

WebStorm 202.6250.10 Release Notes

No subsystem	Bug	WEB-46053	Webp images aren't rendered in quick doc
Debugger	Feature	WEB-44816	Start debugging from run tool window
	Bug	WEB-43011	Evaluate in Console action called from the editor doesn't switch focus to console
	Bug	WEB-45431	Stops on invisible breakpoints
JavaScript	Bug	WEB-46300	JS: infinite loop in JSTypeSerializer leading to OOM
	Bug	WEB-45755	Find usages with ctrl+click or ctrl+B suddenly stopped working
JavaScript. Frameworks	Feature	WEB-46314	Nuxt.js: ask user to install @nuxt/types dependency for CodeInsight features
	Feature	WEB-32614	Nuxt.js: support webpack module resolution
	Feature	WEB-46169	Nuxt.js: support completion in nuxt.config.js file
	Feature	WEB-46173	Nuxt.js: provide resource resolution root for `static`
	Feature	WEB-46171	Nuxt.js: Index TS typings from @nuxt/* packages
	Bug	WEB-45901	WebP items are duplicated in completion suggestions in .vue files
Linters	Bug	WEB-42903	ESLint linter not detecting plugins (cli runs fine)
	Bug	WEB-44936	ESLint: wrong working directory is used in lerna monorepo
	Bug	WEB-42999	ESLint: webstorm chooses wrong working directory in lerna project
	Bug	WEB-43462	Prompts to install ESLint in subpackage when using automatic configuration in monorepo
	Bug	WEB-44133	Creating react app as subproject breaks Webstorm linter with message: 'Cannot find module 'eslint-plugin-flowtype''
	Cosmetics	WEB-46289	Wrong ESLint config file name in Help popup
Node.js	Bug	WEB-43707	Package names in "External libraries" are incomplete with Yarn 2 PnP
TypeScript	Feature	WEB-46324	Angular 10 cli: do not show "experimentalDecorators" error for files are are not referenced from "main.ts"
	Bug	WEB-46221	Angular: @nativescript/angular is not indexed
	Bug	WEB-46206	Code analysis works partly
	Bug	WEB-45428	No type narrowing with 'instanceof' generic class
Code Analysis. Language Injection	Bug	IDEA-241908	Injected language fragments are not highlighted in 2020.2
Code Analysis. Structural Search	Bug	IDEA-243739	Comments containing variables don't match all comments types
Core	Bug	IDEA-244768	"Plugin is not unload-safe because of unresolved EP" reported when a plugin has optional descriptor defining an EP and its extensions
Core. Indexing	Bug	IDEA-243768	JDK shared index can be downloaded on project creation
	Performance	IDEA-238706	Accessing index during PSI events
Core. Licensing	Bug	IDEA-244456	Wrong product name in the license expiration notification for paid plugins
Core. Navigation and Search	Bug	IDEA-243804	Retrofit/okHttp: can't select url path segment, whole url selected instead
Core. Run. Configurations	Feature	IDEA-245132	New Java Application run configuration UI module selector should support text search

	Bug	IDEA-244890	[new run config UI] Build task in before launch is always shown at the end of the list
	Bug	IDEA-238305	Run configuration templates keep references to classes of unloaded plugin
Editor	Bug	IDEA-241911	Highlight Usages in File doesn't show markers on scroll area anymore
	Bug	IDEA-243837	IDE doesn't apply font changes without file reopening for exclude/included files

