CLion 1.5 EAP, build 144.3357.5

No subsystem	Task	CPP-5048	Bundle Custom JDK on linux
	Task	CPP-5611	Featured plugins page on welcome wizard should propose JetBrains Markdown plugin instead of third party one
	Bug	CPP-2873	warning: ignoring option MaxPermSize=350m; support was removed in 8.0
Project Model	Bug	CPP-3088	Kill CMake processes when exiting IDE
Debugger: GDB	Bug	CPP-5617	EA-78104: GDBResponse$Parser.parse: no viable alternative at input '^done,"handle SIGSEGV nostop noprint pass"'
	Bug	CPP-5619	EA-78111: GDBResponse$Parser.parse: =breakpoint-modified
	Bug	CPP-5621	EA-78112: GDBRRPE: GDBResponse$Parser.parse: *stopped,changelist
	Bug	CPP-5622	EA-78108: GDBResponse$Parser.parse: =cmd-param-changed
	Bug	CPP-5623	EA-65300 GDBResponse$Parser.parse: ^done,changelist=
	Bug	CPP-5624	Correctly parse control sequences in GDB output
Editor. Editing Text	Bug	IDEA-150505	Underlines characters invisibles
	Bug	IDEA-149817	IntelliJ: Cannot navigate from usage to declaration of method because documentation overlay hides usage
	Performance	IDEA-150848	Editor leak in AccessibleEditorComponentImpl
File System	Bug	IDEA-150199	cannot create file with non-ascii characters in name
Find, Replace, Find Usages	Usability	IDEA-139310	"Find Usages" should report source usages before usages in generated code
Indices	Performance	IDEA-148981	Index rebuild doesn't complete after idea start
Task Management	Bug	IDEA-101238	Time tracking: Post work item: sending a comment with a space fails
User Interface	Bug	IDEA-150726	Gutter icons scaled wrong on Retina
	Usability	IDEA-149961	Zero latency typing mode ghosts old caret position briefly when editor.caret.width > 1
	Cosmetics	IDEA-150453	UI issues with speed-search in popup lists
Version Control	Bug	IDEA-150624	IDEA 15 "Apply Patch" is broken
	Bug	IDEA-148799	Unshelve changes with unassociated file. Don't cancel unshelving.
	Bug	IDEA-144633	On applying patch for file of unknown type adding the confusing error message is shown
	Usability	IDEA-35927	Provide better user experience when applying patch or unshelving fails for some files in the patch/shelf.
	Usability	IDEA-60470	Applying Patch: should do best attempt to apply to all files. Currently abandones process at first failure
	Exception	IDEA-148175	Exception when reverting a commit from VCS history
Version Control. Git	Feature	IDEA-136565	Add "Checkout with Rebase" action equivalent to "git checkout feature & git rebase master"
	Bug	IDEA-76778	Git: file marked as modified in project view and in editor after rebase --skip until project reopening
	Bug	IDEA-142648	Continue rebase reports success but does nothing when rebase --skip had to be called
	Bug	IDEA-72282	"Continue rebasing" should be disabled if no rebase operation is in progress

	Bug	IDEA-135299	'Git' -> 'Continue rebasing' reports "Successfully rebased 0 commits!" in case of error
	Bug	IDEA-81093	Invoke the Conflict Resolver automatically if a conflict happens during rebase
	Usability	IDEA-60413	IntelliJ should understand git rebase and show only relevant menu items
	Usability	IDEA-150358	Rebase reports error if user presses "cancel" in the interactive rebase dialog
	Usability	IDEA-55672	Git: Confusing error messages when all commits during rebase are marked as skipped.
	Usability	IDEA-55479	Git: auto-stash/unstash on 'rebase' command
Version Control. Log	Bug	IDEA-146846	Vcs log root filter: Ctrl+Click should be Cmd+Click on Mac
Version Control. Perforce	Bug	IDEA-148592	Dead lock in IntelliJ 15.0.1!
XML	Feature	IDEA-147004	Provide action to change order of attributes in xml tag
