Leda 122.519 Release Notes

No subsystem	
IDEA-91445 (Feature)	Macro for "Extrenal Tools" Name..
IDEA-86766 (Feature)	Add TomEE to server list
IDEA-88111 (Usability Problem)	Before Run->Another configuration: do not reuse tool window's content or allow switching between them somehow
IDEA-91950 (Usability Problem)	Too wide error message with unnecessary details
IDEA-90307 (Usability Problem)	Updating index not ends if incompatible plugin is detected on start
IDEA-92143 (Performance Problem)	IDEA locks up when editing Live Templates
IDEA-91998 (Performance Problem)	BookmarkManager posting too many invokeLater events
IDEA-90969 (Bug)	When "Recent Files" is invoked twice, it never goes away
IDEA-86873 (Bug)	Out of memory exception when trying to manage file encodings
IDEA-92079 (Bug)	UrlUtil.getChildPathsFromFile(URL) does not url-decode path when constructing the File instance
IDEA-72130 (Bug)	Groovy assignment in switch with fallthrough wrongly marked as unused
IDEA-69614 (Bug)	Dir diff: editing of a path to compare is ignored
IDEA-92112 (Bug)	Antialising issue on `Before launch` component
IDEA-73733 (Bug)	Looking for working copy root occurs repeatedly for the same working copy
IDEA-92191 (Bug)	Live lock on updating HashMap
IDEA-91866 (Bug)	Good code red - the return type of anonymous classes that use generics is wrong
IDEA-92036 (Bug)	The same error is shown too many times
IDEA-88931 (Bug)	Rerunning previously failed tests should rerun only failed tests
IDEA-92283 (Exception)	Exception because of SmartList in ContainerUtil#findAll()
Android	
IDEA-90358 (Feature)	Suggest to delete all variants of the resource image
IDEA-91370 (Usability Problem)	Useless informatin in 'Choose destination' popup for resources
IDEA-91611 (Usability Problem)	Add debug android process action into Tools	Android menu
IDEA-90182 (Bug)	Android Designer: wrong padding attributes
IDEA-92494 (Bug)	Setting View padding with resource selector appends "dp" at the end of the resource
IDEA-89805 (Bug)	New project dialog won't open if Android SDK manager throws an exceptin
IDEA-91461 (Bug)	Double clicking a running device doesn't select it if "Launch emulator is selected
IDEA-92171 (Bug)	External compiler handles 9patch wrongly
IDEA-91630 (Bug)	Android facet configured to use gen/ instead of target/generated-sources/ on import
IDEA-88322 (Bug)	Cannot resolve symbol string (in R.string.* reference)
IDEA-91240 (Bug)	Huge CPU usage

IDEA-89624 (Bug)	Android: Filtering by ASSERT log level does not work
IDEA-90719 (Bug)	IDEA builds broken APK
IDEA-91232 (Bug)	Attempting to go to declaration over an android style does not work with the include directive
Code Analysis. Inspection	
IDEA-84938 (Feature)	Add option "Ignore in then branch of 'if' statement with 'else' branch" to Inspection "Unnecessary 'continue' statement"
IDEA-85748 (Feature)	Auto-fix for Inspection "Static import" should add an import for the class with the imported member.
IDEA-92158 (Feature)	Add inspection to report 'Arrays.asList' calls with one argument
IDEA-91706 (Usability Problem)	'Serializable/Deserializable class in secure context' shall have an option to ignore throwble classes
IDEA-92306 (Bug)	Wrong fix for "Double negation" warning
IDEA-91977 (Bug)	Spellchecking not working for commit message
IDEA-91944 (Bug)	Design for extension inspection shall ignore enum methods
IDEA-92524 (Bug)	junit: 'replace with assertArrayEquals()' QuickFix breaks code
IDEA-92599 (Bug)	JDK 1.8: "Unnecessarily qualified static access" inspection should not report method references
IDEA-85747 (Bug)	Auto-fix for Inspection "Static import" produced broken code.
IDEA-92335 (Bug)	try-with-resource affects the inspection analyzer.
Code Formatting and Code Style	
IDEA-92212 (Bug)	SQL Code Formatting Ruins the Source Formatting on Paste
Code Navigation	
IDEA-90790 (Bug)	Unable to select multiple bookmarks for deletion
Compiling Project	
IDEA-91705 (Bug)	Maven dependencies with classifier="tests" and scope="compile" is not resolved when "use external build" is enabled
IDEA-89039 (Bug)	External compiles doesn't see classes from test-jar (which comes from oter maven module)
Console	
IDEA-91374 (Bug)	IDE interprets incorrectly the link to codeline in a class which name contains a dollar sign
Database	
IDEA-92251 (Bug)	PyCharm doesn't correctly visualize SQLite database with multiple primary keys in tables
Debugger	
IDEA-92190 (Bug)	Run/Debug configurations: 'Single instance' checkbox does nothing
Diff_Merge	
IDEA-77650 (Usability Problem)	Compare directory dialog doesn't store last path