Editor. Editing Text	Usability	IDEA-244895	Add closing curly bracket when introduce local interface or enum
Lang. RegExp	Bug	IDEA-242520	Replace redundant character class with contents, quick fix
Tools. Docker	Bug	IDEA-244593	Wrong dependency configuration of intellij.clouds.docker.agent.impl.rt in idea ultimate project
	Bug	IDEA-243048	Cant start docker containers from docker-compose file
	Bug	IDEA-245144	Selenium: Create a new selenium run config with a not existing name
	Usability	IDEA-245206	Docker: Unclear exception message in case of stopped Docker service
Tools. HTTP Client	Bug	IDEA-244655	HttpClient: PUT converted to POST on paste from cURL
Tools. Terminal	Feature	IDEA-243838	Smart command handling: start debugging a command with Ctrl-Alt-Enter
	Bug	IDEA-230084	In Idea's terminal on Linux, shortcuts Ctrl-C and Ctrl-Shift-C are swapped
	Bug	IDEA-241445	Smart commands execution message is printed on every keystroke
	Bug	IDEA-243745	Terminal: smart command handling: open... smart command should ignore the tab space
	Bug	IDEA-244159	Smart command handling in Terminal: Gradle: highlighting
	Usability	IDEA-244778	Consider renaming 'Smart Command Handling' to 'Run Commands using IDE'
	Usability	IDEA-244338	Smart command handling: text in tooltip is incorrect for Windows and Linux
	Usability	IDEA-242835	Smart Commands execution: misleading shortcut for MacOS
User Interface	Bug	IDEA-235925	Show file name and product name in Light Edit mode on Windows
	Bug	IDEA-244808	Productivity Guide is shown small
	Bug	IDEA-244323	NPE when opening some menu groups
	Usability	IDEA-219394	"Hide tabs if there is no space" should be inactive for vertical tabs placement
User Interface. Accessibility	Bug	IDEA-244335	On the tab "modules" not signed fields and combo boxes
	Bug	IDEA-243240	Path field not signed on SDKs page
	Bug	IDEA-243237	In the project structure settings on the project page, the settings are not associated with labels
	Bug	IDEA-243239	On the tab "artifacts" not signed fields and combined lists
User Interface. Embedded Browser (JCEF)	Bug	IDEA-245254	If JavaFX is a default Preview Browser, on update there is an exception and editor is broken
	Bug	IDEA-241019	Progress window is shown under the Markdown preview
User Interface. Find, Replace, Usages	Bug	IDEA-241447	Switching search to regex disables "whole words" option, but it stays in effect
	Bug	IDEA-227412	Function "Navigate -> File" does not show folder path in status bar while it shows for files
	Usability	IDEA-235288	Cannot get "Regular expressions syntax" popup from the new find popup UI
User Interface. Graphics	Bug	IDEA-241878	Large disabled icons

User Interface. Look and Feel	Bug	IDEA-212530	Idea startup/welcome screen of Idea CE doesn't show project icons in Darcula mode
	Cosmetics	IDEA-244738	Darcula theme not correctly applied to "Check for Updates" dialog
User Interface. Navigation	Bug	IDEA-229734	Can't navigate to second split window after upgrade to IDEA 2019.3.1
	Bug	IDEA-243681	Exception on attempt to open Switcher if one file is opened in splitted tabs
	Performance	IDEA-243754	Memory leak: GotoClassModel2
User Interface. Project View	Feature	IDEA-244648	"Always select open file": center file in project tree vertically
	Bug	IDEA-245149	IDEA doesn't create record file when paste definition in Project view
	Performance	IDEA-245093	IntelliJ freezes in com.intellij.ide.todo.TODOTreeBuilder\$MyPsiTreeChangeListener.beforeChildRemo
Version Control	Bug	IDEA-243552	SVN (possibly other VCS?) plugin never updates internal cache of changes - UI always reports outdated files
Version Control. Git	Bug	IDEA-243634	New Pull dialog: conflict resolver doesn't appear after pull with --rebase option fr branch with conflicts
Version Control. GitHub	Feature	IDEA-202815	When authenticating to Github.com, use Login to GitHub dialog directly
Version Control. Log	Bug	IDEA-238289	Popup shown from toolbar contiuation is not usable
	Performance	IDEA-241581	Sometimes opening File History tab causes multiple freezes inside RootCellRenderer.getTableCellRendererComponent
