highlighting on inlining var/const defined out of the current file; Thro JSInlineSettingsBase.addRangeHighlighterForPsiElement()
IDEA-60427 (Bug)	ActionScript: Change Signature -> Add Parameters Refactoring inserts incorrect default value when non-trailing parameter
IDEA-61404 (Bug)	good code red: unresolved variable systemClasses
IDEA-58500 (Bug)	flex: strange dialogs after invoking 'rename' on 'arguments' reference
IDEA-61622 (Bug)	Consider Brackets as Array
IDEA-59902 (Bug)	In MXML, instance as ClassName casting is not recognized and is reported in IDE as error
IDEA-60667 (Bug)	ActionScript: Inspections: "Type mismatch problem" doesn't detect type mismatches with closures
IDEA-61630 (Bug)	incorrect error: callback should have single parameter with single type
IDEA-60713 (Bug)	bad code green: cast: object to class
IDEA-60299 (Bug)	Missing warning: type Vector.<XXX> is not assignable to Boolean

IDEA-59700 (Bug)	ActionScript: Inline Function Refactoring incorrectly processes instantiation expresisons if function class instance
IDEA-61104 (Bug)	insert live template: type always as FQN, need to "replace with import statement"
IDEA-59832 (Bug)	ActionScript: Extract Function Refactoring incorrecrly infers resulted type as void if applied to assig with untyped variable
IDEA-61061 (Bug)	MXML: Live template END not ending in proper location
IDEA-62045 (Bug)	Choose class dialog: respect 'show non-project classes' checkbox
IDEA-50680 (Bug)	In injected context tooltip for TODO shows all CDATA text
IDEA-59411 (Bug)	Introduce field dialog: hide 'Initialize in' chooser when creating element out of class
IDEA-61189 (Bug)	Can't use relative paths in Flex compiler config with new compiler shell in IDEA X EAP
IDEA-61795 (Bug)	smart complete for vector: element type always as FQN, need to "replace with import statement"
IDEA-61557 (Bug)	ActionScript / JavaScript editing: unwanted keyword code completion while typing in single-line co
IDEA-61720 (Bug)	Extract anonymous function generates invalid code
IDEA-61428 (Bug)	good code red: object accessor type vs * accessor type
IDEA-61976 (Bug)	UML + Flex: don't suggest to create constructors in mxml components
IDEA-61607 (Bug)	Deadlock on Windows 7
IDEA-60646 (Bug)	ActionScript: Introduce Variable Refactoring with "Replace all occurrences" option enabled breaks t
IDEA-60647 (Bug)	ActionScript: Introduce Variable Refactoring applied to code in "if-else" block doesn't replace occur
IDEA-59495 (Bug)	ActionScript: Extract Function Refactoring applied to initialization expression results with uncompila is parameter/variable
IDEA-60863 (Bug)	Flex: Optimizing imports results in broken code
IDEA-59139 (Bug)	flex: type calculation for binary expressions can cause inadvertent logic changes (through "introdu and "add type" quickfix)
IDEA-25309 (Bug)	flex: extract method: don't insert superfluous semicolon
IDEA-59454 (Bug)	ActionScript: "Add type to declaration" quick fix applied to dynamic function suggest to insert type
IDEA-60809 (Bug)	ActionScript refactoring actions should not be suggested for plain Javascript
IDEA-59592 (Bug)	ActionScript: Introduce optional Parameter Refactoring fails if applied to array literal
IDEA-59298 (Bug)	ActionScript: Inline Method Refactoring looses beginning and trailing comments
IDEA-61979 (Bug)	Flex + UML: new field in .as class or .mxml component creation: type selector doesn't work
IDEA-60103 (Bug)	ActionScript: Inline Refactoring applied to a class property could be aware of private/protected clas property is referenced to
IDEA-61354 (Bug)	"i:" is automatically converted to "if", instead autocompletion would be expected.