IDEA-71207 (Bug)	Compare Directories failure on deleting compared files
Editor. Editing Text	
IDEA-76469 (Feature)	Regenerate the javadoc
IDEA-91980 (Usability Problem)	Optimize imports popup items order
IDEA-92081 (Bug)	Reformat causes syntax error when "Ensure margin not exceeded"
IDEA-92486 (Bug)	Typing in annotations is very slow
Flash_Flex	
IDEA-86630 (Feature)	Need support for custom command line to iOS packaging step.
IDEA-92414 (Bug)	Regression: starting Flash run configuration opens app in new browser window if 'Launch with: browser' selected. Must open in new tab of existing window.
IDEA-82868 (Bug)	Error when creating AIR package on Java 7
IDEA-92213 (Bug)	Breakpoints in MXMLs with inline item renderers do not work in Flexmojos projects with SDK 4.6.b.23201
GUI Designer	
IDEA-34646 (Bug)	GUI Designer + CVS: annotate for form file causes exception only
Gradle	
IDEA-92234 (Bug)	Leaking alarm from Gradle
Grails	
IDEA-92148 (Usability Problem)	When developing a Grails plugin the plugin descriptor is not visible in Grails View
Groovy	
IDEA-84675 (Feature)	Intention to change access modifiers (private/protected/public) - Groovy
IDEA-91954 (Feature)	Color assignment for labels in Groovy code
IDEA-89690 (Feature)	add information where a method comes from in method code completion popup for groovy
IDEA-91839 (Feature)	Groovy: 'Remove unnecessary return' intention
IDEA-90066 (Feature)	When renaming static imported identifier, propose to rename the import
IDEA-89786 (Feature)	Groovy: "Copy String concatenation text to the clipboard" intention for groovy code
IDEA-92330 (Cosmetics)	@ should be highlighted for Groovy annotations
IDEA-92558 (Bug)	Groovy: incorrect "method may be static"
IDEA-87019 (Bug)	Incorrect assistance in groovy: Variable 'channel' might not be assigned
IDEA-92557 (Bug)	Groovy: create method quick fix should place new method below the current one, not above it
IDEA-78830 (Bug)	Convert between single-line and multi-line string intention
IDEA-64582 (Bug)	Groovy: Change Signature Refactoring -> Delegate via overloading method with different name results with infinite recursion
IDEA-80748 (Bug)	Groovy: Undo Introduce Constant to a non-existent class doesn't remove created class

IDEA-71638 (Bug)	Type inferrence loses methods of <? extends T> generic parameter
IDEA-91945 (Bug)	smart paste incorrectly adds imports for properties defined by getter
IDEA-91949 (Bug)	'Method can be static' incorrectly triggered when referring to this
IDEA-91377 (Bug)	False positive for find usages of Java methods in Groovy code
IDEA-73129 (Bug)	Incorrect type suggestion when introducing a Class parameter to a Groovy method
IDEA-73145 (Bug)	Groovy: Inline Refactoring: impossible to inline variable defined without def keyword or type
IDEA-92282 (Bug)	Wrong 'Not all execution paths return a value' when using an underscored field
IDEA-91844 (Bug)	Groovy: "Method may be static" inspection doesn't report methods which have references to static members from other classes
IDEA-86373 (Bug)	Incorrect warning about incompatable return type in groovy code.
IDEA-92448 (Bug)	Groovy: Incorrect stubs for float fields
IDEA-80664 (Bug)	Groovy: uppercase class fields are error-highlighted if they are accessed through a variable same named as a groovy file or package
IDEA-61374 (Bug)	Groovy: Extract Method Refactoring applied to block of code with "category" syntax drops "self" argument of category methods
IDEA-90084 (Bug)	Groovy: can not navigate to method injected with @Delegate annotation
IDEA-90089 (Bug)	Groovy: diamonds are not suggested in Smart Code Completion after "new" if declaration and assignment are split
Haxe	
IDEA-85094 (Feature)	Additional Haxe formatting options
IDEA-84717 (Feature)	Interface Variable support
IDEA-85398 (Bug)	Project structure dialog is modified right after opening
IDEA-84007 (Bug)	Class resolver finds classes that are not in the source folders
IDEA-85097 (Bug)	Haxe formatter bugs
IDEA-90387 (Bug)	multiple classes in one module with generic support
IDEA-88706 (Bug)	Compiler Conditionals Comments error
IDE Configuration	
IDEA-92275 (Feature)	Web Proxy: Auto-configuration URL
IDEA-92365 (Bug)	Live Templates UI Abbreviation and Description fields problem
IntelliLang	
IDEA-91855 (Bug)	Items marked as global are still in IntelliLang.xml
J2EE	
IDEA-92170 (Bug)	Good code is red: JPA @OrderBy
Java. Code Completion	
IDEA-92045 (Usability Problem)	Completion: 'addAll() is unexpectedly preferred to 'add()' for collections
IDEA-92139 (Bug)	Completion: Improve 'iter' live template processing
IDEA-91842 (Bug)	Type parameters are shown for field but not for method

