

# WebStorm 183.5912.23 Release Notes

|                               |             |                             |  |
|-------------------------------|-------------|-----------------------------|--|
| Dart                          | Feature     | <a href="#">WEB-35830</a>   | Dart code folding does not support optional <code>`new`</code>   |
|                               | Bug         | <a href="#">WEB-36853</a>   | Dart web debugging: breakpoints that are set before debug session starting are not resolved when using SDK 2.1                 |
| JavaScript Frameworks         | Bug         | <a href="#">WEB-36722</a>   | Angular template files are not recognized if "@angular/core" is not a direct dependency  |
|                               | Bug         | <a href="#">WEB-37343</a>   | Syntax highlighting and code completion for Angular template language stopped working  |
|                               | Bug         | <a href="#">WEB-36089</a>   | ng-template is listed twice in the completion list   |
|                               | Bug         | <a href="#">WEB-37350</a>   | If directive has multiple selectors, non of them gets recognized in template   |
| Unit Tests                    | Bug         | <a href="#">WEB-37021</a>   | jest-intellij-reporter is failing with TypeError: jasmine.Spec.isPendingSpecException is not a function on Jest version 24.0.0 |
| No subsystem                  | Bug         | <a href="#">IDEA-206802</a> | "Columns List" context item not working  |
|                               | Bug         | <a href="#">IDEA-206341</a> | [Dump Threads in Run tool window] add java11 support   |
|                               | Task        | <a href="#">IDEA-206446</a> | Explicitly be aware that IBM JDK doesn't support <code>`report-cdata-event`</code>   |
| Code Navigation               | Bug         | <a href="#">IDEA-206342</a> | Hierarchy scope has disappeared  |
| Debugger                      | Bug         | <a href="#">IDEA-206175</a> | Watch variables: blue screen lag   |
| Editor. Editing Text          | Bug         | <a href="#">IDEA-196178</a> | Join Lines on selected text also joins not selected text   |
| Find, Replace, Find Usages    | Bug         | <a href="#">IDEA-203491</a> | "Search Everywhere" is missing files   |
| IDE Configuration             | Bug         | <a href="#">IDEA-206460</a> | Cannot not start IDE after 2018.3.4 update   |
|                               | Bug         | <a href="#">IDEA-206472</a> | Reformat Code does not work for JSON   |
| Indices                       | Performance | <a href="#">IDEA-205778</a> | Upgrade to IntelliJ 2018.3.3 (from 2018.2.x) causes high cpu/memory usage in idle state  |
| Plugin Management             | Bug         | <a href="#">IDEA-202421</a> | Enabling parent plugin from the depending plugin doesn't work  |
|                               | Bug         | <a href="#">IDEA-205032</a> | Updating plugins in an offline environment no longer works with new marketplace and custom plugin repository                   |
| Run   Debug configuration     | Bug         | <a href="#">IDEA-185342</a> | Shorten command line is missing on scratch run configuration even though prompted  |
| Structural Search and Replace | Feature     | <a href="#">IDEA-203929</a> | Check lambdas/method references type using <code>`getFunctionalInterfaceType()`</code> in structural search                    |
|                               | Bug         | <a href="#">IDEA-205240</a> | Editing a count filter put wrong value in max count editor if min count is not default   |
| User Interface                | Bug         | <a href="#">IDEA-203319</a> | "Run/Debug Configurations" dialog is opened without toolbar if invoked from Touch Bar while "Search Everywhere" was opened     |
|                               | Bug         | <a href="#">IDEA-205631</a> | The window with the addition of the note does not stretch vertically   |
|                               | Bug         | <a href="#">IDEA-205976</a> | Structure View shows content of the previously opened editor tab   |
|                               | Usability   | <a href="#">IDEA-204151</a> | New Search Everywhere doesn't have an option to filter out run/debug configurations  |
|                               | Cosmetics   | <a href="#">IDEA-204690</a> | Mojave: low contrast menu selection background   |
| User Interface. Focus         | Bug         | <a href="#">IDEA-86505</a>  | File Structure: renaming from the popup is broken  |

|                                  |           |                             |   |
|----------------------------------|-----------|-----------------------------|---|
| User Interface.<br>Look and Feel | Bug       | <a href="#">IDEA-200158</a> | High Contrast Theme: Menu bar and popup menu items are not highlighted when selected after restarting IDEA with "High Contrast" theme set |
|                                  | Bug       | <a href="#">IDEA-199525</a> | Mojave: selected item in context menu is highlighted with a different color than in the main menu   |
|                                  | Bug       | <a href="#">IDEA-207779</a> | Items in popup have two-tones highlighting when selected  |
| User Interface.<br>Navigation    | Usability | <a href="#">IDEA-199661</a> | Results in "Search Everywhere" are delayed  |
| User Interface.<br>Project View  | Bug       | <a href="#">IDEA-206431</a> | [Autoscroll from source] in Unpinned/Undock modes doesn't work when using mouse   |
| Version Control.<br>Git          | Bug       | <a href="#">IDEA-171517</a> | Ignore empty remote section in git config   |