IDEA-61867 (Bug)	ActionScript: Inline Method Refactoring looses beginning and trailing comments if there is only one function body
IDEA-61865 (Bug)	ActionScript: Inline Method Refactoring breaks code if function body starts with multiline block con
IDEA-56732 (Bug)	Missing error: Array used where a Boolean value was expected. The expression will be type coerce
IDEA-61777 (Bug)	Good code red: non-visual component should be allowed in root tag of <itemRenderer>
IDEA-59398 (Exception)	ActionScript: ClassCastException at VarOrFieldInliner.handleVariable() on inlining for..in loop iterat
IDEA-60429 (Exception)	ActionScript: NumberFormatException at JSInsertCastFix.applyFix() on "Insert Cast" quick fix wher numeric type
IDEA-59579 (Exception)	AcrionScript: Introduce Parameter Refactoring applied to closure suggests incorrect parameter valu JSIntroduceParameterHandler.getReplacementExpression()
IDEA-59400 (Exception)	ActionScript: NPE at VarOrFieldInliner.removeDefinition() on applying Inline Refactoring to for-loop

IDEA-62005 (Exception)	Exception opening diagram for some 'src' folder
IDEA-59289 (Exception)	JavaScript/ActionScript: IllegalArgumentException at JSIntroduceParameterHandler.createDialog() Parameter Refactoring called from main menu
IDEA-61975 (Exception)	CCE at com.intellij.lang.javascript.inspections.JSUnusedGlobalSymbolsInspection$1.visitJSReferenc
IDEA-61974 (Exception)	Throwable at com.intellij.openapi.util.ActionCallback$TimedOut.run
IDEA-50163 (Exception)	When rename action is invoked for package keyword in case of default package, exception is show
IDEA-60104 (Exception)	ActionScript: AIOOBE at VarOrFieldInliner.inlineUsage() on inlining a variable/field initialized with a
J2EE	
IDEA-61403 (Bug)	Web Beans: it would be nice to support 'webbeans' facet
IDEA-26446 (Bug)	Show Execution Point action doesn't work correctly with multiple debug sessions
IDEA-60734 (Bug)	On JavaEEApplication facet adding to created module don't create empty <module> tag in applicat
IDEA-51547 (Exception)	ClassCastException: com.intellij.facet.impl.autodetecting.model.DetectedFacetInfoImpl cannot be c com.intellij.facet.impl.autodetecting.model.FacetInfoBackedByFacet
IDEA-61523 (Exception)	RuntimeException: java.lang.ClassNotFoundException: com.jetbrains.plugins.webDeployment.transport.WebDeploymentTransportService
Project Configuration	
IDEA-60990 (Cosmetics)	Add an arrow to the Scope dropdown
IDEA-57680 (Bug)	Settings / Artifatcs / New Web/EJB/Java EE application exploded / from modules always get the na module in the list
IDEA-15323 (Bug)	Give warning when adding a new existing module to project that has same content root as prior m
Project View	
IDEA-58219 (Bug)	Drag and Drop and Copy and Paste between Projects are both broken
Plugin Support. Architecture	
IDEA-13709 (Usability Problem)	Outdated plugins are disabled even after an update
GUI Designer	
IDEA-61435 (Exception)	Ecxeption
J2EE.Glassfish	
IDEA-59625 (Bug)	Glassfish 3.1 fails with NoClassDefFoundError com/sun/enterprise/admin/cli/remote/RemoteSucces
Android	
IDEA-61878 (Feature)	Rename resource to/from 9-patch should not be treated as rename
IDEA-61727 (Performance Problem)	Major Memory Leak
IDEA-61447 (Bug)	XML validation does not take into effect styles
IDEA-61939 (Bug)	Built-in Android AAPT generator doesn't run
IDEA-61126 (Bug)	Can't run Android Tests because they're not deployed

IDEA-61994 (Bug)	Logcat eating 100+% cpu
IDEA-61489 (Bug)	Missing layout_width on TableRow is marked as error
IDEA-61222 (Bug)	Proper Javadoc support for android