Java. Error Highlighting	
IDEA-92598 (Bug)	JDK 1.8: good code is red in assignment where method of functional interface is parameterless, and method reference has vararg parameters
IDEA-91986 (Bug)	JDK 1.8: good code is red: Illegal forward reference
Java. Intention Actions	
IDEA-91938 (Feature)	Add intention action to generate createUI static method for java UI components
IDEA-92085 (Bug)	"Field can be converted to local variable" with lambdas produces non-compiling code
IDEA-92590 (Bug)	JDK 1.8: "Add static import" intention applied to a method reference results in invalid code
IDEA-91549 (Bug)	Problem with import of class
IDEA-91905 (Bug)	Remove unnecessary parentheses doesn't work on polyadic expressions
Java. Refactoring	
IDEA-91591 (Bug)	Undo In Place Rename deletes files sometimes
IDEA-90893 (Bug)	spring: rename corrupts code if caret at end of method reference in MethodInvokingFactoryBean
IDEA-92103 (Bug)	When I clone several files, internal references among classes should be re-resolved to copies
IDEA-90390 (Bug)	Inline variable performed incorrectly for return inside try
IDEA-92592 (Exception)	JDK 1.8: CCE at InlineMethodProcessor.inlineMethodCall() on attempt to inline a method reference
IDEA-91814 (Exception)	Throwable at PsiParameterListImpl.getParameterIndex() on Type Migration Refactoring applied to a lambda parameter's type
JavaScript	
IDEA-92024 (Bug)	JSDoc: Return variable types and empty return
IDEA-92370 (Bug)	incorrect underline reference
IDEA-88423 (Bug)	JsDoc: Refactor/Rename for interface should update name in @implements tag
SQL	
IDEA-92409 (Bug)	SQL: Oracle: varchar (string) statement in cursor ref clause
IDEA-92404 (Bug)	SQL: Oracle: having clause without group by is valid
IDEA-92398 (Bug)	SQL: Oracle: Merge: illegal parse errors
IDEA-92073 (Bug)	SQL: Throwable through PsiBuilderImpl.getTreeBuilt()
IDEA-88960 (Bug)	Data source DDL feature does not recognize create table statement if preceded by "IF NOT EXISTS"
Spring	
IDEA-52630 (Feature)	spring EL language should be injected into spring:eval/@expression
IDEA-92549 (Feature)	spring autowired: Add warning for static methods and fields with spring @Autowired annotation
IDEA-22335 (Usability Problem)	Spring: IDEA doesn't know about Spring-Security special URLs
IDEA-89104 (Bug)	Good code is red: "Could not autowire. No beans of 'PropertyResolver' type found."

IDEA-52594 (Bug)	Spring MVC: JSP->@ModelAttribute resolving calculates incorrect implicit names
IDEA-81372 (Bug)	Spring - mvc:resources location marked as invalid
IDEA-92008 (Bug)	Spring Integration: IDEA don't resolve inherited methods on i:transformer tag
IDEA-85030 (Bug)	spring mvc using SimpleUrlHandlerMapping, cannot resolve controller url in jsp
IDEA-70447 (Bug)	Spring: nested property placeholders are not resolved in some cases
IDEA-71536 (Bug)	Spring should consider autowiring of array
IDEA-67171 (Bug)	Spring MVC / Tiles view name inspection not finding views defined in /WEB-INF/views/**/views.xml
IDEA-92610 (Bug)	Spring Batch: POJO isn't recognized as a valid tasklet
IDEA-91858 (Bug)	spring: allow injection of Map into Properties
IDEA-90590 (Bug)	servletContext not recognized in Spring XML
IDEA-87046 (Bug)	Spring MVC: <mvc:resources> "location" allows multiple values
Task Management	
IDEA-68247 (Feature)	Mantis support
IDEA-54883 (Bug)	Alt-Shift-L -> opens 'Load Context' dialog, instead of '|' character
Template Languages. FreeMarker	
IDEA-91805 (Exception)	Stack overflow in macro resolve
User Interface	
IDEA-92207 (Feature)	Make it possible to focus QuickView, Diagrams, Show Implementations, etc popups called from lists, trees, etc
IDEA-92206 (Usability Problem)	Go To file popup: Ad hides the file's path
IDEA-91888 (Usability Problem)	Build: Ability to cancel a build process with a shortcut
IDEA-92196 (Usability Problem)	Event Log tool window shows indication of new message, but can't show the message before indexing completion
IDEA-91956 (Cosmetics)	Darcula on Mac: Password field has incorrect background
IDEA-92576 (Cosmetics)	"No registered file patters" typo in File Types
IDEA-89461 (Bug)	Open in browser: popup buttons are drawn with artifacts
Version Control	
IDEA-49623 (Usability Problem)	Map help button and F1 for the dialog "Differences viewer for files"
IDEA-49621 (Usability Problem)	Map help button and F1 for the UPdates tab of the Version control tool window to a proper page
IDEA-91293 (Bug)	"Version Control Update Project Info": Diff on updated file doesn't work anymore
IDEA-92422 (Bug)	Unable to Annotate non-ruby / js /etc files

