

Leda 122.694 Release Notes

No subsystem	
IDEA-93633 (Usability Problem)	Improper shortcut text under 1.7
IDEA-93822 (Usability Problem)	Database management: Can't add table to database if there are no other tables
IDEA-93912 (Usability Problem)	"Install plugin from disk" should use a native file chooser on Mac
IDEA-91157 (Performance Problem)	DOM (hence PSI) leaks through <code>org.intellij.plugins.relaxNG.model.resolve.DefinitionResolver#myDefines</code>
IDEA-93742 (Bug)	Create Project From Template: JavaModule: source root creation deselecting doesn't work
IDEA-93232 (Bug)	The notification balloon size should be correct always
IDEA-93793 (Bug)	groovy classes are generated with an unnecessary default constructor
IDEA-93711 (Bug)	Meta+, opens as many Pref dialogs as many times it was invoked
IDEA-93788 (Bug)	EDT violation
IDEA-93301 (Bug)	Verbose logging of designer specific messages
IDEA-93573 (Bug)	Darcula - event notifications black number
IDEA-93937 (Bug)	SQL Server Language Injection issue with table hints
IDEA-94010 (Bug)	External build: Eclipse integration: library files from eclipse workspace are not resolved
IDEA-93681 (Exception)	Throwable at <code>com.intellij.codeInsight.template.TemplateBuilderImpl.buildTemplate</code>
Android	
IDEA-93002 (Usability Problem)	Improve UI for specifying the options of new Android SDK
IDEA-93889 (Bug)	Android project with RenderScript doesn't compile
IDEA-83565 (Bug)	Logcat coloring bug
IDEA-93975 (Exception)	Android: NPE at <code>AndroidSdkConfigurableForm.<init>()</code> on New Project/Add Module
Code Analysis. Inspection	
IDEA-40195 (Feature)	'constant expression' and @NotNull
IDEA-16979 (Feature)	"Constant conditions and exceptions" should be aware of equals() semantics
IDEA-42270 (Bug)	Good code is yellow: null passed to a @NotNull annotated varargs parameter
IDEA-30498 (Bug)	Nullability not checked in initializer for static field
IDEA-81084 (Bug)	incorrect code analysis: "condition is always true"
IDEA-74934 (Bug)	"Constant conditions & exceptions": take type parameters into consideration
IDEA-82235 (Bug)	@NotNull inspection is not working inside a try-catch block
IDEA-93244 (Bug)	'Constant Conditions & Exceptions': false positive
IDEA-35789 (Bug)	@NotNull (constant condition) checking confused by irrelevant try...catch block
IDEA-47146 (Bug)	Catching NullPointerExceptions breaks @Nullable checks for the whole method
IDEA-42948 (Bug)	Idea fails to recognize "non-nullness" after unchecked cast