Version Control	
IDEA-60368 (Task)	Add a Help button to the Create Patch dialog box and map a Help ID to it
IDEA-24858 (Bug)	VCS Edit->Cut Action on file managed by VCS should checkout file
IDEA-59768 (Bug)	Patch Applier: "Override" should be "Overwrite"
AspectJ	
IDEA-55547 (Feature)	AspectJ: support "inline" refactoring
IDEA-54710 (Feature)	AspectJ: allow setting breakpoints in .aj files
IDEA-54797 (Bug)	AspectJ: NPE in RefMethodImpl.<init> when running Analyze..Inspect Code
IDEA-55811 (Bug)	AspectJ: 'create' field quickfix creates field of incorrect type
IDEA-54050 (Exception)	IAE at com.intellij.psi.impl.PsiClassImplUtil.obtainFinalSubstitutor
IDEA-55807 (Exception)	IAE at com.intellij.codeInsight.generation.GenerateMembersUtil.positionCaret
J2EE.Hibernate	
IDEA-52413 (Bug)	Resolve of column name in @Table doesn't work if table name not explicit specified
J2EE.App Servers.Generic	
IDEA-60657 (Bug)	Cannot add JBoss 5.1.0 EAP application server
Version Control. TFS	
IDEA-51912 (Feature)	Support TFS 2010
PHP lang	
WI-3573 (Feature)	undefined variables can be resolved by declaring them global
WI-3997 (Usability Problem)	PHP: "Add constant" quick fix could place the caret to inserted definition
WI-4103 (Cosmetics)	"@return" phpdoc for SimpleXMLElement::xpath()
WI-4044 (Bug)	PHP: relative references with 'namespace' keyword are red
WI-4091 (Bug)	PHP: Introduce Constant Refactoring invoked in a script with a namespace places resulted definitio namespace declaration
WI-4039 (Bug)	PHP: definitions of same named functions from same named namespaces in different super-names code is red)
WI-3964 (Bug)	Unused local variable when using only $content of list($header, $content)
WI-4180 (Bug)	incorrect warning marker on globale namespace functions
WI-3922 (Exception)	PHP: Introduce Constant Refactoring: NPE at PhpRefactoringUtil.getFirstNotFieldChild() on introduc class that has no functions
Platform/JavaScript	

WI-3575 (Bug)	Call hierarhy broken if JS function invoking from HTML code.
WI-3024 (Bug)	Strange behaviour of "Move statement ..." activity in JavaScript code
J2EE.Tomcat	
IDEA-61820 (Bug)	Setting "make" of Tomcat run configuration builds whole project, not just necessary modules
IDEA-47468 (Bug)	idea unable to kill stuck tomcat process
Plugin: Deployment / FTP..	
WI-4137 (Cosmetics)	Typo in hint for "Upload here" action
Version Control. CVS	
IDEA-57550 (Cosmetics)	CVS SSH Password dialog has label with text "label"
IDEA-57932 (Exception)	CVS support: IOE at ChangeListStorageImpl.readPrevious() on attempt to show diff
Task Management	
IDEA-59859 (Feature)	Docked Nav Bar should show Task Selector
IDEA-25164 (Bug)	"Open Task"-dialog should be updated with current JIRA tickets also during the time it is opened
IDEA-58953 (Bug)	Cannot add task when JIRA is not up
IDEA-55912 (Bug)	task management hangs after typing a space
IDEA-55274 (Bug)	Wierd Exception when opening a project in a new window.
IDEA-61049 (Bug)	YouTrack issue suggestions in Open Task not updated
IDEA-61635 (Bug)	Completion upon Creating new Task is awkward
IDEA-53279 (Exception)	LogConfigurationException: Invalid class loader hierarchy on opening project with configured tasks
Web Services	
IDEA-55874 (Bug)	Web service method problem: Class java.lang.Class not public or does not allow instantiation
IDEA-57021 (Bug)	XJC generation error: java.lang.NoClassDefFoundError: com/sun/tools/xjc/XJCFacade
Compiling Project	
IDEA-56392 (Bug)	Make it possible to compile IDEA CE from sources exposed as tarball
IDEA-53169 (Bug)	?????