Version Control. CVS	
IDEA-16311 (Usability Problem)	Misleading status message for CVS "Create Tag" command
IDEA-87584 (Usability Problem)	IntelliJ gives no warning when trying to add file to CVS Tag
IDEA-58957 (Bug)	Merges of files with comments containing ====== produces non compiling classes
IDEA-60969 (Bug)	Add Tag List To Commit Changes Screen
IDEA-67535 (Bug)	Cannot move CVS branch
Version Control. Git	
IDEA-91456 (Feature)	Allow creating gist from console output
IDEA-77851 (Feature)	Create gist with whole or multiple files
IDEA-90038 (Usability Problem)	Why GitHub plugin requires Tasks Management plugin?
IDEA-75354 (Usability Problem)	Better UI for creating anonymous Gists without logging to GitHub
IDEA-87530 (Usability Problem)	GitHub: use github credentials for Git repositories when performing remote operations with github remotes
IDEA-92072 (Usability Problem)	'Revert' and 'Branches' actions need "..." in the name (VCS popup)
IDEA-90370 (Usability Problem)	GitHub: When logging in for the first time "Change credentials" doesn't look appropriate
IDEA-91992 (Usability Problem)	Git "Comparing <branch> with <branch>" dialog should not be modal
IDEA-91993 (Usability Problem)	GitHub: show Master Password dialog after asking GitHub credentials for the first time on clone
IDEA-87656 (Performance Problem)	IDEA completely hangs up on the opening of the second project
IDEA-91595 (Bug)	Can't create patch in Changes view, Log tab
IDEA-66715 (Bug)	Move GitHub settings page to the orther VCSs
Version Control. Mercurial	
IDEA-65229 (Bug)	IntelliJ IDEA always prompts the user to add iml, ipr, and iws files when importing a maven project to version control even though .hgignore contains *.iws, *.ipr, and *.iml.
IDEA-90658 (Bug)	"Add files to Mercurial?" dialog when files are already in Mercurial
Version Control. Perforce	
IDEA-92595 (Usability Problem)	Perforce: Unclear enable login dialog
IDEA-92382 (Bug)	Perforce revert unchanged files is too slow
IDEA-92444 (Bug)	Delete does not work properly with Perforce
IDEA-92137 (Bug)	Ignore files and directories makes Perforce integration report missing files

IDEA-91900 (Bug)	P4 integration: cannot delete CL
Version Control. Subversion	
IDEA-92220 (Feature)	"Click to fix" link doesn't work if invalid SVN credentials was entered
IDEA-35623 (Usability Problem)	SVN: no progress indication on working copy upgrade
IDEA-22144 (Bug)	Cannot add a file with parent directory into Subversion
Web Services	
IDEA-91865 (Usability Problem)	Web Services: Axis2: correct live template for web service client
IDEA-92102 (Bug)	Web Services: CXF: correctly set @WebService#endpointInterface attribute for generated web service
IDEA-92020 (Bug)	JAXB/Generate XML Schema From Java Unsing JAXB: no methods are shown
IDEA-92052 (Bug)	WebServices: (Un)ExposeClassAsWebservice should correctly process read-only attribute
IDEA-92121 (Bug)	Web Services: CXF: JavaFromWSDL generating fails for wsdl file that imports another wsdl file
IDEA-92123 (Bug)	Web Services: on new webServerClient creating the entered wsdl url is accessed endlessly until you close the dialog
IDEA-91994 (Bug)	RESTful web services: Java From WADL causes error dialog
IDEA-91984 (Bug)	Web Services: Axis2: web service client generating with binding = JiBX is performed incorrectly
IDEA-90939 (Exception)	NPE at com.intellij.ws.utils.InvokeExternalCodeUtil$6.run
IDEA-91848 (Exception)	INRE at com.intellij.util.indexing.FileBasedIndexImpl.a
	Unknown
IDEA-91436 (Bug)	Error on git fetch command: The remote end hung up unexpectedly, RPC handler object "Git4ideaSSHHandler" not found
