IDEA X 103.39 Release Notes

No subsystem	
IDEA-64831 (Cosmetics)	A misprint in the Settings Panel
IDEA-64675 (Bug)	Add Framework - groovy - Can't add Framework - Ok Button isn't active
IDEA-64348 (Bug)	Avoid IJ hanging during browsing file system for project to open
IDEA-64687 (Bug)	Impossible to add an import statement when import section is collapsed
IDEA-64148 (Exception)	AssertionError at TimedComputable.dispose() on project closing
IDEA-64798 (Exception)	NPE at IdeDocumentHistory.getInstance() on clicking in Template text field of live template editor
JavaScript	
IDEA-61028 (Bug)	JavaScript: Bogus entries for @class / function
IDEA-64878 (Bug)	JavaScript Extract Variable / Method Broken
IDEA-58999 (Bug)	Inline variable for JS has false positive detection on blocking uses in closures
IDEA-58693 (Bug)	javascript: code completion suggests names of mxml-backed classes and inserts bogus imports
IDEA-53666 (Bug)	javascript: "Inline variable" refactoring doesn't work in injected JSP context
Version Control. Subversion	
IDEA-64843 (Bug)	Subversion + SSH: impossible to login
Platform/JavaScript	
WI-4946 (Usability Problem)	Implement an ability to define an object using JsDoc and @class
Editor. Editing Text	
IDEA-64501 (Bug)	Context menu keyboard button shows context menu, but focus is still in editor
Editor. Code Completion	
IDEA-64713 (Usability Problem)	Using a comma in code completion inserts a trailing space for method calls but not for variable names
IDEA-46360 (Bug)	Only annotations should be suggested after @ in the function parameters list
Flex Support	
IDEA-63446 (Feature)	validation and completion of itemCreationPolicy and itemDestructionPolicy attribute values
IDEA-64840 (Cosmetics)	trimmed type name in tooltip
IDEA-64800 (Bug)	flex: bad code green: return expression in constructor
IDEA-64806 (Bug)	flex: bad code green: accessor nested inside function
IDEA-64756 (Bug)	flex: "good" code red: trailing comma in generic list initializer expression
IDEA-64755 (Bug)	flex: bad code green: "dynamic interface"
IDEA-64773 (Bug)	actionscript3 - keyword --> with(){}

IDEA-64735 (Bug)	Introduce field "create in current method" deletes entire line instead of just the statement you wrap
IDEA-64681 (Bug)	Externally changed SWC dependency does not cause module recompilation if 'Export' is checked
Version Control. Mercurial	
IDEA-64779 (Bug)	Mercurial: after repository clone the default path is not written to .hg/hgrc
IDEA-64523 (Bug)	visible password in version control console
Platform/HTML	
WI-2485 (Bug)	Go to declaration from HTML to CSS class does not work in some cases
J2EE.Spring	
IDEA-64305 (Bug)	Spring + AOP: correctly treat pointcuts that matches method with multiple arguments not annotated with given annotation (!@SomeAnnotation)
IDEA-64306 (Bug)	Spring + AOP: methods with parameters of primitive types are not considered on matching pointcuts with parameters not annotated with specified annotation (!@SomeAnnotation)
Groovy/Grails	
IDEA-64759 (Bug)	Grails plugin window not setting proxy as it should
IDEA-64741 (Bug)	Elvis inspection bug
IDEA-63583 (Bug)	Grails: IDEA should work correctly if installed grails plugin duplecates in '%PROJECT_ROOT%/plugins' and '%HOME%/.grails/1.3.5/projects/reportProject/plugins/'
UML	
IDEA-64641 (Cosmetics)	Error icon for 'Show details' action on UML diff diagram
IDEA-64704 (Exception)	Exception when typing in class file with diagram open
PHP lang	
WI-4059 (Usability Problem)	PHP: code completion list contains superfluous empty entry for default namespace
WI-2652 (Bug)	namespace operator is not recognized inside namespace
WI-4963 (Bug)	Doc generation doesn't work at all when executing right under namespace declaration
WI-4913 (Bug)	$http_response_header shown as undefined
WI-4918 (Bug)	Major redraw issues with Run/Debug configuration screen
Android	
IDEA-64079 (Bug)	R.java is deleted when opening project
IDEA-64596 (Bug)	Cannot build project
PHP debug	
WI-1394 (Usability Problem)	Add 'show variables addresses' option to the watch window context menu
Code Coverage	
IDEA-64730 (Bug)	Code coverage: Emma: all lines are shown red (not-executed)

IDE Configuration	
IDEA-64551 (Bug)	Inspections UI is empty at first