IDE Configuration	
IDEA-25697 (Bug)	On windows, opening a second project doesn't maximize the window
IDEA-58003 (Bug)	Idea X EAP does not set the selected code style schema when importing settings from Idea 9
IDEA-59162 (Bug)	IDE settings lost when switching to IDEA X
IDEA-51564 (Bug)	Restore Defaults button restores ALL menus, not just selected one!
PHP debug	
WI-1766 (Usability Problem)	When I switch between active debugging sessions, execution point should be updated or hidden at

WI-4003 (Usability Problem)	PHP debug: "Incoming debugger connection" dialog could show the port number
WI-3400 (Usability Problem)	Settings / PHP / Debug / Default debugger (XDebug, Zend) seems to be useless
WI-4064 (Bug)	debugger includes files twice when using require_once and include_once on same file in separate p
CSS Editing	
IDEA-60639 (Exception)	Exception when highlighting CSS file from Flex SDK
J2EE.EJB2	
IDEA-61618 (Bug)	Correctly treat EJB classes deleting
Documentation	
IDEA-61416 (Task)	Run/Debug Configurations dialog: the Edit defaults button has been replaces with the Defaults nod
IDEA-57112 (Bug)	[Context Help] There is no Help button for the New Action dialog
IDEA-48659 (Bug)	Documentation popup: Pressing 'back' does not update popup caption
IDEA-25111 (Bug)	Shelve Changes Dialog has no help
Refactoring	
IDEA-60797 (Usability Problem)	Introduce Field should default to setUp method location when triggered in setUp method
IDEA-61311 (Usability Problem)	New inline Introduce Variable: Support type casts
IDEA-24554 (Usability Problem)	Rename parameters: Change mnemonic to alt-a
IDEA-57221 (Usability Problem)	Do not reuse 'search in comments' and 'search for text occurrences' options for different kinds of e
IDEA-61605 (Usability Problem)	Introduce Field creates setUp() method at end of class
IDEA-61228 (Usability Problem)	Inline Quickfix for "Redundant variable" should not show dialog
IDEA-61861 (Usability Problem)	introduce field: add current name to the top of list
IDEA-61530 (Bug)	Exception
IDEA-56011 (Bug)	Introduce field fails in case of constructor parameter
IDEA-61830 (Bug)	Replace constructor with builder refactoring doesn't allow to place the builder in the default packag
IDEA-61739 (Bug)	Regression: Introduce constant uses method name instead of variable name
Editor. Intention Actions	
IDEA-61568 (Feature)	"Convert if to switch" intention should be able to convert to JDK1.7 string switch
IDEA-61564 (Feature)	"Convert switch to if" intention should handle jdk7 string switch statements
IDEA-56511 (Usability Problem)	Please reorder intentions
IDEA-21175 (Usability Problem)	Add "Show intention description" option for intentions popup

IDEA-61443 (Bug)	New 'Run Query in Console' doesn't recognize escape characters
IDEA-59925 (Bug)	"implement interface" / "create subclass" intention should not suggest production source directory in test source directory
	Unknown
IDEA-52016 (Bug)	Can't deploy exploded war to JBoss
Editor. Code Completion	
IDEA-49650 (Cosmetics)	javadoc class name completion: don't use FQN if the class is imported
IDEA-52529 (Bug)	enum member not suggested while adding a static array right in the enum class
IDEA-51318 (Bug)	Wrong completion variants layout in evaluate dialog