IDEA-82053 (Bug)	Highlighting return of null from @NotNull method behaves unpredictably with try/catch
IDEA-44118 (Bug)	Possible NPE from @Nullable isn't flagged in synchronized() statement
IDEA-92809 (Bug)	"Constant Conditions & Exceptions": infer not-nullability from constant.equals(var)
IDEA-57595 (Bug)	'Null is returned from method not declared as @Nullable' inspection should not be reported for Void methods
IDEA-85993 (Bug)	Nullable analysis works incorrectly with inner classes
IDEA-88777 (Bug)	equals() and == should be taken into account by nullability check
Code Formatting and Code Style	
IDEA-93345 (Bug)	Code formatting broke regex expressions in groovy code
IDEA-90553 (Bug)	Reformatting does not work for injected JSON
Compiling Project	
IDEA-93425 (Feature)	Support Eclipse project format for new make
IDEA-81955 (Bug)	Compile server: artifacts are not built
IDEA-93816 (Bug)	Exception in javac when compiling IntelliJ IDEA project using external build
IDEA-92270 (Bug)	Clean action does not make IDEA to re-compile artifact
IDEA-88716 (Bug)	New compiler mode no longer packages files on Make
IDEA-93026 (Bug)	External build: dependent artifact is not made incrementally
IDEA-93760 (Bug)	External build: incremental make does not pick up incompatible overriding method throwing checked exception
Database	
IDEA-93545 (Bug)	Database console: Copy Data as TSV inserts extra Tabs
IDEA-92805 (Bug)	CTRL+C on cell leads to HTML table in clipboard
Debugger	
IDEA-93546 (Usability Problem)	Ordering is bad in Exception breakpoints "Add" dialog
IDEA-93849 (Bug)	Exception breakpoints "Add" dialog: List only exception classes, remove duplicates
IDEA-92542 (Bug)	Watch values shown incorrect in EAP
Diff_Merge	
IDEA-61492 (Feature)	Diff window: add a persistent "Use Soft Wraps" toggle option to the toolbar
Editor. Editing Text	
IDEA-93714 (Feature)	Customizable date format in live templates date() macro
IDEA-93619 (Usability Problem)	Paste history window never remembers the list-content separator.
IDEA-81976 (Bug)	Css: Return ability to use soft wraps at css files
IDEA-93879 (Bug)	Clear Read-Only status dialog should appear on attempt to edit the readonly file
IDEA-93496 (Bug)	"Strip trailing spaces on save" modifies all lines when "Modified lines" is selected
IDEA-86820 (Bug)	Toggle Sticky Selection does not allow cut, only copy

File System	
IDEA-93719 (Bug)	Module structure won't load
Grails	
IDEA-92751 (Bug)	Grails project should be compilable by external make
Groovy	
IDEA-92991 (Feature)	'Join lines' should bind variable and initializer in Groovy
IDEA-93503 (Usability Problem)	Groovy: please don't highlight "method may be static" if there are resolve errors in the method body
IDEA-93676 (Bug)	Convert to Java: tuple declarations aren't translated
IDEA-93715 (Bug)	Groovy: don't complete 'for' in expressions
IDEA-93854 (Bug)	Groovy: imports disappear unexpectedly
IDEA-93677 (Bug)	Convert to Java: erase generics in array initializer
IDEA-93472 (Bug)	Good code red, assert message in groovy
IDEA-93355 (Bug)	Incorrect 'inner class cannot have static declarations'
IDE Configuration	
IDEA-89778 (Feature)	Search live templates
IDEA-52046 (Feature)	run/debug menu folder structure
IDEA-92569 (Bug)	Deadlock
IDEA-84180 (Bug)	Path in Java Compiler params doesn't get replaced with path variable
Java. Code Completion	
IDEA-84963 (Feature)	Disprefer annotations in autocomplete at places where they cannot be used
IDEA-93553 (Bug)	Completion: multiple Loading... nodes in completion list
Java. Error Highlighting	
IDEA-58158 (Bug)	Bad code not marked red: Annotation: Parameter references field
IDEA-93672 (Bug)	Regression: java good code red
IDEA-42890 (Bug)	Might not null incorrectly reported.
IDEA-90802 (Bug)	code compiles, but error is shown
IDEA-54770 (Bug)	IDEA reporting false potential NullPointerException
Java. Intention Actions	
IDEA-93589 (Bug)	Variables with the same names in nested anonymous classes prevent a safe conversion to lambdas.
IDEA-93588 (Bug)	Completely inappropriate suggestion to replace a complex anonymous class with Iterator::new;
IDEA-93697 (Bug)	Anonymous class to method reference refactor causes immediate evaluation.

