

# IntelliJ IDEA 14.1 141.104.1 Release Notes

No subsystem	
<a href="#">IDEA-137178</a> (Cosmetics)	"Copyright" sub-menu shows "JAVA" instead of "Java"
<a href="#">WEB-15556</a> (Bug)	Simultaneous HTML tag, breaks JSX code
<a href="#">IDEA-137224</a> (Bug)	custom file type keywords trigger Spelling/Typo inspection
<a href="#">WEB-15492</a> (Bug)	AtScript Formatting
<a href="#">IDEA-136966</a> (Bug)	JPS runner SOE
<a href="#">IDEA-137350</a> (Bug)	Wrong autocompletion for Java 8 constructor reference
<a href="#">IDEA-137296</a> (Exception)	IOE at com.intellij.psi.impl.source.PsiJavaCodeReferenceElementImpl.a
<a href="#">IDEA-137153</a> (Exception)	Throwable at com.intellij.openapi.components.ServiceBean.loadServicesFromBeans
Android	
<a href="#">IDEA-137188</a> (Exception)	Android: "Cannot add sdk-common.jar from plugin 'Android Support' to external compiler classpath", Throwable at BuildProcessClasspathManager.getBuildProcessPluginsClasspath
DB.Console	
<a href="#">DBE-1159</a> (Usability Problem)	Console: database result sets have same name for different consoles
<a href="#">DBE-1151</a> (Bug)	Progress indication for activities initiated from console's table result tab
<a href="#">DBE-1149</a> (Bug)	Console history: statements are sorted in a mixed way
Dart	
<a href="#">WEB-15449</a> (Feature)	Set project dir as default CWD for Dart command-line app launches.
<a href="#">WEB-10657</a> (Feature)	Implement Problems view for all Dart errors in the project
<a href="#">WEB-10325</a> (Feature)	dart debug: support "quick evaluate expression"
<a href="#">WEB-15309</a> (Bug)	Don't autocomplete when declaring a variable
Database	
<a href="#">IDEA-137234</a> (Bug)	MySQL SSL Tunnel always auth failure with OpenSSH 6.7
Debugger	
<a href="#">IDEA-132677</a> (Bug)	Groovy evaluation is broken if there are marked values
<a href="#">IDEA-137167</a> (Bug)	Debugger stops in groovy class files instead of sources
Eclipse Integration	
<a href="#">IDEA-133480</a> (Bug)	Eclipse integration: .iml content is not reduced on setting Dependencies Storage Format = Eclipse
<a href="#">IDEA-133542</a> (Bug)	Eclipse integration: external change or .classpath or .eml does not suggest to reload project (regression)

Gradle	
<a href="#">IDEA-137305</a> (Exception)	Gradle: AE at com.intellij.openapi.externalSystem.service.ui.ExternalSystemJdkComboBox.refreshData
HTML	
<a href="#">WEB-15550</a> (Bug)	HTML Tag name changing not working correctly
IDE Configuration	
<a href="#">IDEA-137104</a> (Bug)	Code templates don't save their state
IDE.User Interface	
<a href="#">DBE-1148</a> (Cosmetics)	PostgreSQL, MS SQL: tab name for result of SELECT statement is incorrect
<a href="#">DBE-1160</a> (Bug)	Database View: incorrect shortcut for console
<a href="#">DBE-1146</a> (Bug)	Console: no available schemas shown for Oracle, MS SQL, Sybase data sources
Jade	
<a href="#">WEB-14185</a> (Usability Problem)	Jade: do not invoke completion while typing dot after script/style tags
Java. Error Highlighting	
<a href="#">IDEA-137231</a> (Usability Problem)	'Add constructor parameter' quickfix is shown twice
<a href="#">IDEA-137276</a> (Bug)	Bad code marked green: accessing protected members of anonymous classes
Java.Inspections	
<a href="#">IDEA-137334</a> (Bug)	Tail recursion inspection reports non tail recursive code
JavaEE.JBoss	
<a href="#">IDEA-134984</a> (Feature)	Deploy to remote JBoss/Wildfly instance without staging
JavaEE.Struts	
<a href="#">IDEA-136655</a> (Bug)	AE at com.intellij.openapi.graph.impl.GraphPeerFactoryImpl.createEditModePeer
JavaEE.Tomcat	
<a href="#">IDEA-136006</a> (Exception)	StackOverflowError when selecting tomcat logs
JavaScript	
<a href="#">WEB-12384</a> (Feature)	ES6: Ctrl+click on imported module should navigate to module definition
<a href="#">WEB-15157</a> (Bug)	ES6: missing completion for imported variables
<a href="#">WEB-15459</a> (Bug)	correct JS code is highlighted as syntactically incorrect

JavaScript. Inspections	
WEB-15502 (Bug)	Object spread operators marked as error
JavaScript. Predefs	
WEB-11478 (Bug)	Add support for ECMAScript 5/6 objects
Maven	
IDEA-136910 (Feature )	Provide notification for detected Maven projects (pom.xml)
Packaging and Installation	
IDEA-137342 (Task)	PyCharm build with customized Java 1.8
Project Configuration	
IDEA-132300 (Usability Problem)	Import project dialog width auto resized on file scan
Run   Debug configuration	
IDEA-137169 (Bug)	some TestNG and JUnit run configurations cannot be run
SQL	
IDEA-137187 (Bug)	the PostgreSQL dialect misses support for data-modifying queries in common table expressions
SQL.Highlighting	
DBE-1161 (Bug)	MySQL: declare continue/exit handler for (number) shows as error - but it's not
Spring	
IDEA-137313 (Usability Problem)	Spring Boot: improve autocompletion in additional-config.json
IDEA-137297 (Usability Problem)	Spring Boot: Spring Initializr: validate the entered package value
IDEA-137347 (Cosmetics)	Labels on first page of the New Module --> Spring Initializr wizard
IDEA-137339 (Bug)	Spring Boot: include annotator-highlighting into Spring Model Validation
Task Management	
IDEA-132015 (Usability Problem)	Tasks plugin shows only issues assigned to me when connected to Redmine
TypeScript	

WEB-15479 (Bug)	TypeScript Compiler: validate Custom directory value
WEB-15541 (Bug)	Typescript type inference error within a closure
WEB-15540 (Bug)	With typescript compiler enabled, files with names matching ts files names are not shown in the Project view
User Interface	
IDEA-136299 (Bug)	Editor tabs get stuck or jump unexpectedly during tabs reordering via drag and drop
Version Control	
IDEA-131328 (Bug)	Shelf fails completely if one of patches couldn't be parsed
Version Control. Git	
IDEA-137208 (Bug)	Push dialog: adding invalid remote produces an exception
IDEA-92750 (Bug)	Option to fetch branch from remote (git) is gone
Version Control. Log	
IDEA-137132 (Bug)	Containing branches shows zero (because there are only tags)
spy-js	
WEB-15505 (Feature)	spy-js timeline labels
WEB-15544 (Bug)	Spy-js: Advanced navigation arrows are jumping while loading trace
WEB-15509 (Bug)	spy-js first run focus issue