IDEA-58655 (Bug)	Ctrl+shift+space completion sometimes scrolls editor up
IDEA-61806 (Bug)	Basic completion susbtitutes too much text
IDEA-53883 (Bug)	Anonymous classes and Ctrl+Shift+Space completion may cause IDE Fatal error
Editor. Error Highlighting	
IDEA-25963 (Usability Problem)	"Javadoc pointing to itself" warning - should be possible to disable this
IDEA-61708 (Bug)	Code highlighting is disabled after creating MXML component
IDEA-61380 (Bug)	When typing, running inspection is not cancelled if it's running for different project
XML editing	
IDEA-61480 (Bug)	DocBook5: complains about xlink:href in <link>
Unit Testing. TestNG	
IDEA-48503 (Bug)	Unit test output tool rendering of expected/actual is too greedy and mistake jmock assertion outpu assertion output
GWT Support	
IDEA-55493 (Feature)	gwt: improve presentation for java reference variants in jsni
IDEA-61745 (Bug)	Stepping over the line (which handle procedure to Oracle DB) in debug mode is very slow
IDEA-58273 (Bug)	GWT warnings about modules not being inherited when the are
IDEA-42675 (Bug)	GWTTestCases implicitly inherit the JUnit module, but Intellij warns on use of classes imported fron
IDEA-24829 (Bug)	Maia 10781 gwt-module inheritance failure
IDEA-61491 (Bug)	UPA validation errors in UiBinder
IDEA-61424 (Bug)	CssResource Issues intention should check parent interfaces for style method names
IDEA-56729 (Bug)	GWT plugin totally broken in EAP
IDEA-61460 (Bug)	ClientBundle @Source with static final constant instead of literal causes exception
IDEA-61412 (Bug)	Code complete for gwt-image doesn't work any more in @sprite
IDEA-61410 (Bug)	non-first properties are parsed incorrectly in gwt css @sprite
IDEA-61487 (Bug)	ClientBundle methods that return an ImageResource are always marked as unused

IDEA-57670 (Bug)	GWT uibinder must understand inheritance on the java side of the ui.xml / java pair.
J2EE.JSP	
IDEA-59263 (Performance Problem)	Performance problems with EL variables resolving
Version Control. Subversion	
IDEA-60637 (Usability Problem)	"Import into subversion" window usability problem
IDEA-57628 (Bug)	"Checkout from Subversion" dialog should have Cancel button
Debugger	
IDEA-60038 (Usability Problem)	"Kill server" option should be available after "Stop" server is pressed
IDEA-61548 (Bug)	Toggling line breakpoint by clicking on a gutter doesn't work before debugger has been touched
IDEA-61180 (Bug)	When file is renamed, breakpoint file path is not updated
IDEA-59070 (Bug)	GroovyHotSwap plugin prevents debug launch in Tomcat
IDEA-50339 (Bug)	Smart step into handler from a wrong debug session is invoked
IntelliLang	
IDEA-61794 (Bug)	Language injection in non-Java languages doesn't work
J2EE.Struts	
IDEA-61308 (Bug)	Struts2 text tags not linked to resource bundle entries
Editor. Editing Text	
IDEA-61700 (Bug)	Add soft wraps support to VCS window
IDEA-61781 (Bug)	Soft wrap: deadlock on typing very long word at last line in editor with wrapped code
IDEA-55255 (Bug)	Ctrl-Left-click in editor goes to the wrong overloaded method
IDEA-59740 (Bug)	Paste in column mode incorrect when 2 rows selected
IDEA-61798 (Bug)	After using RM for a while, I sometimes lose part of the chrome
IDEA-61559 (Bug)	Editor deadlock during typing
IDEA-61870 (Bug)	Why java.lang.String comes from yaml-plugin?