Java. Refactoring	
IDEA-93741 (Bug)	Move static member does not update static imports
IDEA-94006 (Bug)	'Copy class' refactoring available for .class files
IDEA-93473 (Bug)	Replace anonymous class with method reference leaves a dangling undeclared local variable.
IDEA-93989 (Bug)	Automatic getter/setter rename is not propagated to subclasses
IDEA-93582 (Bug)	Moving more than one static method at a time leaves broken calls between them.
JavaScript	
IDEA-89279 (Usability Problem)	Middle Matching Disrupts My Workflow
Maven	
IDEA-93160 (Bug)	Excluded folders gets reset once maven refresh is done
Project Configuration	
IDEA-93744 (Bug)	Create Project From Template: Simple WEB: artifact should be pre-configured
IDEA-92944 (Exception)	Create new project/Create from Template: NPE at WebModuleGenerationStep.updateDataModel() on attempt to create a Web module
SQL	
IDEA-93730 (Bug)	Unnamed parameters in postgres queries are marked as invalid by SQL inspection
Spring	
IDEA-93738 (Feature)	Spring MVC: @RequestMapping: uri templates containing regular expressions are not resolved to corresponding path variables
IDEA-93876 (Feature)	Spring MVC: consider @SessionAttributes value in refactoring
IDEA-93886 (Feature)	Spring MVC: check that @InitBinder methods return void
IDEA-93757 (Feature)	Spring MVC: provide regex language injection for @RequestMapping
IDEA-93731 (Bug)	Spring MVC: "Create PathVariable " intention doesn't work with templates containing Regular Expressions
IDEA-93870 (Bug)	Spring Security: JSP/EL resolve predefined SPRING_SECURITY_LAST_EXCEPTION, SPRING_SECURITY_LAST_USERNAME
IDEA-93829 (Bug)	Spring MVC: model attributes populated using @ModelAttribute-annotated methods should be recognized
IDEA-93679 (Bug)	Spring MVC: in some cases @PathVariable-annotated parameter is not updated on variable rename if annotation doesn't provide value
IDEA-93754 (Bug)	Spring MVC: can't invoke refactor/Rename for @ModelAttribute value
Template Languages. Velocity	
IDEA-93928 (Bug)	VelocityDoc (and Quick Help) works for Macros but not for Variables
User Interface	
IDEA-93625 (Usability Problem)	Copy reference is missing from file tab context menu

IDEA-93528 (Cosmetics)	Darcula L&F: 'Lock' and 'Gector' status bar icons are hardly visible when disabled
IDEA-93535 (Bug)	In Console Colors settings some options are inverted
IDEA-93778 (Bug)	Middle matching in goto file problems
Version Control	
IDEA-93433 (Usability Problem)	Improve displays of multi-line commit messages in Changes Window
IDEA-56110 (Bug)	"Apply patch" applies changes to the wrong file.
IDEA-53865 (Bug)	"Failed to apply patch for file ...: couldn't find context" (wrong base directory guess case)
IDEA-91845 (Bug)	Unshelve changes dialog: Wrong description opens on pressing help button
Version Control. Git	
IDEA-90149 (Cosmetics)	When reverting a file with only line separator changes reported, title 'Nothing to Commit' in 'No changes detected' info message
IDEA-91436 (Bug)	Error on git fetch command: The remote end hung up unexpectedly, RPC handler object "Git4ideaSSHHandler" not found
IDEA-85948 (Bug)	Git: error on commit: can't remove already removed file
IDEA-93848 (Bug)	GitHub Open in Browser doesn't work for files in multi-repository projects.
IDEA-93931 (Bug)	Git log: filter commits by date
IDEA-93806 (Exception)	Git Integration problem when rebasing from detached head
Version Control. Mercurial	
IDEA-93196 (Bug)	Mercurial: Repository View: Copy doesn't copy revision number
Version Control. Subversion	
IDEA-60323 (Feature)	Support editing subversion commit messages
IDEA-93538 (Usability Problem)	SVN "Lock": Fail error message is (almost) invisible
IDEA-93740 (Bug)	Deadlock
IDEA-93750 (Bug)	svn history does not update
XML	
IDEA-91514 (Performance Problem)	Idea freezes due to high CPU usage when pasting XML file (one long line)
XSLT	
IDEA-73088 (Bug)	XSL: Extract Template not working if first line is a comment
