

PhpStorm 193.3793.21 Release Notes

| | | | |
|---------------------------|-------------|-----------------------------|--|
| PHP | Bug | WI-48495 | PHP 7.4 fails on Windows due to the conflict with libraries |
| | Bug | WI-41691 | Previous parameter action doesn't work |
| PHP Inspections | Bug | WI-48678 | PHPStorm 2019.2.1 fails to upload temporary file for phpcs |
| | Bug | WI-48725 | 'Inline local variable' doesn't delete declaration if 'inline variable' refactoring with option 'inline this reference only and keep the variable' was invoked |
| PHP Intentions | Feature | WI-47391 | Intention to format numeric literals with separator |
| PHP Refactoring | Bug | WI-48639 | Inline variable: Inline of a variable that is a reference to anonymous class/function should not be allowed |
| | Bug | WI-48596 | Inline function: unexpectedly keeps single quotes around variable value |
| | Bug | WI-41464 | Inline function refactoring not working correctly with variable interpolation |
| | Bug | WI-48597 | Inline function: fails when parameter is a string that uses double quotes |
| | Bug | WI-43874 | Inlining function inside if with not (!) should add parentheses around the inlined code, but doesn't |
| | Bug | WI-48638 | Inline variable: inline of object variable that calls method/field should not be allowed |
| | Usability | WI-48249 | Inline variable: doesn't remove static variable declaration |
| PHP Templates | Bug | WI-45533 | Blade: new lexer ignoring blade elements in php |
| | Performance | WI-47694 | Blade: Extremely slow response in the large blade file (lexer issue) |
| Core. IDE Settings | Exception | IDEA-223425 | Shell environment not loaded |
| Core. Installation | Bug | IDEA-222834 | Cannot open project by relative path across different IDEA instances |
| Core. Plugin Management | Bug | IDEA-222960 | Plugin conflict between included plugin and Markdown Navigator |
| Core. Project Settings | Exception | IDEA-222934 | Cyclic service initialization for bookmarks |
| Core. Run. Configurations | Bug | IDEA-222962 | Run Anything: invocations history is lost after new command entering |
| | Bug | IDEA-93940 | Run/Debug Folders: DnD should support multiple items |
| Core. SSH | Cosmetics | IDEA-222955 | Error message cannot be fully read |
| Core. Task Management | Bug | IDEA-222938 | Can't uncheck "Enable Cache" in `Settings -> Tools -> Task` |
| Editor. Color Schemes | Exception | IDEA-216690 | Exception occurs on importing a color scheme if a color scheme is incompatible |
| Editor. Editing Text | Feature | IDEA-223034 | Add support for for block caret-friendly braces highlighting and navigation |
| | Bug | IDEA-221958 | Quickly pressing Cmd-V and then Cmd-G to jump to next search result doesn't work correctly |
| Editor. Formatter | Exception | IDEA-222855 | 'Adjust code style' on the value of variable causes an exception |
| Lang. Shell Script | Bug | IDEA-216493 | [ShellScript] 'Rename all occurrences' is available on keywords |
| Lang. XML | Bug | IDEA-219411 | Settings Languages & Frameworks Schemas and DTDs: all paths to schema files appear in red though are properly resolved from xml |
| Lang. YAML | Bug | IDEA-222915 | Invalid errors in injections into Java |
| Tools. Docker | Bug | IDEA-201787 | Docker: DockerView hangs after running toomee/tomcat |

