

PyCharm EAP 183.4284.35 Release Notes

Console	Bug	PY-32147	Console freeze on closing: PythonConsoleClientUtil\$synchronizedPythonConsoleClient\$proxy\$1.invoke
	Bug	PY-32247	Hitting `Ctrl + C` in the Python Console waiting for input freezes PyCharm
Debugger	Exception	PY-32522	Make pretty error notification on inability to connect to Docker debugger script
Docker	Bug	PY-29368	Cannot add PYTHON SDK when DOCKER INTEGRATION plugin is installed
	Bug	PY-31131	Debugging Compose services with long-lasting endpoint fails by timeout
Editing	Feature	PY-6027	Support of multiline TODOs in Python
Inspections	Bug	PY-29763	False positive raise with no arguments within except block inside finally block
	Bug	PY-32364	The inspection "No encoding specified for file" doesn't check if the interpreter is using Python 3
Packaging	Feature	PY-31244	PEP 561: Suggest install stub only package for installing runtime package
Skeletons	Bug	PY-27195	Pycharm fails to generate tensorflow skeletons
Test Runner	Bug	PY-31827	Keyerror in unittestpy.py
	Bug	PY-32431	pytest runner cannot re-run failed tests if test method is in superclass
Docker	Bug	IDEA-201513	Docker-compose: call `restart` instead of `up` when already running service is relaunched from the gutter
Editor. Editing Text	Bug	IDEA-201625	Text jitter in editor when tabs are used for indentation (on a fractional-scale monitor on Windows)
File System	Performance	IDEA-201455	Less calls to File.isDirectory in CoreLocalVirtualFile
Packaging and Installation	Bug	IDEA-201292	Several installations of one version IDE: Problems with Uninstall in Users folders
Plugin Development	Task	IDEA-201464	Properly attribute exceptions happened during instantiation of plugin components to corresponding plugins
Terminal	Feature	IDEA-191464	Add environment variable to terminal detect if running in IntelliJ IDEs
	Bug	IDEA-201601	Sometimes terminal shows broken prompt on IDE startup
User Interface	Bug	IDEA-201446	NullPointerException during using 'FindUsages'
User Interface. Accessibility	Bug	IDEA-201843	NavBar popups are closed on up/down/speed search
	Bug	IDEA-182960	Screen Reader Accessibility: Autocomplete
	Bug	IDEA-201167	File tree in Commit dialog and Revert changes are not accessible for Jaws
User Interface. Controls	Bug	IDEA-196606	Floating toolwindows can't be moved
Version Control. Git	Usability	IDEA-190367	Shortcut for git branch by default
Version Control. Log	Bug	IDEA-198803	VCS log shows garbage in "author" field, looks like a corrupted index
	Cosmetics	IDEA-195976	Fix progress bar in VCS Log in darcula
DB Introspection	Feature	DBE-7198	DataGrip Should Provide Pattern to functionNamePattern in DatabaseMetaData.getFunctions() call.
IDE General	Cosmetics	DBE-4250	Inconsistent Invalidate Cache / Restart location
CSS	Bug	WEB-35555	Some CSS pseudo-selectors are highlighted red in the editor
	Bug	WEB-27101	::slotted(*) css pseudo-element is highlighted red
Debugger	Bug	WEB-34605	Debugger stops on EVERY same-named source file while debugging Node JS remotely using "Attach to Node.js/chrome"

	Bug	WEB-35530	React Native build doesn't start with 'react-native' package
JSON	Feature	WEB-35463	Add a checkbox to prefer remote JSON schemas over bundled schemas
JavaScript	Feature	WEB-35564	Flow: better support for function generics
	Bug	WEB-35565	Code completion not working until type definition file is touched
	Bug	WEB-35550	Wrong links to MDN in documentation popup for React APIs
	Bug	WEB-32337	Resolve for property assigned in other scope
	Bug	WEB-28566	Erroneous "missing import" statement for Flow type
	Performance	WEB-30360	Code Analysis, Strange Lagging Bug
	Task	WEB-35079	Infer primitive type facts from initializer for javascript
	Exception	WEB-35658	IllegalArgumentException: Argument for @NotNull parameter 'element'
JavaScript. Frameworks	Feature	WEB-26862	Add single step import for ES6 and TypeScript scripts in .vue files
	Feature	WEB-32334	Vuex. Code completion is missing for store actions/states/mutations/getters
	Usability	WEB-35481	Disable "Missing React import with JSX" inspection for .vue files
JavaScript. Inspections	Feature	WEB-25768	support vuex mapGetters helper
	Bug	WEB-35526	Typescript - wrong "remove unnecessary parentheses" warning
	Bug	WEB-35461	Inspections: "Missing required 'alt' attribute" gives false positive in the Vue.js files
JavaScript. Refactoring	Bug	WEB-35543	Decorators changes their order after refactoring its method
Node.js	Bug	WEB-35594	Can't enable Code assistance for Node.js if there mappings for 127.0.0.1 in /etc/hosts
	Performance	WEB-34416	Do not index symlinks inside node_modules targeting files inside project
	Usability	WEB-35568	WSL: ExecutionException when try to debug with incorrect interpreter
TypeScript	Feature	WEB-35377	Support non-unit types in union discriminants (TS 3.2)
	Bug	WEB-35523	Cannot generate props when contextually typed by an object literal.
	Bug	WEB-29799	tsconfig.json paths don't work with Vue .vue single file components
	Bug	WEB-35505	Typescript "arrow to named function" prepend "public" modifier inside module
	Bug	WEB-35551	Imports are marked as error when overriding baseUrl in child config
	Bug	WEB-35549	Typescript formatter fails on object construction with cast
	Exception	WEB-35567	Exception while disposing TypeScript service
Unit Tests	Bug	WEB-35553	Jest RC: set working directory to the closest directory with jest.config.js or package.json