IDEA-60526 (Bug)	Soft wrapping still not usable
IDEA-61515 (Bug)	Avoid OutOfMemoryError in case when application that performs huge output to stdout/stderr is ru
IDEA-61832 (Bug)	Code Folding: visual glitches in editor when working with classes that have copyright comment + c by default
IDEA-55073 (Bug)	Unable to paste a copied method reference into (a comment in) another project
IDEA-61677 (Bug)	Editor word wrap sometimes repeats lines
IDEA-60081 (Bug)	Soft wrap enabled causes diff view artifacts
IDEA-56517 (Exception)	Exception while indexing large java files
IDEA-61926 (Exception)	Soft wrap: Throwable at CaretModelImpl.moveToOffset() on typing very long word on last wrapped
IDEA-60542 (Exception)	Exception from soft wrap

IDEA-61715 (Exception)	Soft wrap: IndexOutOfBoundsException at SegmentArray.getSegmentStart()
IDEA-61972 (Exception)	Throwable at com.intellij.openapi.editor.impl.CaretModelImpl.moveToOffset
IDEA-61528 (Exception)	Soft wrap: ArithmeticException: / by zero at SoftWrapApplianceManager.calculateWidthInColumns(
IDEA-61763 (Exception)	AIOOBE at com.intellij.openapi.editor.impl.softwrap.mapping.SoftWrapApplianceManager$ProcessingContext.c
IDEA-61164 (Exception)	AIOOBE + SOE in soft wrap
IDEA-61040 (Exception)	IAE at com.intellij.openapi.editor.impl.softwrap.TextChangeImpl.advance
J2EE.Spring	
IDEA-61882 (Feature)	spring: treat "location" attribute of <jdbc:script> as Resource pattern
IDEA-62012 (Feature)	spring: plugin should contribute @Scheduled annotation to unused method extension point
IDEA-61916 (Bug)	spring: bean completion variants in Spring EL should get bean icon
IDEA-61885 (Bug)	spring: missing smart completion for @data-source attribute of <jdbc:initialize-database> element
IDEA-59207 (Bug)	File-level inspection suppression for XML not working?
IDEA-61555 (Bug)	spring: ugly cltr-hover "Dom Spring Bean Psi Target ..." for spring bean references
IDEA-61423 (Bug)	Spring Test class with @Resource: good code red
IDEA-61733 (Bug)	Regression: @Autowired beans configured in @Configuration class
IDEA-55691 (Exception)	Throwable at com.intellij.util.xml.impl.DomAnchorImpl.createAnchor
User Interface	
IDEA-60914 (Feature)	ctrl+tab switcher should display recent files if no tabs are visible
IDEA-52542 (Feature)	Enable drag and drop of files within editor split groups.
IDEA-61488 (Feature)	Allow to un-mark directories marked as test or source roots
IDEA-61828 (Usability Problem)	Invert Ctrl+Mouse wheel behaviour for editor
IDEA-50248 (Usability Problem)	By default Settings dialog has minimal size
IDEA-24560 (Cosmetics)	Use anti-aliasing settings in quick javadoc
IDEA-62026 (Bug)	'Module Settings' action is missing in module context menu
IDEA-62027 (Bug)	intellij locks-up on startup when logging in to sync server
IDEA-61312 (Bug)	Javadoc paragraphs in quickdoc are shown the same way as line breaks
IDEA-46020 (Bug)	Full screen mode: with modal dialog opened it's impossible to switch to different application
IDEA-60638 (Bug)	Dialogs with user input validation: error message hides another component (regression)
IDEA-57964 (Bug)	Confusing "Create ..." action in context menu
IDEA-61736 (Bug)	Use soft wrap in run output inconsistent behaviour
IDEA-61673 (Bug)	settings: custom plugins under PHP category
IDEA-61847 (Exception)	NPE at javax.swing.plaf.synth.SynthComboBoxUI$SynthComboBoxRenderer.getListCellRendererCo
Version Control. Git	
IDEA-61849 (Bug)	Git Log: provide border for details tab
IDEA-56699 (Bug)	Git: exiting from idea takes too long

IDEA-61566 (Bug)	DeadLock on git update
IDEA-55857 (Bug)	Git log: user filter adding causes exception
IDEA-60100 (Bug)	Not all users are available in adding user filter in Git history view
IDEA-61678 (Bug)	"Push Active Branches" does not work
Maven Integration	
IDEA-61583 (Feature)	maven: introduce variable: smarter name suggestion
IDEA-56965 (Usability Problem)	If VM Parameters string is too long "3 dots" button becames invisible
IDEA-61527 (Bug)	Cannot create IDEA project due to InvalidVirtualFileAccessException
IDEA-60133 (Bug)	generated-sources/test-annotations should be added to modules test sources
IDEA-56673 (Bug)	Maven: File is too big to be filtered. Most likely it is a binary file and should be excluded from filteri
WI specific	
WI-2682 (Bug)	Impossible to move row in the javacript array with Ctrl+Shift+Up/Donw
Groovy/Grails