| | | | |
|-------------------------------|-------------|-----------------------------|---|
| Tools. Terminal | Bug | IDEA-223117 | Cannot move focus to next project using by IDEA hotkey when terminal is active |
| | Bug | IDEA-223264 | WSL paths are not clickable in terminal |
| | Usability | IDEA-223286 | `git log` in terminal switches to Version Control tab |
| User Interface. Controls | Bug | IDEA-222661 | Drop-down list size is not adjusted to the list size |
| User Interface. Navigation | Usability | IDEA-222570 | Recent files toggles between 3 files, not 2 as it was previously |
| User Interface. Services View | Bug | IDEA-223118 | Application Servers run configurations appear in the default list of RC to be run in Services after restart only |
| Version Control. Git | Performance | IDEA-222365 | "Find commit by hash" takes too much time |
| Version Control. Log | Usability | IDEA-164276 | Show progress while executing Git Log indexing |
| DB General | Bug | DBE-8736 | Don't write database model on EDT |
| DB Introspection | Bug | DBE-6627 | Sequences are not displayed in database structure for H2 databases |
| Data Views | Bug | DBE-9157 | Quick documentation for database rows produce invalid queries |
| SQL Completion | Usability | DBE-9070 | Option to disable smart join completion |
| SQL Format and Style | Bug | DBE-9185 | Unable to format correctly a view creation query that uses a "With query" |
| SQL Highlighting | Bug | DBE-9108 | Support SONAME syntax |
| | Bug | DBE-9167 | Snowflake SQL Dialect parsing error |
| SQL Resolve | Bug | DBE-6494 | rowversion type is not recognized by Datagrip |
| No subsystem | Feature | WEB-35796 | Vue.js: support style element src attributes with support vue-loader |
| | Feature | WEB-41489 | Curly braces not autocomplete in JSX tags |
| | Bug | WEB-41421 | Incorrect 'narrowed to' highlighting if type is not fully expanded yet |
| | Bug | WEB-25969 | Vue.js \$event and \$emit should be ignored by inspections inside template tags in vue files. |
| | Bug | WEB-41531 | "Run anything" is not working if package.json is not in the root folder |
| | Usability | WEB-40899 | Don't re-evaluate webpack config if there are syntax errors |
| | Exception | WEB-41499 | PluginException: Exception in plugin Java Server Pages (JSP) |
| Debugger | Feature | WEB-21626 | watch method return value not implemented in webstorm 2016.1.2? |
| | Performance | WEB-41324 | Throwable: LEAK: {}.release() |
| HTML | Feature | WEB-41487 | HTML tags including attributes in JSX blocks can't autocomplete the closing tag |
| | Bug | WEB-40570 | JavaScript fragments weirdly converts apostrophes and quotes |
| | Bug | WEB-378 | PHP code in conditional comments |
| JavaScript | Bug | WEB-41303 | JQuery.proxy warning |
| JavaScript. Frameworks | Bug | WEB-23401 | TODO not recognized in JSX comments |
| | Bug | WEB-41541 | No Auto Closing Parenthesis in Vue Single File Components |
| | Bug | WEB-41026 | Vuejs v-for index is resolved as array type instead of number |
| | Bug | WEB-41544 | Vue Class Components: Mixin properties are not resolved in template when using uppercase Mixins from 'vue-property-decorator' |
| | Bug | WEB-30600 | Vue.js: Component binded with v-model should not warn when the prop definition for value is defined as required |

| | | | |
|----------------------------|-------------|---------------------------|---|
| | Bug | WEB-41422 | Angular: inputs without brackets are reported as unknown if the property type is not explicitly specified |
| | Bug | WEB-40757 | Can't create @vue/cli@next project (v4.0.0-beta.3) |
| | Performance | WEB-41087 | vuejs autocomplete of tags is slow, taking 3-8 seconds to bring up results |
| | Exception | WEB-41547 | IllegalArgumentException: PsiElement(XML_ATTRIBUTE_VALUE).isValidHost() when resolve to file |
| JavaScript. Inspections | Feature | WEB-40586 | TS. Accessibility modifier already seen inspection |
| | Bug | WEB-41362 | "Pointless statement or boolean expression" inspection offers incorrect suggestion |
| | Bug | WEB-32647 | Duplicate case inspection works incorrectly for side-effect expressions |
| Profiling | Bug | WEB-41449 | NullPointerException when attempting to load heap snapshot |
| Stylus | Bug | WEB-41389 | Stylus: hex color code for opacity not correctly treated |
| TypeScript | Feature | WEB-41436 | Support TS control flow assertions and type flow with never-returning calls |
| | Bug | WEB-41466 | Insert type arguments completion handler should work only in TS files |
| | Bug | WEB-41086 | Wrong type inferring in typescript |
| | Bug | WEB-41490 | Class fields with non-null assertion are parsed incorrectly |
| | Bug | WEB-41509 | Incorrect type when destructuring value in arrow function |
| | Bug | WEB-41464 | Rested destructured parameter is typed to any if nothing else is destructured |
| | Bug | WEB-41480 | Renaming a property doesn't update usages when using const assertions |
| | Bug | WEB-40228 | Type duplication in inlay hints for union types |
| | Bug | WEB-39225 | TypeScript - rxjs pipe type inference issue |
| | Usability | WEB-41345 | First item isn't pre-selected in completion popup |
| | Task | WEB-41495 | More tests for recursive typescript types |
| Unit Tests | Bug | WEB-41514 | jest running no longer works properly in IntelliJ (reports tests as skipped) |
